

The PRESIDENT—We will now have reports from officers of county and city organizations. The first on the list is the County of Dundas.

Rev. M. H. SCOTT—I am the sole representative from the County of Dundas, and I am pleased to be here. I may say to the Convention assembled that Dundas this year is a banner county. All our townships are organized. We are told that Dundas is a small county; well, perhaps it is, but we have organized in the four townships. We have thirty-four schools reporting this year. Our annual County Convention was held in the village of Winchester, and was a great success. Last year we gave \$15 to the Provincial Association, and this year we are giving \$25. (Applause.) We are advancing in the work, and the work throughout the county has been vigorous. In all the townships we have plenty of new schools opening up, which are being managed in a systematic way.

The PRESIDENT—The next county is Glengarry. Any one here from Glengarry? There does not appear to be any one here. The next county is that of Prescott; then Russell. Any delegate from Russell? I know they held a Convention about three weeks ago, and it was a very successful one. Dr. Wardrope has suggested that perhaps the brethren from the eastern districts may be here by six o'clock this evening. Is there any delegate from Stormont? The County of Carleton; I think I called that out before. The city of Ottawa is in the County of Carleton. I might say that this county was organized last week under the name of the County of Carleton Sabbath School Convention, and that the men at the head of it are good, live men. The next is Grenville. Any delegate from Grenville? Perhaps it might be better for me to take the western counties now?

A DELEGATE—Keep on and do it quickly, and we will get down to them.

The PRESIDENT—Any delegates from Lennox? Leeds?

Mr. MATTHEW H. EYRE—We have in the County of Leeds about sixty-five schools, and we organized an Association of practical workers a year ago last July, and it has been doing very good work. It has met twice since it was organized, and the meetings were of great interest and of usefulness to us. There appears to be quite a lack of knowledge of how to conduct Sunday Schools in that county, and it seems to be the wish of the Sabbath School workers to get information in some way, and we are looking after the best way to find it. We understood there was a man in connection with this Convention who lectured on this work, and if there is we would like to find out how he conducts the work, and whether it is the duty of the lecturer to go to the various Sabbath Schools to give them any information desired.

The PRESIDENT—We have not much time just now to give to this subject, but I might answer the brother by saying that General Sec-
