

## GREENSHIELDS HOME IN NEED OF FUNDS

Cost of Living Makes Aid  
for Refined Women  
Difficult.

The annual meeting of the Julia Greenshields Home, which was founded forty years ago, was held yesterday afternoon. Rev. A. L. Fleming, presiding. The Rev. James Murray, D.D., conducted the opening exercises, and the report for the year was read by Mrs. H. S. Strathy, recording secretary.

The report regretted the death of Mrs. R. B. Henderson, who for upward of ten years had acted as honorary secretary. It also referred to the loss by death of a devoted friend, Dr. J. Milton Cotton. Two new physicians had joined the staff, Mrs. Herbert G. Wilson and Dr. Malcolm Cameron. The unfailing care and kindness of the matron, Mrs. Woodside, was recorded. The statement was made that it will be necessary to raise something like fifteen hundred dollars in additional subscriptions, if the requirements of the inspector from the department of the provincial secretary are to be carried out.

Receipts for the year were \$3301.42, and expenditure the same. The government grant \$768.88, civic grant \$200. In his address, the chairman referred to the founder of the home, Miss Julia Greenshields, and to the support it had received from Dr. Goldwin Smith. The institution was founded as a home for women of refinement, in reduced circumstances, and has accommodation for about thirty. Attention was drawn to the fact that among four deaths which had occurred during the year, the average age was 85 years and four months. The speaker thanked the medical staff, and all who had served the institution in any way, and drew attention to the need for an increase in revenue, owing to the increased cost of living. Mrs. A. L. Fleming, president of the board, at the conclusion of the business showed the visitors thru the house.

The members of the board of management include Mrs. A. L. Fleming, president; Mrs. W. D. Molesworth, of Oakville, vice-president; Mrs. H. S. Strathy, recording secretary; Mrs. Dunlop Stewart, corresponding secretary; W. P. Molesworth, treasurer, and the directors are Mrs. E. G. Fitzgerald, Mrs. Herbert Langlois, Mrs. Arthur Molesworth and Mrs. A. Carmichael. The advising committee includes R. S. Cassels, K.C., Rev. A. L. Fleming, R. B. Henderson, Major G. N. Molesworth, Rev. James Murray, D.D., and H. S. Strathy.

## WOULD ALL WOMEN ACT AS THIS ONE?

A Wonderful Psychological  
Study is Picture "Don't  
Change Your Husband."

Suppose a beautiful and refined woman, with romance as one of the compelling motives of her life, a husband who is immersed in business, unintentionally neglectful and inclined to carelessness. Then imagine a handsome, debonair, romantic and convincing young man who appreciates the situation, and is overwhelmed by his admiration for the wife.

Suppose the wife, attracted by the fine speeches and the result of odious comparisons, leaving her husband and marrying the interloper, who is at best a trifle.

Then consider her position when the second spouse proves selfish, is inclined to stray—while meantime the first husband reforms, becomes as neat as a pin, and saves her from a disgraceful situation as the result of another woman's entrance into No. 2's affections.

What would the wife do? Go back to number one? To find the answer to this question the public is referred to Cecil B. DeMille's newest special Artcraft picture, "Don't Change Your Husband," by Jeanie MacPherson, which will be shown at the Allen Theatre next week.

This is one of the best psychological photoplays which Mr. DeMille has ever produced. Gloria Swanson, Elliott Dexter, Lewis J. Cody, Theodore Roberts, James Neil, Julia Payne, Sylvia Ashton and others compose the cast.

## BRASS PLANT GUTTED

The Hunt Brass Goods plant, at 59 Paton road, was destroyed by fire at 9 o'clock last night with a loss estimated by the fire department at \$5000. A defective stove pipe in the centre of the building is given as the cause of the fire. The building is a one-story galvanized iron structure.

Fire raged for over an hour before the firemen had it under control, and for a time it was spectacular, attracting large crowds of people.

Prior to the evening of the war, the firm were making brass shell fittings. At present they have been engaged on the manufacture of electric fixtures. The firm is owned by W. C. Hunt. The loss to contents was \$4000 and \$1000 to building, covered by insurance.

