TWO MEN KILLED BY TRAINS; AGEY WOMAN FATAFY BURNED AND MANY MINOR ACCIDENTS

Fred Penny and George Dalby Run Over in Ward Seven—Mrs. Mary McKerragher Died From Burns—Leslie Eissing May Die From Internal Injuries.

Ward seven was the scene of two fatal railway accidents yesterday within ten hours of each other, the victims being two well-known residents. Fred Penny, night yardmaster of the new C.P.R. yards in West Toronto, near Lambton, and George Dalby, a young teamster living on Weston road, near Keele street, were killed.

Shortly after 6 o'clock last night, Fred Penny was standing on the tracks, repairing the air tube coupler of a box car in the yards. As he worked he was unconscious of the approach of another car which had been shunted to that track for connection, and was bearing down behind him. Too late he saw it, and before he could move the oncoming car had struck him, pinning him to the other and crushing out his life.

The yard crew immediately summoned Dr. G. W. Clandenan of Dundas street, and Speers' motor ambulance, but life was extinct long before the arrival of either.

County Constable Bolton took charge of the body, and an inquest was opened and adjourned in Speers' undertaking parlors last night by Coroner C. H. Gilmour.

The late Mr. Penny, who lived at 21 Osler avenue, was a resident of West Toronto only two years, but during that time he made many friends, especially among the railway employees at the yards. He resided formerly in Allandale, where he was very well known. He was a member of the Ontario Railway Conductors' Association, being for many years a conductor on the C. P. R. and a member of the I. O. O. F. and of the Chosen Friends lodges of Allandale. He is survived by a widow and large grown-up family.

The other fatality occurred about 11.15 yesterday morning. George Dalby, a teamster, 19 years of age, who lives with his parents, Mr. and Mrs. James Dalby, on Weston road, near Keele street, left home shortly before eleven o'clock to post a letter at the nearest post box within the limits. On his return he stood for a few minutes at the crossing of the C. P. R. and Keele street, watching a heavy freight train ascending the grade. As he stood it is thought he was startled by the whistle of an engine behind him and he jumped forward directly in front of the east-bound G. T. R. passenger train. Brakes were applied and the train stopped within 15 yards of the rails, but the young fellow was struck by the tender of the locomotive and carried across the tracks to the fence at the side, a distance of 15 yards. He was picked up unconscious and Dr. Irwin of Weston, who was a passenger on the train after a hasty examination ordered Speers' motor ambulance and rushed with him to the hospital, the nearest hospital, and a distance of nearly four miles. Record time was made by the ambulance. The unfortunate young man's condition was serious when they reached the Western, and in at some of the efforts of the surgeons, he expired a few minutes after his arrival.

Dalby was very well known in ward seven and was a member of a large

More Hindus Arrive

VICTORIA, B.C., Nov. 27.—(Can. Press)—After having completed the examination of a contingent of 56 Hindus intended for a great immigration problem, the officials of the Victoria Detention Corps are now ready to face with another similar task.

When the liner Chicago Maru berthed from the Orient today, there were 20 natives of the Indian Empire aboard. They were permitted to disembark and escorted to the detention buildings.

McFarlane, Conservative, Elected by 293, Cut in Majority Being Due to Local School Wrangle in Missouri—Heavy Vote Climax of Warm Fight.

LONDON, Nov. 27.—(Can. Press)—John McFarlane of Missouri today defeated John W. Aldrich, Liberal-Labor candidate for the legislature by a majority of 293. The vote was a large one, totaling 87,400. Mr. McFarlane received 238,500 and Mr. Aldrich 167,200. The majorities by townships were:

McFarlane, Liberal-Labor

London	628
Dorchester	105
Westminster	215
Totals	628 335

The fight was a warm one, Mr. Rowell, the Liberal leader, appearing several times in the riding.

The temperance issue while it played a large part in the fight, did not altogether account for the result. Mr. McFarlane's own township, Nissouri, gave a majority against him of 120. This was on account of a bitter fight over the continuation schools in this strong Conservative township.

REDUCTION IN MAJORITY.

