MONTREAL OPINION ABOUT UNANIMOUS FOR A TARIFF WALL

Only Discordant Note Sounded by Two Representatives of United Farmers.

SESSION IS CONCLUDED

Montreal, Nov. 19.—(By Canadian Press)—After five days of hard work, the tariff commission concluded its sittings here this afternoon. During the sittings, briefs were presented by thirty leading industries, of which each asked for a continuation of the present moderate protective tariff and a few asked for a higher rate of protection, contending they had been placed in a disadvantageous position by reason of United States dumping. The general opinion was that, without a safe and sane tax, Canadian industries would be dominated by United States and other outside industries, and this view was also upheld by representatives of smaller municipalities throughout the Montreal district. Market gardening, truck farming and agricultural districts adjoining manufacturing centres strongly endorsed the same view.

Farmers Differ. The only discordant note against tariff was sounded by two representatives of the United Farmers of Quebec, who, however, in the factum they presented, made statements that did not aid their case, and which were shown either to be greatly exaggerated or in accordance with the facts. At the close of the sessions here, F. W. Stewart, chairman of the Montreal branch of the Canadian Manufacturers' Association, thanked Sir Henry Drayton and the other commissioners for the patient and courteous manner in which they had conducted the en-

CHIEF OF STAFF HAD CLOSE CALL

Head of Republican Army Jumped From Window When House Raided.

BREACH WITH "REPUBLIC"

Dublin, Nov. 19.—The chief of staff of the Irish republican army had a narrow escape from capture by the crown forces last Tuesday night when the house in which he was secretly living was raided, according to an official announcement. It was in this raid that the military captured documents concerning the alleged plot to infect crown troops with typhoid and cavalry horses from capture by Sir Hamar Greenwood, chief secretary for Ireland, announced in the house of commons yesterday.

When the military entered the house the chief of staff jumped from the window, and, negotiating a 61-foot wall, got away. As the greatest importance was attached by the military to his capture, they threw out elaborate cordons, but without effect.

The official announcement says the documents were captured in a raid on the house of Professor Michael Hayes.

Will Ignore Dail Eireann. The county council today passed a resolution deciding in future that it would comply with the requirements of the local government board and carry on business, regardless of certain decrees of the Dail Eireann (Irish republican parliament) recently issued.

This is the first breach among the local bodies in loyalty to the Dail Eireann. It synchronizes with an application made by the local government board in the Dublin courts against the Dublin city council, the Monaghan and Cavan county councils to enforce the right of supervision.

Twelve Arrested in Raids. From early this morning until this evening the military was busy raiding in all parts of the city. The places raided included the offices of the food emergency committee in the city hall. Twelve persons were arrested during the raids.

Ulster College Destroyed. Belfast, Nov. 19.—The Ulster College of Education at Clough-Ancey, County Down, was destroyed by fire today. The co-operative stores there also were burned. Both fires are believed to have been of incendiary origin.

ITALIAN CHAMBER GRANTS THE SUFFRAGE TO WOMEN

London, Nov. 19.—The Italian chamber of deputies, by a vote of 240 to 10, has granted women the suffrage, says a despatch to The Exchange Telegraph from Rome.

GENUINE REDUCTIONS.

Don't forget the special sale of men's hats and overcoats specially advertised for today only at Dineen's, 140 Yonge street. Every overcoat in stock reduced considerably in price; hats of the finest quality made by such high-class makers as Hillgate, Heath, Christy, at \$7.75; Stetson and Borsalino at \$8.75; a special offering today of odd sizes and broken lines at \$4.75, worth up to \$7. All the new colors in Christy's, \$8; soft hats only \$5.95. Come as early as you can. Dineen's close at 6.

PRE-WAR PRICES IN COARSE GRAINS

Wheat Also Plunges Downward on the Chicago Market on Heavy Offerings From Canada—Market of the United States Glutted With Canadian Cattle as Well as Grain.

Chicago, Nov. 19.—Pre-war prices made their first appearance today in the grain market. Corn and oats were sacrificed wholesale in the trading pits until both cereals were squarely on an anti-bellum basis of value. Transactions in wheat were also of great volume, with prices slashing in progress. December wheat closed at \$1.72, December corn at 66¢, and December oats at 44¢.