## AN EXCITING CHASE.

Max Mandell, of 39 Nassau street, was arrested last night charged with picking pockets. Policeman Hamilton saw Mandell snatch a lady's chain in a crowd on Yonge street. When Mandell saw the officer he started to run up Yonge street. Hamilton boarded a passing motor car, gave chase and caught Mandell in a few blocks. When searched the police say they found the chain containing \$1 on Mandell. The purse was identified by Mrs. T. Gray, of 61 Crawford street.

Many labor men who advocate a six-hour day point out that the question of the fight for existence on the part of the lesser paid men is irrelevant, since the employers will be forced to raise the wages at the same time as they decrease the time of the working day. The experience of the eight-hour schedule of the Freight Clerks' and Freight Handlers' Union with the three great corporations, the C.P.R., G.T.P. and C.N.R., disproves this optimistic forecast.

## A soap of healing for Baby

Mothers everywhere  
should realize that they  
have in Lifebuoy soap,  
healing, inexpensive,  
and absolutely pure  
Soap that will make the  
children's skin glow  
with the bloom of  
health.

## LIFEBUOY HEALTH SOAP

Its pure, free lathering vegetable oils make it the finest and gentlest of cleansers for Bath and Toilet purposes.

The corded color in Lifebuoy is a sign of its protective qualities—resisting germs after use.

Limited,  
Toronto, Ont.

## ESCAPED FROM COBOURG; ARRESTED ON STREET

William Lawrence, With Bad  
Record, Caught After  
Long Search.

William Lawrence, no home, was arrested on Yonge street last night by Detective Nurey. Lawrence is wanted in Cobourg on charges of jail breaking and assaulting one of the jail guards.

Lawrence is 24 years of age. In December, 1918, he was tried in Cobourg by Judge Ward on a charge of burglary and was sentenced to serve a sentence ranging from three to fifteen months at the prison farm.

While incarcerated in the county jail awaiting his removal to Burwash to serve his sentence, Lawrence acted so kindly that he became a trusty with the guard and was allowed privileges.

Roaming around the jail building, he secretly managed to get a piece of iron bar concealed in his cell and when the guard entered on the morning of December 25, Lawrence is alleged to have made a murderous attack upon him. The guard was rendered unconscious by the force of the blow, and fell in the cell. Snatching the keys from the prostrate man, Lawrence is alleged to have attempted to get away.

The guard's wife, who was in the vicinity at the time, and attempted to stop Lawrence, who it is charged, seized the woman by the throat and hurled her with such force against the railing as to break three ribs.

The police have been searching between Toronto and Montreal ever since Lawrence made good his getaway. He will be arraigned in police court this morning and remanded until an officer from Cobourg arrives to take him back for trial.

The Ontario housing committee issued its preliminary recommendations on types of inexpensive houses yesterday. In the foreword the committee dealt with the amount set aside by the provincial and federal government and with the necessity of determining the type of house which would eventually become a standard.

The essentials are summarized as follows: Sufficient land to give each family privacy and plenty of air, watertight floors, walls and roof, one or more rooms for cooking, eating and general day use. Bedroom for parents' use. Bedroom for male children. Bedroom for female children. Provision for toilet with sanitary water closet and sewer connection. Running water fit for drinking. Kitchen sink with waste connection to sewer. Uninterrupted daylight and ventilation thru windows in every room. Additional features which are desirable are: Bath tub, clothes closet, porch and verandahs.

It will be noticed that a cellar has not been provided for in the foregoing. Reasons for and against are contained in the report which, however, states that the subject will be further gone into. The report states that the

## SOCIETY

Conducted by Mrs. Edmund Phillips.

His Excellency the Duke of Devonshire will arrive in Toronto on Friday the 21st inst., in time to be present at the first Mendelssohn Choir concert in Massey Hall, and will stay at Government House with His Honor the Lieutenant-Governor and Lady Hendrie for a week, leaving for Ottawa on the night of the 27th inst.

The consensus of opinion of the wives of the Lieutenant-governors of the provinces as to the wedding present for H. R. H. the Princess Patricia, in answer to the letters written to them by Lady Hendrie (and communicated to Lady Borden) is to invest Mrs. money in Canadian Victory bonds, enclosing the certificates in a silver Jewel case or mesh bag, there being no doubt that her royal highness will be able to make good use of the interest for the men of her regiment or other patriotic projects, in many of which she is deeply interested. Quebec and Montreal have already sent in large contributions, and Lady Hendrie hopes that Ontario will not be behind.

His Honor the Lieutenant-Governor and Lady Hendrie are issuing invitations to a ball at Government House on the 19th inst.

