YORK COUNTY AND SUBURBS

Regimental Sports of the G. G. B. G. Were Carried Out Yesterday in Space Facing the Camp.

WERE INSPECTED BY COL. PETERS.

List of Prize Winners in the Different Events—Magistrate Ellis Holds Court.

Toronto Junction, June 29.—The regimental sports of the Governor-General's Body Guard were held this afternoon in the open space facing the camp at the corner of Annette and Jane-streets. Despite the fact that the wind was blowing a hurricane all day and at times the sand blew in great gusts, there were about 600 onlookers present. In the morning Col. Peters, D.O.C., inspected the squadron in regimental movements on the field, and in the afternoon dismounted movements, in all of which he expressed the greatest satisfaction. The Boer formation was particularly interesting, and occupied about an hour and a half of the afternoon. Under Col. Denison, 36 mounted men went out into the plateau in front of the camp, and on nearing the banks of the Humber they dismounted, three horses being left in charge of one man. Shortly afterwards a party of Boers came out of a donga and opened fire on them. A short skirmish followed, in which the Boers hoisted the white flag; but as Col. Denison's men were approaching to accept their surrender, the treacherous Boers fired on them and made their escape amongst the thick underbrush along the river. They next appeared on the river bank near Lambton and opened fire again, whereupon the company divided itself into three wings; one going along the river, another thru the bushes to the east and the third making a frontal attack. While the front was holding the Boers' attention, the two wings converged and surrounded the Boers, forcing capitulation. Interested spectators of the movements were: Lieut.-Col. Graveley, Major Young, Lieut.-Col. Gissett, Lieut.-Col. Mason and Lieut.-Col. Bruce.

The prize winners in the various events were as follows:

Tug-of-war, mounted—D squadron, consisting of Corp. Stover and Troopers La Frangh, Wallace and Ellis.

Thruout the afternoon the events were enlivened by music from the band of the regiment.

Before Magistrate Ellis.

At the Police Court this morning, before Magistrate Ellis, Benjamin Truss and Sydney Potter, for stealing bicycles, were each remanded for a week. J. K. McEwan, for pasting posters on telegraph poles, was let off on condition that the posters are removed. John Paul and Herbert McMullen, for trespass on William Pear's property, were each fined $1 and costs. The lessee of the canteen at the military camp was fined $50 and costs for selling liquor on Sunday.

East Toronto.

East Toronto, June 29.—The Boys' Brigade of Emanuel Presbyterian Church, to the number of 26, left for their summer outing to-day. The remainder go to-morrow.

Mr. Brownlee, principal of Little York Public School, entertained the entrance pupils at Island Park this afternoon.

The children of Hope Methodist Church Sunday School picnicked under the oaks in High Park this afternoon.

The Senior Epworth League of Hope Methodist Church have decided to hold their annual excursion to St. Catharines on July 11.

The East York Plowman's Association met at Empringham's Hotel, and decided to hold their annual plowing match on Thursday, Nov. 8. A committee was appointed to select a field, as well as other committees necessary for the working of the association. Thomas Hood is secretary.

North Toronto.

The Sunday school pupils of Davisville Methodist Church will be given their annual outing to-day at Lorne Park.

Miss Jessie Beatrice, the youngest child of Mr. T. Farr, of Birch-avenue, was laid to rest yesterday in Mount Pleasant Cemetery. The little one, only a little over 7 years of age, had succumbed to heart disease. Her cheery nature had endeared her to many, and her parents have the heartfelt sympathy of a large number in their sad bereavement. The body was conveyed to Christ Church, Deer Park, where a service was given by the rector, Rev. T. W. Paterson. The choir sang sweetly hymns suitable to the occasion, and the youthful funeral was followed to the grave by a large number of the Sunday school pupils of the church.