Persistent liquidation of corn especially was explained by bears as due to the necessity of a price low enough to induce consumers to stock up ahead of requirements and to impel buying on the part of investors. This view, however, was being actively combated late in the day by the bulls with the question as to whether, with pre-war prices already attained, the period of deflation was not now fully over, or at least as far as cereals were concerned.

GERMANY CLAIMS MISAPPREHENSION IN SIGNING PACT

Will Not Now Be Bound by Clause Affecting Colonies and Mandates.

EXPECTED TO SHARE COUNTS ON ITALIANS

Geneva, Nov. 19.—The German government no longer considers itself bound by the clause of the Versailles treaty, by which Germany surrenders her colonies to the allies, according to an official note on protest, which has been presented to the League of Nations. The note declares that the allies have not fulfilled their undertakings regarding the clause of the treaty concerning the allotment of the German colonies and mandates. It adds that, having accepted the pact of the League of Nations, Germany understood she would be admitted to the league and consequently take part in the allotment of mandates, but that now she no longer considers herself bound by that clause of the treaty.

REFUGEES THROG CONSTANTINOPLE

Local Relief Committees Are Overwhelmed With Task of Relieving Situation.

Constantinople, Nov. 19.—Large numbers of refugees are still arriving from the Crimea. Several shiploads, which arrived today, are expected to bring the total up to 140,000. Local relief committees of various nationalities are overwhelmed with the task of relieving the situation. Hundreds of the refugees are starving and it is feared that unless immediate outside help comes a catastrophe is inevitable. A Red Cross unit has been mobilized to prevent the spread of disease.

GERMANS AND CZECHS IN RIOTS AT PRAGUE

Crowds Attempt to Storm Parliament Buildings—Police Inspector Killed and Buildings Destroyed.

Prague, Nov. 19.—Three days' rioting culminated yesterday in an attempt by the crowds to storm the parliament buildings, despite efforts by mounted police to hold them in check. Four times deputations forced their way to the back doors of the building and demanded that the premier surrender the German deputy, Baern, who, it has been reported, spoke in a disparaging manner of the Czechoslovakia legation. The trouble began on Tuesday after a mass meeting. The German dramatic theatre was occupied by the Czechs and the statue of Joseph II. was removed from the square. In retaliation, the Germans demolished a Czech school. German senators and deputies walked out of parliament as a protest. Police Inspector Stihg was dragged from his horse during the disturbance and instantly killed. The statue of Bismarck was paraded thru

\$2,000 in Silver, 200 Cases Liquor Found in Pigeon

St. Catharines, Nov. 19.—Police in searching the pig pen of Antonio Costello at Thorold for a quantity of silver stolen from Niagara Falls, came upon a cache of 200 cases of American whiskey and gin, with about \$2,000 worth of silver. Costello, who is out on bail, pending hearing of the charge of silver theft before the Niagara Falls magistrate, was taken before the Thorold magistrate and fined \$250 for a breach of the O.T.A. The liquor was confiscated.

EX-SERVICE MEN CAUSE DISORDER AT BIG MEETING

Gather Outside Massey Hall to Await Premier Meighen.

NO HARM IS DONE

Outside Massey Hall ex-service men gathered in their thousands from 6:30 to 11 o'clock in the hope of hearing Hon. Arthur Meighen for a few moments, either before or after his address in the hall. The wait was in vain. Mr. Meighen did not appear, neither were the front doors opened until the meeting was over when the gathering within the hall was let out to the tune of prolonged "boos" from scores of throats. The conduct of those outside was orderly, except at the moment the people were coming back, when one of them stated that he was sick and that he had a few moments to say "hello" to Mr. Meighen. Someone did, and a scuffle ensued. Finally, the police, of whom there were about 50 in the present, visited the foothold man so restless, which he did in some disorder.

CONSTANTINE TALKS AS F RESTORATION WAS ACCOMPLISHED

Discusses What the Future Foreign Policy of Greece Should Be.

