BASEBALL PRESIDENT'S SALARY Ban Johnson's Work in American League is Appreciated.

Chicago. Dec. 18.—As evidence of their faith in President Ban Johnson, the officials of the American Basebail League, at their annual meeting here to-day, voted to raise his salary \$2500 a year, the agreement to last for six years, or as long as the present agreements of the clubs composing the league exist. This wil makel his salary \$10,000. In addition to this, the officials unsuccessfully attempted to persuade Johnson to accept a present of \$5000, which they voted him in recognition of his work.

The principal topic under discus-

of his work.

The principal topic under discussion at to-day's meeting was the Washington Club and its affairs. President Johnson stated that everything had been practically arranged for the transfer of the Washington club to a new syndicate. As the syndicate's representation was unable to be present, Johnson will go to Washington to complete the negotiations. A resolution was adopted giving Mr. Johnson power to act for the league and the deal will be closed. Manager Loftus announced that he would be with the Washington club next year, provided that he sethat he now owns in the club.

A resolution was adopted to the effect that no club shall have more than 16 players on the salary list after

President Johnson was authorized to appoint a committee to change the con-stitution to conform to the present conditions of the new national agree-A schedule committee was appointed which will confer with a corresponding committee of the National League. While this committee was uninstructed the general sentiment of the magnates is for a shorter schedule than the 154

the National League Committee to the same view. Adjournment was taken until March 3. when another meeting will be held in New York to ratify the work of the schedule committee.

DEFENCE WILL BE BRIEF.

Against Mrs. Rogers, Bennington, Vt., Dec. 18 .- Expert testimony for the prosecution concernthe handwriting on the slip of paper pinned to the hat of Marcus M. Rogers, pinned to the hat of Marcus M. Rogers, for the alleged murder of whom Mary H. Rogers, his wife, is on trial here, was continued to-day. Experts have testified that the note was a forgery. Mrs. Rogers to-day showed plainly the strain of the trial. After two expert handwriting witnesses had been subjected to cross examination and a re-direct examination the State's attorney announced that the state rested. Adjournment was then taken for the day.

The witnesses of the defence will e few and the testimony brief, in be few and the testimony orier, in marked contrast with the evidence of the prosecution, which occupied more than a week. It is even believed that the arguments will be begun before court adjourns at noon to morrow.
