BATTLE CRUISERS
TO BE GIVEN
BY CANADA

Best Informed Circles in Eng-
land Believe That Canadian
Government Will Give an
Emergency Contribution of
Several Fast Cruisers, With
Later Conferences to Reach
Definite and Permanent
Policy for the Defence of the
Empire.

LONDON, Sept. 15.—(Special World
Cable)—It is believed here in the best-
informed circles that the contribution
toward the naval defence of the em-
pire to be proposed to the Canadian
parliament by the Canadian Govern-
ment will take the form of a gift of
several cruisers of the latest and most
powerful type and capable of sur-
prising speed as compared with dread-
noughts. Wonderful improvements
have been made of late in the way of
speed, efficiency and fighting power in
this class of ship, and it is believed
that the Canadian parliament will
order several of them and have them
built at the earliest possible date.

They will be an integral part of the
British navy, controlled by the admir-
alty and will have only one condi-
tion attached, that THEY BE SUP-
PLEMENTARY OF ANYTHING
THAT THE BRITISH PARLIAMENT
AND ADMIRALTY MAY VOTE AND
DO. That is that Canada will spend
liberally in increasing the power and
strength of the navy—that she is not
to assume part of the cost of the navy
as now in the admiralty program, but
that she proposes to substantially add
to existing British proposals.

Latest Style of Ships.
The motion in the Canadian parlia-
ment will in all likelihood take the
form of a proposal to contribute a
number of these latest style of war-
ships and that a sum sufficient to
start the work on a generous scale
will be voted at the forthcoming ses-
sion at Ottawa and further votes in
following sessions to complete them.

This will all be an emergency propos-
al with later conferences in the
direction of reaching a definite
and permanent policy for the defence
of the empire, based on consultation,
co-operation and ultimately a feder-
ation of the Dominions and motherland
in general defence, and in promulgat-
ing a genuine all-red league for the
common safety and the peace of the
world guaranteed by the most powerful
navy afloat.

Meet With Approval.
Such an emergency contribution and
later on such a federated policy would
meet with the grateful approval of
parliament here and of the people of
Britain and of the empire, and go a
long way toward maintaining peace.

It is believed that in the event of
such a policy a better understanding
with Germany would be reached and
a way found for allowing the German
navy to expand, and many English-
men are ready to concede that Ger-
many must be given more sunlight and
room to grow in Europe and on other
continents.

Information is now available as to
what additional work the shipyards of
Britain will be able to almost im-
mediately undertake, and it is of a sat-
isfactory character.
New and Greater Policy.
And this new and greater imperial
policy has to be worked out and will
in all probability be worked out not
withstanding the political excitement
now prevailing in England and which
threatens to become more complicated.
And the this country must be tor-
mented with discussions in regard to social
and political problems, the defence of
the empire is to be the main subject
and kept to the front for some time
no matter what party is in power.
Probably surprising readjustments in
the home political situation will take
on shape in the next few months.

COAL DEPOSITS
IN BAFFIN LAND

ST. JOHN'S, Nfld., Sept. 15.—(Can.
Press).—After great hardships in the
frozen north, Captain J. Bartlett of
the steamer Neptune of this port, who
headed a gold hunting expedition to
Baffin Land, returning to harbor, re-
ported tonight the loss of one of
his ships and the discovery of exten-
sive coal deposits, but no gold.
The steaming steamer Algonquin of the
expedition was lost in Pond's Inlet.
After she was crushed in the ice, the
ship's company walked forty miles over
the ice to land and found a cache
left by Captain Bartlett. For two
weeks they subsisted on four crackers
each per day, while they worked their
way to Button Point, 70 degrees north
latitude, where they were picked up
by the Neptune. The party was un-
able to penetrate far into the interior
owing to ice and unfavorable weather
conditions.

Killed, Fifty Hurt
In Tornado Near Syracuse
Property Loss \$250,000

Storm Which Cut Ten Mile Swath in Onondaga County
N.Y., Caused Panic at Long Branch Resort, Where
Many Buildings Topped Over—Leveled
Everything in Its Path.

SYRACUSE, N.Y., Sept. 15.—(Can.
Press).—Three persons were killed and
fifty injured by a tornado which
worked a ten mile trail of destruction
across the northern part of Onondaga
County late this afternoon. The prop-
erty loss is estimated at \$250,000.
The dead:
William Madison, Syracuse.
J. Dopp, Fulton.
Charles Chapman, Salina.