The Conservative majority shows a considerable reduction in comparison with that obtained in last year's election, when the late member, Geo. Nesley, was returned by 539. The conditions at that time were, however, unusual, the Liberal candidate, Sutherland, meeting with much opposition within the party ranks on the ground that he lacked sympathy with the "abolish-the-bar" campaign, and that he was not an independent Conservative in yesterday's contest, Mr. Laidlaw, who was described as the "fusion" candidate, was expected to make inroads on the votes of Conservatives, and favored the Rowell temperance propaganda.

Fairbanks, president of the society, proposed the King, and Lord Haldane proposed the president of the U.S.

TO PAVE WAY OF INDIANS TO POLLS

Movement is Under Way to Grant Full Powers of Citizenship.

FEW ENFRANCHISED

But Many Are Now Following Occupations of White Men.

OTTAWA, Nov. 27.—(Special to The Toronto World.)—The question of making it easier for the Indians to obtain full Canadian citizenship by the removal of the present onerous conditions which must be complied with before an Indian can be enfranchised by the department of Indian affairs has been the subject of a meeting which was held last night in the parlors of the American ambassador, Walter H. Page.

Mr. Page referred to the warm reception which the American ambassador had met with in England and which he knew was a tribute to his country. Speaking of the difficulties of his office, he said that when the ambassador returned to the desk which America occupies in the Indian affairs department, he found that the Indian blood gathered to adopt the rights of citizenship. He said: "The American nation is not one whit afraid to follow its bent to the utmost length. The Lord ambassador has spoken of doing what is righteous and that is the sequence. There are no consequences," he concluded emphatically.

INDIA'S VICE ROY RECALLED BARVES

Baron Hardinge's Utterances Expressing Sympathy With East Indians Blamed for Natal Revolt.

LONDON, Nov. 27.—(Can. Press)—The advisers received today from Durban are symptomatic of the grave results likely to follow the embitterment produced in the minds of the South African minister by the speech of Baron Hardinge, Viceroy of India, at Madras, on Wednesday, in which he sympathized with passive resistance to the unjust laws of England and an impartial enquiry into these.

Commission to Probe Into Cost of Living in Montreal

Civic Authorities, Unable to Solve Puzzle Why Economic Ills Are Greater Than in Other Large Cities, Call on Ottawa to Furnish Answer.

BOTH PROPOSALS ULSTER PROBLEM WILL RECEIVE ATTENTION

Mayor Hocken Will Consider Two Railway Schemes in Order to Discover Which is the Better for the Citizens of Toronto, and Will Ask the People to Decide.

"I am working in the interests of the citizens of Toronto. I am willing to support any scheme that has for its object the solution of our transportation problem. I believe that the purchase of the Toronto Street Railway would be the best way to overcome the obstacles, but I wish to be fair and to put the best plan into operation."

In the above manner Mayor Hocken last night stated his stand on the street railway deal to a meeting held under the auspices of the North Toronto Conservative Association in St. Paul's Hall. The chair was occupied by George Stevenson, president of the association. The speakers included Controller Church, Ald. McBride and Ald. Wickert.

Ald. Sam McBride denounced newspapers and picked their victims. He called himself a free lance and said he was immune from any of the "dopes" handed out by the press.

"I'm not one of those hopeless fellows whom any newspaper has any influence over," he said. "The Telegram has no influence at the city hall, but at the present it has stepped out. But there is another paper trying to take The Telegram's place and that is the Toronto Morning World. W. F. Maclean owns it. W. F. Maclean was the man who, thru the power of his paper, tried to put thru the Leaside deal for Mackenzie & Maclean. This deal was knocked out by one vote in council. The men who were behind that scheme are behind this one," said Ald. McBride.

Mayor Hocken said he was in a different position than when he accepted the invitation of the association to address them. Since that time the street railway proposition had been given up by the mayor's board. For the present, he said, his position would be to consider both proposals and to discover which one was the better for the citizens of Toronto. He pointed out that he was the only man who had studied the transportation problem originally. The harbor plan was in the main his own scheme, as outlined a few years ago.