Lady Hendrie will give a luncheon on Friday, Feb. 23, for the wives of the members of the provincial house. Dr. and Mrs. Frank Baldwin Jewett, New York, are spending the week-end with Sir John and Lady Eaton.

Mrs. James Somers gave a bridge party of four tables yesterday afternoon at her house in Avenue road, when the tea table was lovely and fragrant with a basket of mixed flowers, hyacinths, tulips, freesia and daffodils, with blue ribbon interwoven and tied on the handle. Mrs. Mitchell and Mrs. J. P. Stewart poured out the tea and coffee, assisted by Miss Jean Mitchell and Miss Vera Stewart. The guests were: Mrs. Church, Mrs. Charles Fuller, Mrs. J. B. Reid, Mrs. Hanley Baines, Miss Marie Macdonell, Mrs. N. Allen, Mrs. Herring, Mrs. Ian Bond, Mrs. George Wilson, Mrs. J. C. Macdonell, Mrs. Leslie Seale, Mrs. Howe, Mrs. Hirschfelder.

Mr. Angus Sinclair and Miss Dorothy Sinclair are leaving for California on Monday.

Miss Ryckman gave a small luncheon for Miss McKee yesterday when the guests were Miss Beryl Beatty, Miss Marjorie Beatty, Miss Betty Green, the Misses Dorothy and Marjorie Candee, Miss Haley, Boston.

Mrs. Austin Crowther was the hostess of a small tea yesterday afternoon in honor of Miss McKee, when the hostess wore a becoming gown of gold and green crepe and the polished table was arranged with flowers, lace and a yellow bowl of spring flowers. Mrs. Graham Watson and Miss MacPherson poured out the tea and coffee, assisted by the Misses Candee, Miss Rosamund Ryckman, and Miss Jessie Greene.

Miss Dorothy Sinclair gave a dance of about 30 young people last night, when the beautiful rooms of Mr. Angus Sinclair's house in Rosedale looked their best. The young hostess looked very pretty in black tulle and lace. Mrs. Gilbert Stairs also wore black with gold. Miss Scott, daughter of General Scott, Princeton, wore a smart pink frock, another guest staying in the house was Miss Grace Drayton, Ottawa, who was in a gown of black and blue.

Miss Helen Davidson, Peterboro, is the guest of Mrs. Yoris Ryerson. Miss Dorothy Lash gave a handkerchief shower for Miss Doid, Buffalo, on Tuesday.

Mrs. F. Barry Hayes is giving a small tea for girls on Tuesday. Miss Lillian C. Smith, St. George street, is in town from Chicago. Captain and Mrs. William Wallace are in town from Ottawa.

Engagements. Mr. and Mrs. E. G. Moran, 62 Waverly Road, Toronto, announce the engagement of their eldest daughter, Daisie, to Harold R.A.F., second son of Capt. W. Ellis, Royal Engineers, and Mrs. Ellis, Alverstoke, Gosport, England. The marriage will take place early in the summer.

The honorary governors who will visit the Toronto General Hospital during the week commencing on Feb. 9 are Mr. Frederic A. Mulholland, Mr. Frank Morley.

# GOOD NEWS

Every little burden added makes the load heavier. The high cost of living is made up of the high cost of the various food essentials. Every few cents added to the price of eggs, of butter, of milk, of sugar and of bread, make the cost of living too high to be endured by those who are not wealthy. It is good news then, that George Lawrence has once more taken the initiative and has done his best to lift a little of the burden of the high cost of living. Hundreds of thousands of Toronto people will rejoice to know that

## George Lawrence Has Reduced the Price of Bread

With soldiers returning who have no employment, with munition factories closing, thousands thrown out of work and with the pitiful bereavement of many families who have lost their bread winners on the field of battle, this announcement of reduced cost of bread will be the gladdest news that has come to many homes for many months.

# TEN CENTS A LOAF ELEVEN TICKETS FOR ONE DOLLAR

You Save Ten Cents on Every Dollar's Worth

George Lawrence has, on many occasions, lowered the price of bread when conditions made it possible and has saved the citizens of this city millions of dollars in the last twenty years by his generous policy. His motto is: "Not the most I can get, but the least I could take and the best bread I can make." Show your loyalty to Toronto's fair-price baker and order a loaf today.

