THE AQUEDUCTORS AGAIN!

Has John Shaw Been Scared
By E. A. S. Bluff

THAT HE'S TORUN FOR MAYOR

Would Not Oppose Giving Macdonald's
Company a Contract for Ten Years.

Some Hot Talk at the Board of Control

Between the Aqueductors and the Home-

less-Aid. Lamb Steers His Course

Without Variation and Opposes the

Macdonald Scheme—A Lack of Informa-

tion—City Will Advise for Tenders

for Power.

The offer of E. A. Macdonald's Aqueduct

Company to supply electric energy to the

corporation at one-half cent per horse power

per hour was thrust out by the Board

of Control with the promoter present yes-

terday afternoon. After a two hours' cross

fire of opinion it was decided to advertise

for tenders for the supply of electric power

at the city limits for public and private

consumption. This will give Aid. John

Shaw's company an opportunity to put

up like the aqueductors a deposit of \$30,000

as a guarantee that his company will fur-

nish power at quarter-cent per horse power

per hour. Mr. Macdonald, while perma-

nently refusing to give either the names of

the directors or the amount of capital in

his own company, cast an aspersion on the

substantiality of the promoter's present

offer for it that it was a couple of weeks

more he will lay his whole scheme before

the Board and Council. As the matter now

stands, Aid. Lamb remains their implacable

enemy. Controller Graham would like to

have the agreement, while the general mix-

up of the city plan seems to have been

abandoned by the promoter. Mr. Shaw

is the aqueduct representative that he

would not oppose giving his company the

contract for ten years at the price they

offer.

Information Wanted.

Aid. Lamb, when the offer was read, raised

objection to the mysterious manner in

which the names of the directors and the

stock of the Aqueduct Company were with-

held. He said it would be better to let

the city know the names of the directors

and the amount of the capital. He said

that if the city would be told of the

names of the directors and the amount of

the capital, the city would be able to

decide whether or not to accept the offer.

Mr. Macdonald proposed to make it re-

sponsible by putting up security. He con-

sidered that it was his company and the

city which should get the benefit of the

good faith. He objected to having his

internal affairs published in the public

press.

Civic Plant Still Tracked.

Aid. Leslie said the civic plant was now

out of the question. He said that the

city should be told of the names of the

directors and the amount of the capital.

The Mayor knew of plans where power

was being supplied at 25-100 cents per

horse power from a civic plant, but agreed

that the circumstances were different from

Toronto.

The Aqueductors' Talk.

Mr. Macdonald was making selections about

having the press suppress the whole discus-

sion, and particularly at this juncture,

A CONTRACT WITH THE DEVIL.

Alleged Murderer Says He Wants to Live

Long Enough to Keep Faith With

His Satanic Majesty.

Dover, N.H., Nov. 5.—Arrangements

are being rapidly completed for the

trial of Joseph E. Kelley, the young

Somersworth alleged murderer and bank

robber, who was captured some time ago

in Montreal. The trial will be begun

here next Monday. From present indica-

tions it will prove one of the most

interesting to experts in the history of

the court for about two weeks. The

defence will be insanity. During the

past three months, both the prosecution

and the defence have subjected the

prisoner to examination. There will be

10 or 12 expert witnesses, and a divi-

sion between the state and the defence.

Kelley himself states that he is not

insane; that he never has been and that

he was in a perfectly sound mental

condition when he killed Cashier Joseph

Stoddard, behind the counter of the

Great Falls National Bank on April 16

last. The prisoner asks that the death

penalty be not carried out by the ju-

stice. He says he is under a personal

compact, made several years ago,

to serve the devil without any restric-

tion until his 25th birthday, which is

Jan. 15. He says that if he should die

before that time, the compact would be

binding forever, whereas, if he lives un-

til the day after, the agreement between

him and his Satanic Majesty will have

been fulfilled, and the devil will have no

further control over him.

SIR WILFRID'S SUNNY WAYS

Will Be Operated at Washington in the

Interests of the Sealing Question

and Commercial Reciprocity.

Washington, Nov. 5.—The Russo-

Japanese-American treaty, relating to

Behring Sea was not signed to-day,

Hawaii were united yesterday by a no-

table marriage in St. Paul. The "Crown

painter" to the Dutch royal family, was

married to the daughter of an Hawaiian

king, a widow of remarkable beauty.

The groom was Joseph Hubert Vos, of

the Hague, and the bride was Eleanor

Kobakian, daughter of Honolulu. Rev.

Paul Edgar, of the House of

Hope Presbyterian Church, officiated at

the wedding, which was very private.

Only a few friends and the children of the

bride were present. Despite a strenu-

ous attempt to suppress all public know-

ledge of the marriage, it was learned

that Mr. Vos is one of Europe's famous

portrait painters. During several years

he has, however, resided in this country,

being recently located at Fort Totten,

N.D., supposedly to study Indian types.

A QUESTION IN CRIMINOLOGY.

What to Do With a Man Who is a Con-

demned Thief.

For the past 20 years Mike Calligan, a

confirmed thief, has spent most of his life

in the Police Court yesterday charged with

stealing Edward Adams' overcoat. He

pleaded guilty and the Magistrate remark-

ed that he had a awful record.

"I know that your record," said the

Magistrate, "but don't give it to me very

often, as I only just got it."

The Magistrate read the man's record,

and then sent him to the House of

Corrections, where he was to remain for
