THE receipt of eulogistic letters regarding the tone qualities of the Gerhard Heintzman pianos is a matter of almost daily occurrence, hence we have been in no haste to publish the annexed complimentary document, but the numerous patrons and admirers of the Gerhard Heintzman piano, to whom the original has been shown, have urged us to make the contents public in order that friends might know how preeminently this wonderful instrument upheld the honor of Canadian art manufacture on this now historic occasion. Although not officially entered as an exhibit (being solely for the use and accommodation of visitors) it probably attracted more favorable attention and comment than any other Canadian production upon the grounds.

We shall be pleased to furnish catalogues and correspond regarding terms of payment with all who may write to us at 188 Yonge St., Toronto, or 66 King St. West, Hamilton.

It affords me much gratification to state that the magnificent plano you sent for use in the Canada Building, at the Pan American Exposition, just closed, was a source of much pleasure and pride to our many visitors.

The piano was very much admired, not only from its artistic appearance, but from its wonderful quality of tone, and had it been entered for competition, a medal would have been ewarded it. It furnished decided proof that in this Department, as well as in many others, Canada is in no way inferior to the United States, or in fact the world. I am

A Word as to Prices

As a result of consolidation of interests and saving of expense we are enabled to offer the best known and most reliable pianos at prices ranging from \$50.00 to \$75.00 less per piano than are asked for instruments, claimed to be in the same rank, in manufacturers' stores.

Our Offer as to Terms

We offer to supply the Gerhard Heintzman Piano anywhere in Canada on payments of \$15 cash and \$7 per month, and instalment purchasers will have the privilege, up to March 31st, of buying at our net cash prices (see below), plus a slight addition for the cost of carrying the transaction. Write us at once telling what terms will meet your convenience and we will send you full information by return mail.

Anyone entering our store can find out in ten minutes the net credit or cash price of any piano in it. The common practice of asking \$500.00 for an instrument and dropping by degrees to \$300.00 has no place in our methods. If we can sell a given piano for \$300.00 we say so at once and save the purchaser time, annoyance and money. So greatly has the public appreciated this system of plain figures and straight prices that our retail and mail order business has grown to be the largest in Canada.

HERE ARE OUR MARCH PRICES FOR GERHARD HEINTZMAN PIANOS, admittedly the finest in Canada:

Style 14, \$375, less 20% for cash, net \$300 Style 16. \$400, less 20% for cash, net \$320 Style 22, \$450, less 20% for cash, net \$360 Style 28, \$475, less 20% for cash, net \$380 N.B.—We reserve the right to decline an order coming from a city or district where the sale of these planes may be locally in other hands
