

NEW GERMAN CREDIT.
Amsterdam, Feb. 16.—The German war credit bill, which will introduce a new session of Reichstag, will probably call for a loan amounting to the 12,000,000,000 marks raised by the last levy, according to the Berlin Vorwärts. The Reichstag will convene on February 22.

WOMEN'S AILMENTS

Come From the Heart and Nerves.

Young girls budding into womanhood who suffer with pains and headaches, and whose face is pale and blood watery, will find Milburn's Heart and Nerve Pills build them up.

Women, between the ages of 40 and 50, who are nervous subject to hot flashes, feeling of pins and needles, smothering feeling, shortness of breath, palpitation of the heart, etc., are tired over this trying time of their life by the use of this remedy.

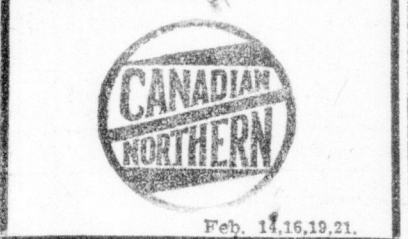

Milburn's Heart and Nerve Pills have a wonderful effect on a woman's system, making pains and aches vanish, bringing color to the pale cheek and sparkle to the eye.

The old, worn out, tired out, languid feelings give place to strength and vitality, and life again seems like living.

Mrs. Alfred Winter, Castor, Alta., writes: "I would like every woman who is suffering from nerves or heart trouble to know how much Milburn's Heart and Nerve Pills have helped me. For two years I kept a hired girl, and was doctoring all the time. After having taken four boxes of your pills I am able to do all my own work. I would especially recommend them to women between 40 and 50, as at that time they are more liable to be far from well. One of my neighbors knows how they helped me, and she is now using them." Milburn's Heart and Nerve Pills are 50c, or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont., at all dealers.

NOTICE

Commencing Monday, February 12, Transcontinental train for Sudbury, Port Arthur, Fort William, Winnipeg, Brandon, Regina, Saskatoon, Calgary, North Battleford, Edmonton, Vancouver and the Pacific Coast, will leave Toronto Union Station at 9 p.m. instead of 10:45 p.m., Monday, Wednesday and Friday.

FOOD RIOTS ALMOST EVERY DAY NOW IN CITIES OF GERMANY

Lower Classes Are on Verge of Starvation.

MACHINE GUNS ON MOB

Many Women Reported Injured in Fierce Fight at Hamburg.

NEW YORK, Feb. 15.—The Tribune this morning says:

"The lower classes in Germany are on the verge of starvation, and food riots in most of the cities are of almost daily occurrence, according to a story told here by a German woman who returned from her native land on the steamer Nordmark. During a food riot in Hamburg, she said, the police turned machine guns on a mob. Many persons were beaten and thrown into prison, she asserted.

Economic conditions in Germany are growing worse daily, said the returned traveler. Meat rations have been reduced to 120 grammes a week, and often persons going to the meat stalls for their portion find the supply has already been exhausted. Only two eggs a month are allowed. As a Christmas present the woman in question received from her relatives a half-litre of milk.

Many women were injured, it is said, in the riot in which machine guns were used. During another great street demonstration, the woman declares, the 17th Regiment refused to attack the mob. Other military bodies which were ordered to shoot the rioters refused, she asserts.

The scarcity of food and the high price of meat are said to have caused deep feeling among the poor against the upper classes. Extraordinary means, it is stated, are necessary to prevent uprisings in the rural districts. As a sample of high prices, a goose now costs 100 marks, and a ham 140 marks. The official allowance of rations consists of 2 potatoes, a piece of dry bread, a slice of beef and black coffee. Bones are distributed daily in the streets.

ANOTHER ATTEMPT ON NEW YORK WATER DUCT

Shots Fired at Guards On Sentry Duty—Police Investigate.

OSWEGO, N. Y., Feb. 15.—Two members of the National Guard on sentry duty last night around the state armory today reported to their commanding officers that they had been fired upon during the night.