Without any warning of its ap-
proach, the black funnel-shaped cloud
first appeared near Long Branch, a
pleasure resort 10 miles from this city.
There were about 400 persons there and
panic reigned when building after
building toppled over and two massive
interurban trolley cars were hurled
into a ditch.
A number ran into the dance hall
for safety, but this building was direct-
ly in the path of the storm and was
demolished. Many persons were in-
jured in it. The wind, thunder, lightning
and rain were terrific. Trees were
cracked and fell to the ground, women
screamed and fainted. Rushing west-
ward, the tornado wrecked the boat-
house of the Syracuse University
navy, in which was stored the entire
crew equipment. All the shells were
wrecked and the loss to the university
is more than \$800.

Racing across the country, the tor-

TEN MIDDIES
ARE DROWNED

Cutter Containing Twenty-
four Naval Apprentices Be-
longing to Chicago Station
Capsized in Lake.

CHICAGO, Sept. 15.—(Can. Press).—
Five naval apprentices were drowned
and five are missing as the result of
the capsizing of a cutter from the
United States naval training station
at North Chicago, Ill., late this after-
noon. The bodies of five victims were
recovered and identified and it is be-
lieved that the five boys unaccounted
for were drowned.
The known drowned are: R. C. Har-
lan, 18, Bloomington, Ind.; I. L.
Southworth, 18, Pittsburg, Pa.; J. Wal-
lace, 18, Turner, Ind.; J. A. Patton,
23, Stanton, Ohio; W. N. Amtrous, 21,
Indianapolis, Ind.

The party, in which were twenty-
four apprentices, left the training sta-
tion shortly after two o'clock in charge
of Gunner's Mate Negia and after
cruising about for two hours headed
for North Chicago.
A few minutes later, while the cutter
was north of Lake Forest, a squall
struck the boat, the sails were lowered
and an anchor was thrown out.
When within 200 feet of the shore, the
cutter overturned and its occupants
were thrown into the water.

Rescuers' Boat Capsized.
Capt. W. F. Fullan, commandant of
the naval training station, saw the
danger of the apprentices from his
headquarters and sent a motorboat to
the rescue, but this craft also was
capsized before it had gone far and
the men in charge of it were obliged to
swim back to the shore. Later a force
of rescuers were sent along the shore
to where the cutter had been wrecked.
Many of the boys swam to land and
others floated ashore in cars and
pieces of wreckage. A number were
rescued from the surf by officers of
the training station and cared for at
houses near the scene of the wreck.

NOGI MARTYR TO
MISTAKEN IDEA

TOKIO, Sept. 15.—(Can. Press).—The
city has been kept in a state of per-
petual excitement since the suicide of
General Nogi and his wife, Countess
Nogi, by rumors that other persons had
ended their lives in testimony of their
devotion to the departed Emperor Mu-
shito. All such reports, however,
proved to be unfounded.
The newspapers today are filled with
graphic accounts of the suicide of Gen-
eral Nogi and his wife. The point of
view as expressed in the editorial
columns varies with the different news-
papers, but the underlying note of all
utterances is that altho suicide should
be condemned for a bad example, yet
the act in the case of General Nogi
plainly indicated a splendid adherence
to the ancient traditional spirit of the
country.

RECIPROCITY IS
STILL SLOGAN
OF LAURIER

Liberal Chieftain, Addressing
Large Rally in Soulanges,
Pledges Party to Renewed
Fight for Wider Markets,
But Hints That He May Soon
Resign Leadership.

MONTREAL, Sept. 15.—(Special).—
"We want a larger market, and that
market is the United States," was the
text preached yesterday by Sir Wil-
frid Laurier and Hon. Rodolphe Le-
mieux, who with their friends from
Montreal and elsewhere to the number
of several thousand, held a demonstra-
tion at St. Clet, in the County of Sou-
langes. Reciprocity was in the air,
while the devices were, "Down with the
Trusts" and "Larger Markets."

Sir Wilfrid told his hearers that Can-
ada had 250,000,000 bushels of grain to
export and as the time would come
when England could not take this
surplus, a market must be found else-
where. His government had offered a
market, but the present rulers of Can-
ada were responsible for the people's
refusal and must find a substitute
which, he intimated, was to the south
of us.

Sir Wilfrid gave an absolute denial
to the statement made by Mr. Bourassa
to the effect that he had signed a secret
agreement with the imperial authorities
as to the disposition of the Canadian
fleet in time of war. He had been in
conference with the foreign office four
times and no agreement was signed
that had not been openly submitted to
parliament.

