### PRAYERS.

Mr. Lessard (LaSalle), from the Standing Committee on Transport and Communications, presented the Twelfth Report of the said Committee, which is as follows:

Pursuant to its Order of Reference of Thursday, November 20, 1969, your Committee considered the subject-matter of ground transportation at airports in Canada.

Your Committee held public hearings in the Cities of Montreal and Toronto.

During the 5 sittings held in the City of Montreal on December 16, 17 and 18, 1969, your Committee heard 21 witnesses.

During the 6 sittings held in the City of Toronto on February 10, 11 and 12, 1970, your Committee heard 25 witnesses.

Your Committee advertised in leading newspapers in cities where other international airports are operated by the Department of Transport, to inform the public that the Committee had begun consideration of the subject-matter of ground transportation at airports in Canada.

The notices also invited those who wished to be heard and/or present a brief to the Committee on the subject of ground transportation at their respective airports to make such request in writing to the Clerk of the Committee.

The reaction was such that the Committee, on Thursday, March 5, 1970, tabled a Report in the House seeking that its Order of Reference be enlarged by authorizing it to adjourn from place to place within Canada for the purpose of pursuing its consideration of the subject-matter of ground transportation at airports in Canada.