A bullet passed through the coat-sleeve of one of the sentries, grazing his arm. Military officers and Oswego police are endeavoring to discover from where and by whom the shots were fired. Tracks in the snow discovered at a point where the shots might have been fired, were followed by a detail of infantrymen, but without results. The two shootings following so closely on the death Tuesday night of a guardman shot while investigating suspicious lights near the New York water supply aqueduct, are regarded by the militia authorities as peculiar.

GERMAN STEAMER MADE RAIDER "CACHES" IN PACIFIC

Established Supply Bases in Lower California, Says Captain.

San Diego, Cal., Feb. 15.—Information tending to support reports that a German steamer had been plying along the Lower California coast for the supposed purpose of collecting and caching supplies for a German raider was brought here today by Capt. H. J. Brandt of the schooner W. & K., which arrived from Magdalena Bay.

Capt. Brandt said he was told by Enrique Flores, jefe politico of Magdalena Bay, that early in December a steamer sailing the German flag had entered the bay and remained more than twelve hours. Capt. Brandt quoted Flores as saying that the steamer believed to be the schooner W. & K., which arrived from Magdalena Bay for the purpose of picking up a number of sailors from the fleet of German sailing vessels warbought at Santa Rosalia, on the Gulf of California. At that time the British cruiser Rainbow was standing off Santa Rosalia keeping watch over the German ships.

Three Japanese warships were sighted recently off Cape San Lucas at the extreme tip of Lower California.

EVIDENCE CONFLICTS ABOUT POKER GAMES

Court Room Crowded for St. Thomas Gambling Case.

ST. THOMAS, Feb. 15.—The court room of the city hall was well filled on Thursday when the charges against George P. McColl, proprietor of the Queen's Hotel, for permitting gambling on the premises, was heard. The evidence was conflicting, and Police Magistrate Hunt postponed the case until February 22nd to allow several crown witnesses to give testimony. They were unable to be present today. George Crump stated that on Sunday, January 28, he participated in a game of poker at the Queen's Hotel, and that Proprietor McColl took a rake-off of ten cents out of each pot. Crump acknowledged having about \$16 when he "sat in," and went home broke.

Ben J. Gonschak testified that he had played a little game of draw poker at the hotel, the only rake-off he had ever seen was a few cents taken off, which he purchased pie and a glass of milk for the players. Charlie Lalonde swore he had played cards frequently at the hotel, but never poker; it was always casino or rummy, and just to pass away the time. He had never witnessed a game of poker in the house.

Willie McCarthy admitted having a game of poker at the McColl place, but also swore positively that he had never seen defendant take a nickel out of a pot.

"We took out some money for our own benefit to buy pie and local option beer," said the witness. Joseph Worden testified that he had not had a game of poker for more than six months.

George Rourke stated that he was often in the hotel, but had only indulged in games of rummy and casino. Pat Carter also denied ever seeing a game of poker at the hotel.

Dan Walker, who gets meals at the Queen's, stated he had no knowledge of any card games going on at the place.

"Wyn" Hill denied ever indulging in the American game at the Queen's.

Submarines Will Stand In First Rank of Germany

Kaiser, in Order to "My Navy," Tells What He Hopes From U Murders.

AMSTERDAM, Feb. 16.—Via London.—The following imperial order, signed by the German emperor, and addressed to "my navy," is published in the Marine Verordnungsblatt, according to a Berlin dispatch:

"In the impending decisive battle, the task falls to my navy of turning the English war method of starvation, by means of which our most hated and most obstinate enemy intends to overthrow the German people, against him and his allies by combating their sea traffic with all means in our power.

"In this work the submarines will stand in the first rank. I expect this weapon to be developed with wise foresight at all our admirals' yards, in co-operation with all our other naval fighting weapons, and supported by the spirit which during the whole course of the war has enabled us to perform brilliant deeds. It will break our enemies' war designs."

Misery in Back, Headache and Pain in Limbs

Dear Mr. Editor.—For more than a year I suffered with misery in the back, dull headache, pain in the limbs, was somewhat constipated and slept poorly at night until I was about ready to collapse. Seeing an account of the wonderful qualities of "Anuric," prepared by Doctor Pierce, of Buffalo, N. Y., I sent for a box, and before using the whole box I felt and still feel improved. My sleep is refreshing, misery reduced, and life is not the drug it was before. I most cheerfully recommend this remedy to sufferers from like ailments. Yours truly, W. A. ROBERTS.

