CANADA'S AUTO CENSUS

Toronto, Nov. 2.—Official reports
received in Toronto within the last few
days indicate an increase of slightly
more than fifty per cent. in the number
of automobiles in actual use in the do-
minion at the present time over the total
for 1916. According to statements from
the provincial cities, the cars in use in
Canada now total approximately 175-
600. The approximate total on Decem-
ber 31, 1916, was 117,999. This makes
an increase of 59,600 cars—with three
months of the year to come.

The province of Ontario continues to
lead with a present total of about 70,
000 cars registered, as compared with
approximately 55,000 last December. Sas-
katchewan has taken second place from
Quebec, however, with a present total
of 31,084 cars, as compared with only
13,894 for last year. Quebec now has
close to 20,000 automobiles as against
13,898 cars in 1916. Alberta, the
fourth province with almost 18,000 cars,
compared with 9,211 last December.

Manitoba is a close fourth with nearly
17,000 cars. In round numbers British
Columbia owns 12,000 motor cars, while
Nova Scotia has just reported passing
the 5,000 mark. New Brunswick is a
few hundred cars behind Nova Scotia,
while the tiny province of Prince Ed-
ward Island will soon have 100 automob-
iles, despite adverse and freakish legisla-
tion.

STOCKS AGAIN HAMMERED DOWN

Some Fall to Lowest Quotations
in Their History on New York
Market

New York, Nov. 5.—(Wall street)—
Free liquidation of high class stocks,
especially rails, was resumed today.
Within the first half hour of active
trading, Pacifics, Grangers and leading
coal carriers were down two to four
points. Some of these issues establish-
ed the lowest quotations in their his-
tory. Industrials gave way under the
strain; United States Steel making an
extreme decline of two and three-
quarters points to 92 1/2, its minimum
of the year. Coppers and the general list
of equipments and specialties yielded to
a like extent, offerings increasing on
the decline. Shipings opened at slight
gains, but immediately reacted one to
three points.

MONTREAL CATTLE MARKET.

West End cattle market this morning

At the East End live stock market
the offerings were 1,900 cattle, 6,400
sheep and lambs, 800 hogs and 500
calves.

Quotations—Choice steers, \$9.50 to
\$10; good, \$8; medium, \$8.50 to \$8.75.
Choice bulls \$7 to \$7.50; good, \$6.50.
Choice cows, \$8 to \$8.25; good cows,

\$16.50 to \$17; sows, \$15 to \$16.

MORE CONFIDENT IN LONDON.

London, Nov. 5.—The European stock
exchange today found dealers in a more
confident mood and with the execution
of fair investment orders, the mar-
kets were generally firmer, notably Ar-
gentina rails and shipping and allied
stocks. Speculative issues remained
dull and undecided.

Money was in good demand and there
was a fair supply available. Discount
rates were quiet.

BERLIN'S PROPOSALS FOR CONSTITUTION OF NEW POLISH STATE

Catholic Religion Official One
But Full Freedom For All
King Must Not Marry With-
out Consent of Diet