DISCUSSING WHAT THE FUTURE FOREIGN POLICY OF GREECE SHOULD BE.

Paris, Nov. 19.—Former King Constantine of Greece today outlined views of the future foreign policy of Greece to a representative of The Petit Parisien. "Our policy," Constantine is reported to have said, "will be one of peace. We must reach an agreement with Bulgaria concerning Bulgarian outlets to the sea, and also must conclude with Serbia a lasting agreement. "Concerning Asia, we will hold out for restitution of Greek territory, and eventually we will accept in arriving at such relations with Turkey as will put an end to the massacres of Greeks in Asia Minor. "I always have tried to establish friendly relations with Roumania and Turkey, and still maintain that our efforts should be united. But in order that this may be done, Turkey must accept the accomplished fact created by the Sevres treaty. "We shall keep to the letter of the treaties just signed. It would be solely with the aim of insuring their execution that we would accept co-operation with the 'little entente.' Such co-operation even then would be conditional upon Greece not being dragged into any adventure. "Referring to the situation created by the defeat in the elections of Premier Venizelos, Constantine is reported to have said: "I can count upon the sympathy of Italy, and England, itself, if it desires, will find in me as faithful a collaborator as my former premier. Regarding France, when the truth is known, she will find that I never wished to break with my father's traditions."

BETTING THOUSANDS ON BY-ELECTION

United Farmers Are Covering All Offers in East Elgin.

London, Ont., Nov. 19.—Thousands of dollars in wagers are upon the East Elgin campaign, and the United Farmers are still covering all offers and backing their men to win. The Conservatives are betting two to one on Stansell, the government candidate. In St. Thomas tonight odds are even as far as Charleton, the Liberal candidate, is concerned. "It is still anybody's fight, and with favorable weather on Monday every one of the 11,000 voters will be got to the polls. Just what the women will do is uncertain, and their votes may swing the election. It is expected that Premier Meighen will fire the closing guns of the campaign at a massive rally in Ajax on Saturday night. The United Farmers' campaign has been quiet, but a heavy farmer vote will be polled. W. G. Charleton has fought thruout practically single-handed.

Black and Tan Warning Released Jail Warden

Dublin, Nov. 19.—Thos. Griffin, the warden of Cork jail, who was kidnapped October 10 while on his way to his home, returned to his home today. Shortly after Griffin was kidnapped, a notice posted by unknown persons, was found on the door of the offices of The Cork Examiner, saying: "Final notice: If Warden Griffin is not released within forty-eight hours, Cork will remember his abduction." The notice was signed: "By order of the Black and Tans."

PREMIER MEIGHEN'S STAND FOR MODERATE PROTECTION APPEALS TO BIG AUDIENCE

HON. ARTHUR MEIGHEN

POINTS IN PREMIER'S SPEECH

Our chief task now is to accomplish the greatest possible measure of unity at home. The level of protection must not be higher on any line of goods than essential to keep the business here. The Canadian tariff is the lowest it has been since 1878 and is lower than the protective tariff of any other country of any size in the world. All who vote for farmer candidates are voting against protection in practice, principle and everything else. The Mackenzie King platform, adopted in August, 1919, does not declare against protection or even mention the subject at all. The leaders of the official opposition, except Hon. Mr. King, who refuses to say yes or no, namely, Lemieux, Fielding, Boland and David, have declared for the protection principle. We are buying from the United States more than two dollars' worth of goods for one we sell to them and we don't want to make this condition of a policy of confiscation. The government will not reopen the question of a cash gratuity to returned soldiers. A committee, composed mainly of returned men, will be appointed at the next session of parliament to deal with re-employment, pensions and other problems of war veterans, and the government will carry out its recommendations. No effort will be spared to find employment for workless men this winter. More returned men are making good under the land settlement scheme in Canada than in all the other belligerent countries combined. Immigration that will tend to take away work from returned soldiers will be discouraged.

AGAIN URGED TO ADMIT FORMER ENEMY STATES

Great Britain, Thru Labor Member, Adds Her Voice to Four Other Countries at League Assembly Meeting.