Once again the mayor directed the attention of the audience to the benefits of the one-fare system; how it would join the city together, facilitate business and be a general improvement as well as financial success. The city was bound to grow. The west showed a big growth, therefore Toronto must grow with the west. He showed how Chicago had grown, and with the coming of more factories Toronto must have a population of a million within the next thirty years.

REBELS MOVING OUT TO TAMPIO

Victoria Reported to Have Been Razed—Insurrectos Apparently Gaining Ground All Along Line.

MEXICO CITY, Nov. 27.—(Can. Press)—There is a report current here that the rebels have evacuated Victoria, capital of the State of Tamaulipas, and are moving in the direction of Tampico, but the report has it that they practically razed the city and destroyed the archives.

Such reports of developments thru the country are available indicate rebel progress almost at all points, although the tone of the reports emanating from the war department is optimistic.

COMMISSION TO PROBE INTO COST OF LIVING IN MONTREAL

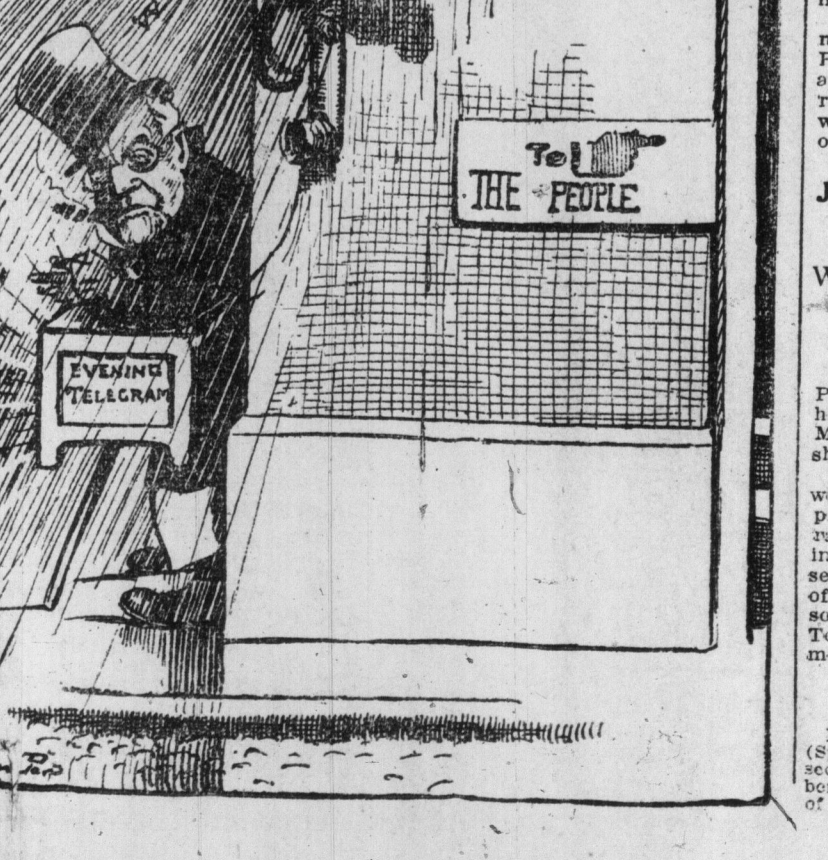

To interview the prime minister in regard to the matter.

"I'm convinced," said the mayor today, "that the Ottawa authorities would not fail to appoint the commission, and it is a most abnormal state of affairs when the charge can be made that it is more expensive to live in Montreal than in other large cities on this continent. Such statements cannot but be harmful to the growth and reputation of Montreal, if these statements are true it is high time that the public should be made aware of just what conditions are responsible for it."

MONTREAL, Nov. 27.—(Can. Press)—The announcement made on Tuesday that Mayor Levesque was to ask the Dominion authorities to appoint a special commission to inquire into the reason why living conditions in Montreal are more onerous than in big American cities, has led to interesting developments. Not only has the board of control unanimously approved of the move, but the mayor stated today that he intended at the meeting of the city council on Monday, to ask that a special civic delegation be appointed