A meeting of the Finance Committee of the Council was held last night, with Councillor Brown (chairman), Mayor Davis and Councillor Lawrence present. The Reeve of Markham wrote, enclosing a cheque for $25 to pay a portion of the expenses incurred by the town in fighting the Metropolitan Railway connection with the C.P.R. at the Local Legislature. The committee are expecting like assistance from Vaughan Township. The old account of Dr. Nelles for coroner's service was again considered, and it was determined to stand a suit before paying the claim. A bylaw appointing Mr. Peter Ellis police magistrate of the town, at a salary of $100, was brought up, and Mayor Davis strongly urged that it be recommended to Council. Councillor Brown was somewhat chary of favoring the recommendation, but it will go to the Council for its final decision. In an attempt to define the chief constable's duties, the chairman had Constable Lawrence before the committee. The various details of the office were talked over, and it seemed impossible under the circumstances to make the bylaw appointing the official more binding. The discussion closed without any definite result.

Richmond Hill.

Mr. William Savage of the 3rd of Vaughan discovered a batch of black groundhogs during the past week. This variety has never been seen round here before, and the animals will be stuffed as a curiosity.

Only by the presence of mind of Motorman Stone was little Wesley Palmer saved from death on Wednesday night. The little fellow ran directly in front of the car when it was but a few feet away, by reversing the current the car was stopped in time to save him. Considerable injury was done to the car, and one of the passengers was slightly shaken up by the shock.

Mr. Fred Garvin of New York, formerly a resident here, is now in Toronto, in connection with the erection of the Palace hotel. His friends here received a visit from him on Thursday last.

The following were installed as officers of Richmond Lodge A.F. & A.M., by Wor. Bros. I. Crosby and J. Saigeon, at the last regular meeting: W M, T H French; S W, G B Newberry; J W, J A Wright; chap, A L Skeele; treasurer, A Moodie; secretary, H A Nicholls; S D, T F McMahon; J D, T Newton; S S, F M McConaghy; J S, G Leek; D of C, J Elliott; tyler, R E Law.

A barn raising took place on Wednesday, on the farm of Mr. William Walkington, on the 4th of King Township. About 200 persons participated in the event, and the day closed with an enjoyable social gathering. The new structure is 85 feet by 45 feet, and when finished will be one of the finest in the locality.

THEY WILL GET THE GRANT

Prisoners' Aid Association Met a Special Committee of York County Council.

At the January session of the York County Council the application of the Prisoners' Aid Association for a renewal of the usual grant was refused. Councillor R. J. Gibson made some statements against the association, reflecting on the way business was carried on. It was claimed that a great deal of money was spent to pay salaries and cab hire. The association, at a subsequent meeting of the Council, appeared and entered a protest against the statements made by Councillor Gibson, and asked that a special committee be appointed to make an investigation. This was done, and the committee, which consisted of Warden Reesor and Councillors Gibson and Norman, met the members of the association yesterday afternoon in Dr. Rosebrugh's office in the Confederation Life Association building. After hearing an explanation of the way the funds of the association were appropriated the councillors stated that they had acted under a misapprehension in cutting off the grant. The councillors also promised that the association would get this year's grant at the November session, and at the same time the statements made by Councillor Gibson would be withdrawn.

MANUAL TRAINING SCHOOLS

Will Be Established at Brockville and Ottawa Thru Munificence of Sir W. C. Macdonald.

Prof. Robertson waited upon the Minister of Education at the Parliament Buildings yesterday and reported regarding the establishment of manual training schools at Brockville and Ottawa. These schools will be established owing to the munificence of Sir William C. Macdonald, whose purpose is to found one in each province. Properly qualified teachers will be imported from the manual training school in Britain at a salary of £250 per annum. It is understood that the schools will be conducted by Sir. William Macdonald for a period of three years.

THE SILVER REPUBLICANS

Are Trying to Work Up a Boom for C. A. Towne as Vice-Presidential Candidate.