Geneva, Nov. 19.—Mandates, open diplomacy and the admission of former enemy states to the League of Nations furnished today's material for discussion in the assembly of the League of Nations. For the first time the word "revision" was pronounced—in connection with article eighteen of the covenant of the league, which provides for the registration of treaties or international engagements. For the first time also, the viewpoint of labor as regards the league was presented. The views of labor were presented by Geo. Nicol Barnes, of the British delegation, who gained applause when he declared that "a general peace is impossible until we have industrial peace, and industrial peace is impossible until labor gets its full share of the product of its own effort."

Twice again the admission of former enemy states into the league was advocated. Labor was quoted by Mr. Barnes as in a large majority demanding that the league be reorganized. There now have been represented in the demands for the admission of the former enemy states South Africa, Great Britain, Switzerland, Argentina and Scandinavia. It still appears, however, that no one of the delegations is ready to take the initiative in proposing the election of Germany to membership. Lord Robert Cecil, of the British delegation, had said that he would not do so, and Honorio Pueyrredon, head of the Argentine delegation, who has spoken strongly in favor of Germany, still appears, however, that no one of the delegations is ready to take the initiative in proposing the election of Germany to membership.

Lord Robert Cecil, of the British delegation, had said that he would not do so, and Honorio Pueyrredon, head of the Argentine delegation, who has spoken strongly in favor of Germany, still appears, however, that no one of the delegations is ready to take the initiative in proposing the election of Germany to membership.

M. Motta's appeal for the most open diplomacy thru the publication of treaties made a great impression on the assembly. He made an error in detail, however, when he said that only nine treaties had been registered, five of which were Swiss. Fifty-five treaties have been registered, but nine of them only thus far have been published of the fifty-five, nine are German, including the treaty of Brest-Litovsk and the treaty with Latvia. It is now expected in league circles that treaties, such as the Franco-Belgian military understanding, will be integrally registered, since their denials value largely depends upon secrecy.

Massey Hall Unable to Accommodate the Thousands Who Wish to Hear Premier, and Despite Scattered Heckling, Attentive Hearing Is Given—Ex-Service Men Are Told That Government Cannot Reopen Gratuity Question.

Massey Hall was filled to overflowing last night by Toronto people anxious to see, hear and welcome Right Hon. Arthur Meighen, premier of Canada. Massey Hall could, and would, have been filled two or three times over if any considerable percentage of the multitude which surged about the great building, anxious to greet the new prime minister, could have gained admission. An hour before the time advertised for the meeting to open, the hall was filled to capacity. It was an audience heartily in accord with the orator of the evening, which eagerly seized every opportunity to voice its loyalty and enthusiasm.

There were, however, some present who came to make a disturbance, and early in the proceedings there were numerous cries of "We want Flynn." Chairman J. R. L. Starr made no headway against this disorder until he called upon Mayor Church for the first speech of the evening.

His worship told the soldiers of the "soldier city of Toronto" that they must give the young premier a fair chance, and he could assure them that all complaints would be investigated and all reasonable demands receive sympathetic consideration. Incidentally, T. L. shot some poisoned arrows at Mr. Meighen's predecessor. He rejoiced that we, at last, had a premier with some backbone, a man who knew his own mind and was able to say yes or no. The mayor was severe on Premier Drury as the assassin of Hydro; and in closing declared that he was born a Tory and a Tory he would die.

Guthrie is Heckled. The mayor was followed by Hon. Hugh Guthrie, minister of militia and defence, who was subjected to some heckling and demands for a general election. Mr. Guthrie took these in good part, but was beguiled into a rather long historical argument in defence of his proposition that the Meighen government need not go to the country until the summer of 1923. He declared himself a Protectionist, and said he had supported Sir Wilfrid Laurier in the house of commons, not because he preached free trade, but because he practised Protection.

Meighen to War Veterans. Mr. Meighen, on rising, received a great ovation. He expressed his regret that so many people had been prevented by the size of the hall from hearing his address. He was perfectly willing to go outside and address the throng there assembled, but had been notified by the police
