Have Your Children Seen Our Toys?

You never saw so many happy children as crowd around our Toys. The girls gaze with longing eyes upon the dolls and the dolls' houses, the toy sets of dishes and furniture and kitchen utensils, and the blackboards and desks for playing school; the boys swarm round the iron toys, the guns that shoot, the horses, wagons and sleighs, the drums and bugles, the cannons and swords, and the soldier suits; and everyone, old aud young, is delighted with our fish pond and amazed at the beautiful mechanical panorama, where trolley cars run round curves and through tunnels, and British soldiers dash up and down Boer Popjes. If your boys or girls have not seen all these things in our Basement Toyland, they're missing the greatest delight of this Christmas season. Come at once. Come in the morning if you can.
