Mysterious Young Woman Not In Hurry to Accept Challenge to "Disappear" in This City.

ple of their respective cities that if they were given half a chance they would this pretty upstart her place. The New York correspondent of The World found the mysterious Dolly surrounded by a group of detectives and

newspaper men. The World correspondent openly chal-lenged Miss Dimples to give her game

a try-out in Toronto.

Miss Dolly Dimples did not think very well of coming to Toronto apparently, as she attempted to sidestep the direct issue, pleading engagements would keep her occupied in and around New York for several days.

The fact that Miss Dolly Dimples did

not immediately accept the challenge issued by The Toronto World was taken as indicative that she was somewhat dubious about her success in a city where she was absolutely unfamiliar with conditions and people.

Miss Dimples motioned The World correspondent aside and for the next ten minutes plied him with varied questions concerning the police and general public of Toronto. Miss Dimples has her own system for finding out things, and when she returned to the group of newspaper men and described as the constitution of the period of the proup of newspaper men and described as the constitution of the proup of the constitution of the proup of the constitution of the cons issued by The Toronto World was takthe group of newspaper men and detectives she remarked to Detective Ber-

Another Case in Which Dr. Hamilton's Pills Saved a Life That Physicians Despaired of.

What a pitiful sight it is to see a handsome, able man being gradually robbed of good looks, health and ability to work. Such cases are frequent— the one here described being that of E. P. Lascelles, a well kown Printers' man, residing in Hamilton 'About six months ago I began to notice a worn, tired feeling coming over me. I was unable to shake it off. It was not the fatigue that follows hard work-it was sort of an unac-countable laziness that assailed me. I was anxious to work, but didn't have the energy. Something was dragging I got tired of taking prescriptions that did me no good and used Dr. Hamilton's Pills. Their action soon proved to me that I was suffering from terribly congested liver and acute digestion: Dr. Hamilton's Pills findigestion: Dr. Hamilton's Pills brought back my appetite, cured the Ptavy pain in my side and back, gave rec a new grip on life. ANXIOUS MOMENTS FOR YOUNG MOTHERS.

The hot weather months are an anxious time for all mothers, but particularly for young mothers. They are the most fatal time of the year for babies and young children, because of the great prevalence of stomach and bowel troubles. These come almost without warning, and often before the mother realizes that there is danger the little one may be beyond aid. No other medicine can equal Baby's Own Tablets in promptly curing bowel and stomach troubles, and an occasional dose given the well child will keep the stomach and bowels free from offending may be the means of saving a little standing, killing a horse and badly inlife.