Kansas City, Mo., June 29.—The greatest activity manifested in the vice-presidential canvass before the Democratic National Convention is shown by the managers of Charles A. Towne. General E. S. Corse of Minnesota, who is now here, is making arrangements for the Silver Republican Convention, and at the same time is doing all he can to make Towne's nomination possible. It is the present intention to have an early conference between the committees of the Populist party, the Silver Republican party and the Democratic National Committee, with a view of securing some kind of an agreement for furthering Towne's candidacy. It is quite probable, however, that the Democratic National Committee will refuse to take any responsibility in the matter, on the ground that it is a subject for the convention and not the committee to consider.

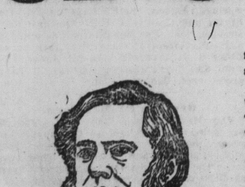
If you are a weak man put a Dr. Sanden Electric Belt around your waist some night this week or as soon thereafter as possible, use it thus for 30 nights, and I promise you will see new life coming back in your debilitated system. This must result, because galvanic electricity is life and strength and nerve force. The Dr. Sanden Electric Belt overcomes all results of excesses in later life or indiscretions during boyhood, though with other attachments it is used by women as well as men for Rheumatism, Nervousness, Lame Back, Kidney Disorders, etc. Write for descriptive book sent sealed, or give me a few minutes of your time at my office, where I show belt and offer free consultation.



Look out for imitators who are trying to thrive upon the reputation I have established. Don't pay any attention to the trick offers being made of "No Pay Until Well," "No Money Down," and "Free Trial" offers, etc. There are all schemes to procure your name and address and are not lived up to. Be careful to whom you send a statement of your private symptoms.

The Dr. Sanden belt is sold on strictly business principles and guarantee them not to Burn or Blister. This is no idle boast, but from a firm of the highest business standing.

Duncan Bole Tells the West Elgin Commission of His Most Exemplary Conduct

WHEN HE WAS IN ST. THOMAS.

Long-Looked-for Witness Swears He Knew of No Crookedness Whatever.

Contrary to general expectation, the long-looked-for Duncan Bole turned up before the West Elgin Commission, when the members met together at the Parliament Buildings yesterday to prepare their report. He explained his absence upon the ground that he had been away from the Soo when subpoenaed, and upon returning and learning from his wife that he was wanted as a witness had hastened to appear.

His account of his participation in the West Elgin election was not sensational, nor even in the least unusual. He had been employed at Ingersoll just before the election by an insurance company, and hearing that A. S. Hardy, Mahlon K. Cowan, M.P., and other speakers were to be present at St. Thomas went over one evening to see the fun. This was two evenings before election day. The next day he remained in the riding and learned of the illness of the D.R.O. at Southwold. He was requested to take his place and did so, and his conduct that day was exemplary. He knew of no wrongdoing, nor had he been a party to any.

This completed the evidence and the commissioners spent the rest of the day in preparing their report. They expect to have the report signed to-day for presentation to the Lieutenant-Governor.

HIRAM LILLY DROPS DEAD.

His Load Had Upset and While Fixing the Harness He Fell—Never Spoke Again.

Kincardine, June 29.—This afternoon Hiram Lilly, working on the farm of Mr. Jacob Wright, Huron Township, dropped dead. He was driving a team of horses with a load to the field and accidentally upset, and while fixing the harness on the horses, after getting them up, was seen to fall and never afterwards spoke. He had been ailing for some time previously.

A HEAVYWEIGHT HANGED

Benjamin Hill Snell, Weighing Nearly 300 Pounds, Was Almost Beheaded by the Rope.

Washington, June 29.—Benjamin Hill Snell, 44 years old, formerly a clerk in the Pension Office, was hanged at the district jail about noon to-day for the murder of 13-year-old Lizzie Wiesenberger, who was employed at his house, and with whom he was infatuated. Snell was the largest man ever executed here. When he was received at the jail Aug. 7 last he weighed 296 pounds and measured 6 feet 6 inches in height. When led to the scaffold to-day his weight was 237 pounds. Notwithstanding that the drop was considerably lessened on account of his size, the rope nearly severed the murderer's head from his body. The doctors stated that his death was instantaneous.