Will He Retire?
For the first time the old leader hinted
at a change in the leadership, altho
he said that each time he had suggest-
ed retirement his friends had insisted
that the old man was wanted at the
head of the party. He had, however,
reached an age when the future was
uncertain. Yet he felt that he could
yet successfully defy his political op-
ponents. As for the naval policy of
the present government, the leader de-
clined to pronounce himself before the
prime minister had made known his
policy. Then Sir Wilfrid said he would
judge the matter on its merits.

Hon. Rodolphe Lemieux, who be-
comes more and more Sir Wilfrid's first
lieutenant, was loud in his affirmation
that the battle of the tariff will have
to be fought over again, saying: "The
vote of the 21st of September last was
not a vote against the fiscal policy of
the Laurier government, but a vote of
prejudice and passion which will not
be repeated."

"Canada," he said, "wants wider
markets for her farm products, while
such devices as 'Down with the Trusts'
and 'Give Us a Wider Market' floated
to the breeze."
J. O. Mousseau, M.L.A. for Soulanges,
the organizer of the demonstration on
Saturday, said: "Reciprocity is the one
question which responds to the interest
of the Canadian people. It is in the
hearts of the masses and is feared by
the manufacturers and the capitalists."

WILL THE MAYOR
BE APPOINTED?
Attempt May Be Made Today
to Give Him Position of
Corporation
Counsel.

Will Mayor Geary's supporters at-
tempt to appoint him corporation
counsel at the meeting of the city
council today? It is generally conced-
ed that his worship has a majority of
the aldermen behind him in this ven-
ture, but a two-thirds majority is re-
quired to give him the position without
his name being recommended by the
board of control. The latter body have
no intention of recommending him, and
it is almost certain that the mayor
cannot command the necessary two-
thirds majority. An attempt, however,
may be made to test the council this
afternoon.

At the last meeting, the friends of
the mayor made a canvass with a view
to ascertaining their strength, and
making a coup d'etat if the chances
were favorable. This little dodge, how-
ever, never materialized, probably be-
cause there was no hope of it being
successful. His worship's supporters
are now optimistic over the outlook
and an attempt may be made this af-
ternoon to give the mayor the posi-
tion.

"GYP" AND "LEFTY LOUIE"
ARRESTED IN BROOKLYN
GUNMEN SUBMIT MEEKLY

Tireless Surveillance of Wives and Relatives of Men for
Nearly Two Months Results in Vague Clues Being
Turned Into Capture—Round-up of Rosenthal
Slayers Now Complete.

NEW YORK, Sept. 14.—(Can. Press).—
"Gyp the Blood" and "Lefty Louie,"
the missing gunmen indicted as two of
the actual slayers of Herman Rosen-
thal, the gambler, were found by the
police tonight living with their wives
in a flat in the Brownsville section of
Brooklyn. They were arrested by De-
puty Police Commissioner Dougherty
and a squad of detectives, who
brought them to police headquarters
and locked them up. They will be ar-
raigned on Monday.

The two gunmen had been occupying
the flat since August 15, alone until
last Tuesday, when they were joined
by their wives, thru whom clues to
their whereabouts were obtained by
Brooklyn. They were arrested by De-
puty Police Commissioner Dougherty
and a squad of detectives, who
brought them to police headquarters
and locked them up. They will be ar-
raigned on Monday.

Followed Laundry Clue.
It then became Commissioner Dough-
erty's task to discover somewhere a
haired laundry in proximity to a moving
picture show in a vicinity inhabited by
people of the nationalities named. The
possible name of the laundry was ob-
tained less than two days ago, and
the commissioner discovered that there
were half a dozen laundries of similar
names in New York City and many
more in other cities, for the commis-
sioner did not assume that the gunmen
were necessarily located in New York.
"When we found the laundry with a
moving picture show close by, there
were no Swedes or Germans in the
neighborhood," said Mr. Dougherty to-
night, "or when we found a laundry
with the foreigners in the neighbor-
hood, there was no moving picture
show. One of our laundry clues took
us to New Haven, and we were just
about to investigate another in Pitts-
burg."

End of Trail.
Early today Detectives Meyer and
Cassano discovered in Brooklyn the
"New Brighton Hand Laundry,"
which perfectly fitted all requirements.
They set themselves to watch the
apartments situated above the laundry,
and late this afternoon were rewarded
by seeing "Gyp the Blood" and "Lefty
Louie" on which they were riding in
the direction of Harlem. The de-
tectives therefore felt certain that they
were with their husbands. The women
had several other times eluded sur-
veillance by the use of automobiles, but
previously had always returned to their
homes in New York. The arrest fol-
lowed as soon as the detectives could
collect reinforcements.