## REPORT ISSUED BY HOUSING COMMITTEE

Essential Features of Dwellings Include Detachment, Sunlight and Sanitation.

The Ontario housing committee issued its preliminary recommendations on types of inexpensive houses yesterday. In the foreword the committee dealt with the amount set aside by the provincial and federal government and with the necessity of determining the type of house which would eventually become a standard.

The essentials are summarized as follows: Sufficient land to give each family privacy and plenty of air, watertight floors, walls and roof, one or more rooms for cooking, eating and general day use. Bedroom for parents' use. Bedroom for male children. Bedroom for female children. Provision for toilet with sanitary water closet and sewer connection. Running water fit for drinking. Kitchen sink with waste connection to sewer. Uninterrupted daylight and ventilation thru windows in every room. Additional features which are desirable are: Bath tub, clothes closet, porch and verandahs.

It will be noticed that a cellar has not been provided for in the foregoing. Reasons for and against are contained in the report which, however, states that the subject will be further gone into. The report states that the

mistake in the past, has been the provision of too many rooms, which are frequently too small. It is accordingly suggested that four to six room houses be best suited to needs of the average workman.

A space of at least twelve feet is recommended to be preserved between houses or groups. The rear of the house should be at least 50 feet from the rear of the lot, which would leave space for gardens, and play room for the children. Open fences are recommended, while outhouses are deemed undesirable.

Big Rooms. The rooms are graduated in size from the living room with an extent of 144 square feet, and a width of 11 feet, to the kitchen, 80 square feet, and 8 feet wide. Ceilings are to be 8 feet high, and sloping conditions to be accepted only under certain restricted conditions. The plumbing is detailed and is to be of the highest

## CHILDHOOD CONSTIPATION

Constipation on one of the most common ailments of babyhood and childhood and unless it is promptly cured will undoubtedly lead to disastrous results. To cure this trouble nothing can equal Baby's Own Tablets. They instantly regulate the bowels and sweeten the stomach, thus banishing colic, wind, colds, etc. Constipation, St. Matthew, Que. writes: "When my baby was constipated I gave her Baby's Own Tablets and am well satisfied with the result." The tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

efficiency, while electric lighting is preferred over any other system. Materials are to consist of brick, tile, stone or concrete, wooden frame and division walls are to be of brick or other strong substance.

If these standards are adopted, it will be found that a sixteen foot frontage is the narrowest upon which the smallest of the houses, four room, can be constructed.

Then follows a treatment of the latest methods in house and town planning and the need for sunlight for some built along these lines. The report emphasizes the need of attention to the children of today if they would grow up the citizens of tomorrow, and the need of air and play space for their proper development. It declares that

## ANNOUNCEMENTS

Notions of future events, not intended to raise money, 25 per word, minimum 10¢; held to raise money solely for Patriotic, Church or Charitable purpose, 10¢ per word, minimum 10¢; held to raise money for any other than these purposes, 5¢ per word, minimum 10¢.

ROYAL CANADIAN INSTITUTE Saturday evening lectures—Dr. F. B. Jewett, chief engineer, Western Electric Company, on "Some Problems in Industrial Research," with illustrations from the experiences of the Western Electric Company, Inc., and the Bell Telephone System, illustrated, on Feb. 8, at 8:15 in the Physics Building of the University. Public cordially invited.

UNITED WOMEN VOTERS—The public is cordially invited to attend a meeting in the Guild Hall, Y.W.C.A., 21 McGill street, on Thursday, Feb. 12, at 8:15, to hear an address on the Adriatic Problem by Mr. V. R. Savie, the well-known Serbian lecturer, writer and political economist. Admission free.

OPEN FORUM—February 9, 1919, Forsters Hall, 22 College street, 8 p.m. Address by Major A. T. Hunter on "Stamping Out." Discussion. Songs by Alderman Donald C. Macdougall.

meet these conditions the tenement has always proven unsatisfactory, and a duplex house, tho it offers a solution of the problem, is not as desirable as the self contained group house. Duplex houses need careful planning if desirable living conditions are to be encouraged. The report therefore has included in its drawings a suggestion for a house of this type.

The workman's home is a place where the burdens usually fall on the shoulders of one woman. It is therefore important that the relation of the rooms to one another and convenience be planned to lighten these duties.

The booklet is replete with suggestions and formula for the guidance of architects and builders, for the erection of the new type of house.