Among those who witnessed the hanging was the father of the murdered girl.

Metropolitan School of Music — A Fine Closing Concert.

Thursday evening's closing concert by the Metropolitan School of Music, given at West Association Hall, attracted a very large audience, and it may be said that the occasion was distinctly worthy of the interest shown. Life and vitality characterized the various performances, and, needless to say, the work shown by the pupils was of a refined and musicianly order. The number of these performances was too great to permit individual comment on the present occasion, and, indeed, space at command will allow only of names, as follows: Pianists, the Misses Mildred Dean, Marion Jack, Nelly Stanners, Ethel Acton, Emily Westwood, Stella Mitchell, Clara Brown, May Wookey, Helen Singer, May Tomlinson, Abbie M. Helmer, Myrtle Corcoran, Gussie Pickard; vocalists, Mr. E. Meehan, the Misses Frances Bower, Birdie Mitchell, Bertha Rogers; reader, Miss Emma L. Duff; violinist, Miss Nelly Walmsley. Messrs. Archer Kennedy and F. Arthur Oliver were the accompanists. Midway in the program and prior to the presentation of the annual examination awards, Mr. Thomas Crowford, M.L.A., president of the Metropolitan School of Music, addressed the audience in reference to the work of the institution, and also of its remarkable progress during the season. He then made the various presentations of certificates, etc., to pupils. Among the special awards were the following: Miss Emma L. Duff, elocution diploma; Miss Mary A. Harris, piano teacher's certificate; Miss Vera Meharg, prize of a portrait of Gluck, for highest standing in the Fletcher Musical Kindergarten class; Miss Ethel Mountain, piano teacher's certificate and a "Barthelmes" silver medal for proficiency; Miss May Tomlinson, the "Mason & Risch" scholarship; Miss May Wookey, piano teacher's certificate and the "D. W. Karn" gold medal; Miss Annie J. Proctor was awarded a second silver medal contributed by Messrs. A. A. Barthelmes & Co., piano action manufacturers, Toronto. Miss Helen Watkins received the "Gerhard Heintzman" scholarship.

The teachers represented by pupils in this concert were: Miss A. J. Proctor, Miss Abbie M. Helmer, Miss Ethel K. Martin, Miss Lillian Burns, Miss Millicent Evison, Miss Celia M. Tufford, Mrs. Sajous, and Messrs. Peter C. Kennedy, L. Sajous, F. Arthur Oliver, W. Y. Archibald and W. O. Forsyth, director of the Metropolitan School of Music.

WALTER HARLAND SMITH, Auctioneer.

LIFT UP YOUR BANNERS, CANADA!

Lift up your banners, Canada, and give the world a sign
That human hearts are throbbing yet with sense of things divine!

Advance the loftier purpose far, rouse the nobler might,
That all the world may benefit when your young armies fight.

Your sudden-girded valor leaped to whelm a gallant foe;
As swiftly ever cast the gage is every cause of woe.

Let truth and kindness mark with peace your conquering warriors' way,
That blood and honor may not be confused with blood and clay.

Within your borders, Canada, the world will look to see
The sterling worth of man and state that sanctions liberty.

The equal law, the service just, the ready chance for all,
That weak and strong unhampered may more lightly rise than fall.

And may they choose who sway the soil, who rule the iron roads,
Who dominate the hoarded gold, to leave the ancient codes,

And seek to lift the lowly up, make room, and share the spoil,
So brains and parts may brace the hearts that fare by tools and toil.

For manhood ever suffers when the golden fetter clanks;
One loving home of labor's meed is worth a million banks.

Among the nations wise and free thus win the rightful place
That crowns a brave humility with victories of grace.

