

The New Brunswick Magazine, A Monthly Publication.

With the February number, the commencement of Volume Five, THE NEW BRUNSWICK MAGAZINE has been enlarged in size to give space necessary for the discussion of a sufficient variety of topics to interest all classes.

This NEW BRUNSWICK MAGAZINE will be all that its name implies—a magazine devoted to the interests of the Province of New Brunswick. In its pages, topics of general interest affecting the welfare of the people of the Province and the Provinces of Nova Scotia and Prince Edward Island will be fairly and freely discussed. The services of Writers best qualified to deal with problems that are to be solved by those who live in these Provinces by the sea have been obtained and it is the purpose of the Editor to make each issue more interesting than its predecessor. To do this there will be additions to the number of pages from time to time, until the the full number of 96 pages monthly is reached.

Many of the articles in course of preparation, and which are to appear in future numbers will be illustrated and new features will be added month by month to make the MAGAZINE complete.