Note.—You're all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists of Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles.

Up to this time the "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "Anuric" for their anxious customers in and around this locality. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment. Editor.—Please insert this letter in some conspicuous place in your paper.

BRITISH RELIEVE DOCK CONGESTION AT NEW YORK PORT

Change to Halifax for Examination Is Helpful.

CAN SKIRT THE SUB ZONE

Many Neutral Vessels Will Now Sail for Old World Ports.

New York, Feb. 16.—The Associated Press this morning says: The British Admiralty's decision to permit neutral vessels sailing from American ports for Europe to undergo examination at Halifax instead of at Kirkwall or Palmar, brought immediate relief today to the congested cargo situation at New York. Steamships of the Dutch and Scandinavian lines which have been held in this port on account of the submarine blockade made preparations to sail by the new route, and it is expected that several will get away before the end of the week.

By stopping for examination at Halifax, vessels bound for Holland and the Scandinavian countries will be able to skirt the northern boundary of the blocked water announced in the German pronouncement. While ships of American registry have the same privilege, there was no indication today that their owners would follow the example of the Dutch and Scandinavian liners and send their vessels to sea. The stagnation of American shipping, however, is complete only so far as the big passenger liners are concerned. Several freighters that fly the Stars and Stripes are making preparations to follow the few American cargo boats that already have braved the submarine danger.

Shippers await further information from London or Ottawa in regard to regulations governing the examination of vessels at Halifax. No official announcement has been made as to whether west-bound ships also may call at that port for examination. Congestion Unnecessary. Agents of the big British steamship lines declared today that there was no need of any congestion of ocean cargoes at American ports. One of them pointed out that Great Britain has about forty steamships now at New York ready to leave when loaded, and representing a cargo capacity of 150,000 tons. The same authority asserted that there were in port here today about 250 steamships of British, French, Scandinavian, Dutch, Spanish, Italian and American registry, and estimated their carrying capacity at 750,000 tons. This includes vessels engaged in coastwise trade.

CHICAGO, OPTIMISTIC. Chicago, Feb. 16.—While leading representatives of transportation lines, manufacture and finance admitted that the embargo on freight and the congestion at the railroad terminals in the east and the middle west, presented serious obstacles, they were optimistic today concerning the developments of the near future.

The decision of the British admiralty to permit neutral vessels sailing from American ports for Europe to undergo examination at Halifax instead of at Kirkwall, was pointed to as likely to bring relief from the congestion in a short time.

Warehouses Filled. Hale Holden, president of the Chicago, Burlington and Quincy Railroad, said: "The present embargo, I believe, will be of short duration. With sufficient bottom available, I believe the situation would adjust itself in 30 days.

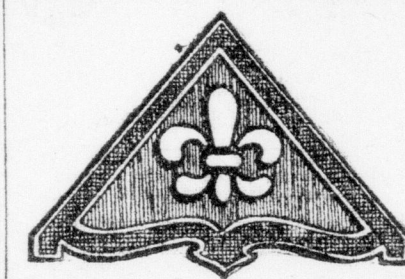

The car situation is serious, of course. Last month there were 120,000 western cars in the east. In addition, all terminal warehouses are filled to bursting with freight stored to relieve cars, and this method of relief is impossible in the future.

SWEDEN TAKES OVER ALL GRAINS OF THE KINGDOM

London, Feb. 16.—A Stockholm dispatch to Reuters says that the Swedish Government has decided to take possession of all stocks throughout the country of barley, oats and cereal products. The use of potatoes for feeding animals has also been prohibited.

BEHIND CLOSED DOORS. KITCHENER, Feb. 15.—For the second time the finance committee of the city council held a session behind closed doors tonight to discuss the question of employees' salaries. The members of the council previously unanimously declared themselves in favor of open committee meetings.

MADAME RODIN DEAD. Paris, Feb. 16.—The Petit Journal reports the death at Meudon, after a long and painful illness, of Madame Auguste Rodin, the wife of the famous sculptor. Mme. Rodin, whose maiden name was Rose Buere, was married on January 29 to the sculptor.

We Will Place on Sale