The unexultant deathlessness of heroes famed of old
Your strong discretionary years will animate and mould.

Your daughters, fair as summer days—sons, like your winter storm,
A race shall rear for times to be as keen and yet as warm.

Fling out your banners, Canada, and give the world a sign
That human hearts are throbbing yet with sense of things divine!

Dun's Weekly Trade Review.

Bountiful rains in the Montreal district have done incalculable good, as the country was suffering from lack of moisture, and in some districts hay was getting stunted in growth. The crops are generally reported as looking well; the cold nights are said to have somewhat retarded vegetation, but this is a matter easily made up. Good prices are still being realized for dairy products, with a good export movement in the same, and comparatively little complaint is heard regarding country collections. Failures are few, only four being reported in the district for the week, with liabilities estimated under $25,000. In groceries a fair seasonable distribution is reported, and values in this line all rule very firm. In sugars a further advance was established this week of ten cents a cental, with the New York market still materially above the local level, and a reported scarcity at raw cane sugar. Japan teas are also reported appreciably dearer. It seems to be generally conceded that fall dry goods orders are not so good as last year, but it is expected this will be made up later, and it is claimed those who are holding back calculating on lower prices in this line are liable to disappointment, as all values are being firmly held, and English letters this week report an advance in tapestry carpets, as well as a tendency to advance in linens. Boot and shoe orders are not coming in as briskly as desired, and some of the larger manufacturers are still deferring their main purchases of leather, in which line some little easing off is perceptible. Heavy metals tend to quietness, but quotations for Scotch pig iron are pretty steadily held; ingot tin is again firmer, also lead in a lesser degree. Plates are weaker, Canadas being offered in quantity as low as $2.00 to $2.05. The paint and oil trade is less active. Turpentine is lower by 4c a gallon, said to be largely due to cutting in the west, tho the market is producing points does not warrant such a decline. The quarterly meeting of the Paint Grinders' Association was held on the 28th inst., but no changes in prices were made.

Wholesale trade at Toronto this week was quiet. The situation is pretty much the same as a week ago, with the "rag question absorbing considerable attention. The showers in Manitoba have no doubt been beneficial, but only a small crop can be expected. The shipments of goods west are fairly large, and dealers here are not likely to be as great as had been expected at one time, but for all this eastern merchants have every confidence in the west, as its future will not be marred by one season's bad crop. The harvest in this province will be a moderate one, and the hay crop is likely to be below an average yield. Prices of dry goods continue firm, and manufacturers are busy on orders. Metals are irregular and prices uncertain. Another advance has taken place in sugars, the current prices being the highest in years. Leather is active, and hides and wool a trifle firmer. Cheese is lower this week. Export demand for cattle fairly good at unchanged prices, while quotations for hogs are lower. Money unchanged, prime commercial paper being discounted at 6 to 6½ per cent. and call loans 5½ per cent. The Bank of England discount rate is unchanged at 3 per cent., and open market rate 2⅝ per cent.

Tailors' Bad Backs.

The cramped up position in which a tailor works comes hard on his kidneys and hard on his back. Very few escape backache, pain in the side and urinary troubles of one kind and another.

Oftentimes the first warnings of kidney disease are neglected—think it will be all right in a day or two—but sick kidneys won't get well without help.

DOAN'S KIDNEY PILLS

Are the best friend of "kidneys needing assistance. Read the proof from a tailor who has tried them.

Mr. John Robertson, merchant tailor, Durham, Ont., gives his experience as follows:

"I had been ailing with my kidneys for more than a year when I commenced taking Doan's Kidney Pills, which I got at McFarlane's drug store, and am sincerely glad that I did so. The wrong action of my kidneys made me sick all over and caused me much inconvenience and pain. That is now a thing of the past, because Doan's Kidney Pills cured me. I have had no trouble or inconvenience with my kidneys or back since I took these remarkable pills, and you may be sure that I gladly recommend them to other sufferers."
