.

As a means of building up the constitution that Thes been broken down by the excessive use of Mer-cury, Irov, or other Minerals, our Sarsaparilla will be found excellent, and can be administered with stery to the weakest patients. As a purifier of the blood and humors in the Spring and early Summer, It will be found unfailing. It can be taken freely at all seasons, rainy or dry. For some of the above diseases the use of the Sarsaparilla must be continued Sconsiderable time, especially for those that are bereditary or constitutional in their nature-such as Bcrofuls; but a faithful compliance with the direc-"lions will always relieve and mitigate, and in a great majority of cases will effect a complete cure. It will - also be found, in all of the above diseases, that a secure will be greatly hastened by using our Bristol's Sugar-costed Pills, in moderate doses, in connection with the Sariaparilla; they carry off large quantities of morbific or diseased , matter set free in thesystem y the Saraaparilla, and in this way facilitate the re.. arn of normal functional operations. For sale at all the principal Drug Stores, April 16, 1869.

AND A LIST OF THE A R C H B I S H O P S I S H O P S , AND	and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutri- tise principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR D E E SSING. It is the cheapest preparation ever offered to the pub- lic, as one bottle will accomplish more and last longer than three bottles of any other preparation. It is recommended and used by the First Medical Authority. The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture pre- parations for the Hair, under va- rious names; and, in order to in- duce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former part- ners, or had some connection with our Mr. Hall, and their prepara- tion was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

serves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity. " They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derange-uents as are the first origin of discase. Minute directions are given in the wrapper on the box, for the following complaints, which these PHIs rapidly cure:— For **Hyspepsia or Indigestion, Listless-ness, Languor and Loss of Appetite**, they should be taken moderately to stimulate the stom-ach and restore its healthy tone and action. For **Liver Complaint** and its various symp-toms, **Bilious Headache**, **Sick Headache**, **Jaundice or Green Sickness**, **Milious Colic** and **Bilious Fevers**, they should be ju-diciously taken for each case, to correct the diseased action or remove the obstructions which cause it. For **Dysentery or Diarrhoes**, but one mild dose is generally required. For **Baysentery or Diarrhoes**, but one mild

action or remove the obstructions which cause it. For Dysentery or Diarrhoea, but one mild dose is generally required. For Eheumatiam, Gout, Gravel, Palpi-tation of the Heart, Palm in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear. For Dropay and Dropsical Swellings they should be taken in large and frequent doses to pro-duce the effect of a drastic purge. For Suppression a large dose should be taken as it produces the desired effect by sympathy. I As a Dinner Pill, take one or two Pills to pro-mote digestion and relieve the stomach. An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and infigorates the system. Hence it is often ad-vantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the diges-tive apparatus. There are mimerous cases where a purgative is required, which we cannot enumer-ate here, but they suggest themselves to everyboly, and where the virtues of this Pill are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Discases of the Throat and Lungs, such as Coughs, Colds, Wheoping Cough, Bronchitis, Asthma, and Consumption.

Longs, Broncentry, Analy, and Consumption. Trobably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estima-tion, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a re-liable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dan-gerous affections of the throat and lungs. As a pro-vision against sudden attacks of *Crowp*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and conghe, all should be provided with this antidote for them. Although settled *Consumption* is thought in-curable, still great numbers of cases where the dis-case seemed settled, how been completely enred, and the patient restored to sound health by the *Overry Peetoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When noth-up also the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When noth-up also the subject and disappear. *Singers and Public Speakers* find great pro-tored they subside and disappear.

Singers and Public Speakers and great pro-tection from it. Asthma is always relieved and often wholly enred by it. Brouchitls is generally cured by taking the Cherry Pectoral in small and frequent doses. So generally are its virtues known that it is un-necessary to jublish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Prepared by

Ċ2 DR. J. C. AYER & CO., LOWELL, MASS.

These Pills have justly acquit ed reputation for their wonderful cures of severe cases of sickness - cases in which all other Medicihes had failed, and which had been given up by the Physicians as beyond help-euch as confirmed and long-standing Liver Complaints, obstinate cases of Piles, Dropsy, &c., &c. But while admitting their wonderful curative powers in lifficult cases, we wish to call attention to their great value in the every-day diseases of life, such as Cos iveness, for which they are a perfect specific ; Headache, relieved and cured by one dose; Indigestion always removed by them, and the stomach loned and strengthned se to prevent a return. Bid Breath cannot exist when the stomach is cleaneed by.

BRISTOL'S SUGAR-COATED PILLS.

PURELY VEGETABLE

For Less of Appetite they are the only sure remedy as they never fail in carrying off the depraved bilious secretions that float in the stom "ch and destroy the bealthy natural craving for food. Sour Stomech, Heariburn, Flatulency, and all Derangements of the Digestive and Excretory Organs, are promptly re-lieved and cured by them. The public should always bear in mind that Bristol's are the only Pills made of

POLOPHYLLIN AND LEPTANDRIN,

the only vegetable substances yet discovered that are really

ANTIBILIOUS,

to the presence of which involuable residoids the extraordinary success of Bristol's Pills may in a great measure he ascribed. It is necessary, bowever, that the sick should always remember that in all diseases that have their origin in the blood,

BRISTOL'S BARSAPARILLA,

that best of blood purifiers, should be used with the Pills, the two Medicines being propared expressly to act in barmony together. When this is done faithfully. we have no hesitation in saying that great re-lief, and in most cases, a cure, can be gparanteed, when the patient is not already beyond human help. For general directions and table of doses, see the wrapper, and each phial of Pills; but as different constitutions require different doses to produce the same effect, it is better that each person ascertain, by trial, the dose that spits their system, and take that ose, instead of following any general rule. For Sale at all the principal Drug Stores. April 30 3m,
