WITH THE ELECTRICIANS.

dian Electrical Association commenced in the council room of the Board of Trade yesterday. The Convention will continue for about three days, and in addition to business a social program

has been arranged.

The officers present at yesterday's session were: President A. B. Smith. Toronto; Secretary-Treasurer C. H. Mortimer, Toronto; Executive Committee, George Black, Hamilton; J. A. Kammerer, Toronto; and E. C. Breithaupt, Berlin; John Carroil, Montreal; K. J. Dunstan, A. M. Wickens and J. J. Wright, Toronto.

Scientific Pregress.

In his annual address, President Smith stated that since the last meeting there had been a revolution in the field of electrical science, with unlimited possibilities yet to be developed. Apparatus had been discarded as obsolete which a few years ago had been considered colossal. Prosperty and progress were to be noted in all branches of the science. The remarkable increase in numbers of electric railways was not the least remarkable of the current developments. The electric motor was now usurping the functions of the steam locomotive. Erre long they might expect to see it on the main lines of railways.

Association Prosperous.

The report of the secretary-treasurer,

The report of the secretary-treasurer,

The report of the secretary-treasurer,

Association Prosperous.

The report of the secretary-treasurer, Mr. C. H. Mortimer, showed that during the year there had been a net increase of 13 members, the total membership now being 229. There is \$29,750 on the right side of the association ledger. The report was adopted.

Mr. Ezra C. Breithaupt, electrical engineer, Berlin, presented the report of the Committee on Statistics, which set forth some interesting facts. The report will be discussed to-day.

A paper on acetylene gas was presented by Mr. George Black of Hamilton. It was of great interest to the convention, and caused an amount of discussion, after which a vote of thanks was accorded to Mr. Black.

Illustrations of the Rays Ernest Greiggs, a boy 14 years old, was sent by Judge McDougall yester-day to the Industrial School at Mimi-

Illustrations of the Rays In the evening members of the association, with their lady friends, attended an illustrated lecture by Mr. James Milne in the Board of Trade rotunds. The lecture was entitled. "Radiant Matter," and included an exhibition of Prof. Clarke's experiments and also demonstrations of Roentgen rays. Some interesting shadowgraphs were taken and exhibited.

AN It is for women to know that so

Pleasant Time for the Engineers. The Civil Engineers are holding their annual convention at the School of Practical Science. But little business was transacted yesterday, the members being conducted around the harbor and the Island by members of the council.

council.

Among the papers on the program for the meeting are: "Pneumatic Power as Applied to Workshops," by J. Davis Barnett; "The Storage of Water in Earthern Reservoir," by Samuel Fortier.

On Friday the members will visit Niagara Falls Park and examine the

Niagara Falls Park and examine the power-house and hydraulic works

Charged With Incendiarism.

William Griffith, 461 Danforth-road;
Annie Ellsworth and Mary Ann Prendiville, 31 Duchess-street, were arrested yesterday afternoon by Detectives Davis and McGrath, on the charge of setting fire to 45 Duchess-street Tuesday night. Thomas Sheehan lives at 45; he and the occupants of 31 are not on the best of terms. After the fire, it is claimed that a portion of a dress belonging to Mrs. Prendiville was found near where the fire started.

Kingston, June 17.—The exepctations of dealers that the strawberry crop would be a larger one have been disappointed. A blight has appeared on the beds and seems to have attacked the leaves. The disease is called "leaf curl." It has done and is doing a great deal of damage. A grower in Prince Edward County said that a week ago he counted on 50,000 boxes of berries, and now does not think he will get more than 30,000 boxes.

TWO MADDENED HORSES. CHICAGO WHEAT STRONGER Hay, per ton baled. ous Results - A Toronto Lady, Miss Ross, Was Hurt.

St. Catharines, June 17.—A most serious accident occurred this mirning on Queenston-street, whereby half a dozen people were badly bruised and shaken up, and miraculously escaped meeting a most distressing death. F. H. Barrett was driving a team of bay horses belonging to George Burch. The animals suddenly took fright and ran away. The driver was thrown from his feet, dragged over the road and badly out up before he let go. Then the horses dashed forward at redoubled speed, and overtaking a surrey containing Mrs. Charles Tiden of this city, Miss Ross of Toronto, and Mr. Fred Barron of London, besides the driver, Patrick Connors, sttempted to pass the vehicle, one on each side. The result was disastrous. The surrey was tumbled over and the occupants thrown out among the four maddened horses. Then Mr. Burch's horses continued their flight, overtook another vehicle, upset it and threw an old lady a considerable distance before she struck the ground.

Mrs. Tilden was picked up unconscious and covered with blood, and Miss Ross was in much the same condition. They were removed to the residence of Mrs. Shaw, and medical aid was promptly secured. Mr. Barron was promptly secured

Mrs. Tilden was picked up uncon-scious and covered with blood, and in Miss Ross was in much the same con-dition. They were removed to the re-sidence of Mrs. Shaw, and medical aid was promptly secured. Mr. Barron was badly bruised and shaken up, as was

also the driver.

The old lady who was thrown out of the other rig was also badly bruised, but escaped without serious injury. Miss Ross, recovered quickly, but Mrs. Tilden was the worst sufferer, and it may be some time before she will be able to be around again. WORK OF A HUMAN FIEND.
