HUNDREDS ATTEMPT TO KEEP LONDON PRIEST OUT OF CHURCH; POLICE CLEAR PATH AT FORD

Parishioners Riot and Hurl Missiles, and Mayor Reads Riot Act Before Crowd Disperses-Militia Details Are Summoned To Restore Order.

WINDSOR, Sept. 9.-Amid a shower of bricks, stones, chairs, shovels and other missiles thrown by "conscientious objectors" of Our Lady of the Lake Church, Ford, Rev. Father Francois Xavier Laurendeau, assisted by fourteen police officers took possession of the church presbytery late Saturday afternoon.

Even after the priest and his bodyguard had forced their way through a crowd of more than 200 men in front of church property they found their entrance blocked by perhaps three score women and children of the parish who had been stationed there by the men as a reserve force to prevent the priest rom taking possession.

RIOT ACT READ BY MAYOR. So threatening did the situation become at one time that Mayor Charles Montreuil of Ford, attempting to pacify the rioters, was compelled to read the riot act, before the crowd would disperse. Several police officers were slightly injured by missiles hurled from the crowd.

Twelve ricters were arrested, but were later released on orders of Crown-Attorney Rodd, after they had promised to remain away from the church. Father Laurendeau, accompanied by Father O'Connor, vicar-general of the London diocese, arrived in the city at 3 o'clock Saturday afternoon, with written instructions from Bishop M. S. Fallon, to take possession of the Ford church, in spite of the announcement by members that any such effort would meet with resistance. Chief of Police Maisonville assembled thirteen policemen from Windsor, Walkerville, and Ford, and accompanied Fathers Laurendeau and O'Connor.

PARISHIONERS ANSWER ALARM.

At 4 o'clock word reached the guards at the church that the officers were on their way to take possession. Immediately the guards rang the church bell, apparently a pre-arranged signal in the event of trouble. From every part of the town came the members carrying every imaginable sort of weapon except firearms. The men grouped themselves on the sidewalk stationing the women and children at the entrance door inside the presbytery.

trouble at Ford City is due to the activities of outsiders. Every possible means to settle the matter amicably was used. Father O'Connor, vicar-general of the Diocese of London, spoke as above to The Advertiser on his return from Ford City. He was in the centre of the rioting on Saturday afternoon, and is convinced that the trouble will soon be all settled now that those responsible are under arrest. In the absence of re under arrest. "Nature" chose Assam

Scientists tell us that Assam in 'northern India was the original home of the tea plant. Thousands of years ago "Nature" chose the climate and soil of this favored region as most suitable for growing tea.

It is, therefore, natural that the hillside gardens of Assam (see picture) grow the teas which to-day are famous for their flavor, fragrance and rich strength.

It is of these Assam teas, skilfully blended with choice Ceylons, that Red Rose Tea consists. It is this rich Assam strength that users of Red Rose Tea must thank for its splendid economy-for the greater number of cups it yields to the pound, fully one-third more than ordinary teas.

To make certain that these Assami qualities are fully preserved for you we put Red Rose Tea into dust, odor and air proof sealed packages. Red Rose Tea reaches you pure, fresh and full strength-we guarantee it.