Arrest of "Gyp" and "Lefty,"
whose real names are Harry Horowitz
and Lewis Rosenzweig, means that all
of the seven men accused of the mur-
der of Rosenthal, of which Police
Lieutenant Becker is the alleged insti-
gator, are now in custody.

Watched by Sixty Detectives.
The capture of the two men was the
fruit of unbroken surveillance of the
wives and relatives of the men since
their disappearance on the day of the
murder, July 16. This surveillance was
maintained by sixty detectives working
in relays, who kept Deputy Commis-
sioner Dougherty constantly in touch
with what they did and where they
went. The final clue came as the re-

CONDUCTOR FELL
FROM HIS CAR

F. W. George Resumed His
Work, But Collapsed, and
is Unconscious in
Hospital.

A peculiar case is that of F. W.
George, a street car conductor, who
lies in a semi-conscious condition at
St. Michael's Hospital, George, who
lives at 154 Campbell avenue, was jolted
from his street car near the Yonge
street barn on Saturday night. He
was taken to the barns by the motor-
man and a passenger and in a few
seconds appeared to feel all right. He
was able to go back to his car but a
few minutes later he collapsed and was
carried to Dr. Goodchild's office on
Bloor street. He soon revived and
was able to walk, but the shock had
completely shattered his memory. He
didn't even know his own name.

A short time after the accident he
was taken to his home. Yesterday
morning he seemed practically recov-
ered, altho somewhat dazed. In the
afternoon he took a turn for the worse
and was sent to the hospital, where
he is lying in a semi-conscious condi-
tion. George was on the running boards
of the street car when the motorman
started it, throwing him to the road-
way on his head. It is feared that the
man's skull is fractured.

THE BEST DRESSERS.
Just as John Drew is regarded the
best dressed actor, Miss Zoe Barnett
is the prima-donna of "The Red Rose"
Company, which begins a week's en-
gagement at the Princess tonight, is
considered the most fashionable ward-
robe wearer among the female stage
celebrities.

The death occurred suddenly yester-
day morning of T. H. George, for many
years a well-known business man in
Toronto. Altho in indifferent health
for several years, Mr. George was of
late in usual good health and spirits.
Pneumonia was the cause of death.
The day before he passed away he
was out and around as usual.
The late Mr. George, who was born
in Leamington, England, was a past
master of the Masonic order. He came
to Canada when a very young man
and with his parents drove from Lew-
iston to what is now Collingwood.
This was regarded at the time as a
remarkable feat. The family settled
in Collingwood, where Mr. George's
brother was born. He was said to be
the first white child born in that dis-
trict. Later they removed to Stayner
and were large property holders there
when the old Northern Railway was
first run thru that district.
Mr. George came to Toronto over
thirty years ago and conducted a wine
and liquor business at the corner of
Yonge and Hayden streets. He was
very highly regarded.
A widow and seven children, all at
home, survive him. Mrs. George, who
is at present in England, was called
and is leaving by the first available
steamer.
The funeral will take place from his
late residence, 72 Avenue road, on
Tuesday afternoon at 2:30 o'clock to St.
James' Cemetery.

KILLED WHILE
CLEANING GUN

Augustus Hare Did Not Know
Rifle Was Loaded, and Put
Bullet Thru His
Body.

Augustus Hare, aged 35, living at 5
Baldwin street, lost his life on Satur-
day night while cleaning a .22 calibre
rifle. Hare was an employee of the
City shooting alley at 87 West Queen
street. After the establishment had
closed on Saturday night, Hare began
to clean the rifle. While pushing a
rod thru the barrel of a .22 calibre he
struck a loaded cartridge which he did
not know was in the breach. He was
holding the rifle at his side with the
muzzle against his abdomen and the
cartridge discharged and went right
thru him. He was taken to St. Mich-
ael's in an unconscious condition and
died yesterday morning. Dr. Hopkins
will hold an inquest.

DIED OF FALL
TWO WEEKS AGO

John Mitchell Fractured His
Skull When He Fell From
Window, and Passed
Away Yesterday.

As a result of injuries received two
weeks ago when he fell two storeys
from a window in the Firstbrook Box
Factory, East King street, John Mitch-
ell, of 92 Carlton street, died yesterday
in the General Hospital from a frac-
tured skull. Mitchell, who was an em-
ployee of the company, was cutting a
board on a machine when he gashed
his finger. Slipped by the sight of
blood he went to a window to get a
breath of fresh air. While resting on
the sill he collapsed and fell on the
pavement, two storeys below. Dr. El-
liott will hold an inquest today at the
mortuary, where the remains have been
taken.