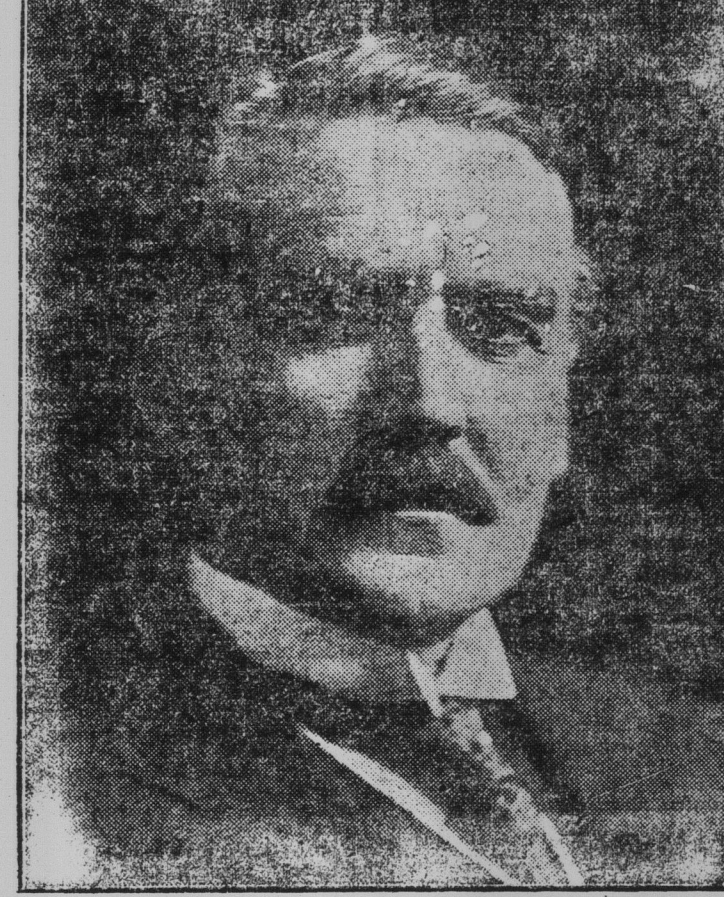

Berlin, Nov. 4.—(London, Nov. 5.)
The constitution of the new Polish
state is a document containing nine
paragraphs and 151 articles. Professor
Cybichowski of Warsaw, who was com-
missioned to make the draft, which was
approved by a former state council,
says that the charter contains the fol-
lowing provisions:
Poland to be an independent consti-
tutional state.
In view of the fact that an over-
whelming percentage of the population
is of the Catholic faith it is ordered
that the ruling house be of the same
faith.
Catholicism is proscribed as being the
official religion to be recognized in
connection with state functions and of-
ficial ceremonies. Beyond that full
freedom of religious belief is vouch-
safed.
The state is to be a hereditary mon-
archy, the diet to elect the ruler and
control the dynasty's affairs and suc-
cession.
If the king marries without the con-
sent of the diet he forfeits his crown.
This provision is intended to preclud-
the possibility of a feminine member
of an unfriendly power attaining the
throne.
The king is obliged to reside con-
stantly at home, and is not permitted
to be represented through a substitute
authority or be sovereign of another
state at the same time.
This disposes of the rumor that Em-
peror Karl will be proclaimed King of
Poland.
Parliament will consist of two cham-
bers, the lower house to be elected on
the basis of a general secret direct bal-
lot of one deputy to every 60,000 in-
habitants. Half of the senate will be
elected by the king. Deputies will serve
five years and senators ten.

FURTHER PROGRESS UP THE RIVER TIGRIS

British Defeat Turks In Engage-
ment Fought With Great Dash

London, Nov. 5.—The following official
statement dealing with the operations in
Mesopotamia and showing that the Brit-
ish forces have made further progress
up the Tigris river northwest of Bag-
dad, was made public by the war office
last evening.
"Early Friday morning one of our re-
connoitering columns, moving up the
Tigris, engaged the Turks holding a
position on the right bank of the river
opposite Dug, about twenty miles north
of Samarra.
"The enemy hastily withdrew toward
Tektir, under the cover of a strong re-
ar guard. Our troops drove the latter from
successive lines of trenches and occupied
the whole position. Meanwhile our cav-
alry harassed the retreating enemy
throughout the day.
"Eighty-nine prisoners and a quantity
of ammunition were captured. Our
shells, fired with much effect, inflicted
and showed great power of endurance."

THE HEAD OF A BIG CAMPAIGN

Sir Thomas White, minister of finance, has been working overtime super-
vising and generally directing the greatest selling campaign ever staged in this
country—the Victory Loan campaign which will open on Monday, November
12 and which aims to sell at least \$150,000,000 worth of Canadian Government
securities—Victory Bonds—between then and December 1.

ONE OF BITTEREST FIGHTS CANADIANS HAVE YET BEEN IN

Continuous Engagement Before Pas-
schendale on Saturday and
Sunday

Canadian Headquarters in France, via
London, Nov. 4.—(By W. A. Willson,
special correspondent of the Canadian
Press).—The struggle before Passchen-
dale has developed into one of the bit-
terest battles in the whole history of the
Canadian forces.
The story of today, as of yesterday, is
one of a continuous engagement, in which
the salient has known no rest. Just as
the enemy was moving to the attack on
Saturday morning our artillery caught
him on the advance, inflicting heavy loss-
es, while on our left our infantry strug-
gled forward to the advanced enemy
strong post, where we drove the Bosche
out, after a hand-to-hand struggle, re-
sulting then to the trench positions before
the enemy general counter-attack, which
was launched at 5 a.m. along the whole
Canadian front.
Our patrols had discovered the enemy
assembling before he launched his inter-
sive two minute barrage. Our batteries,
heavy and light, from the forward areas
two miles behind the line, poured every-
thing they possessed in the way of
shells into his assembly areas, inflicting
even heavier losses on his supporting

STARVATION IN JERUSALEM

Bread Eleven Times as High as the
War's Beginning

London, Oct. 12.—(Correspondence
of The Associated Press).—Sufferings of
the poor in Palestine, particularly in Jeru-
salem, are set forth in letters from the
Hebrew teachers in that section which
have been received here by leaders of
the Zionist movement. Hunger and the
extortionate prices charged for food are
the chief causes of distress. The price
of bread has advanced eleven-fold since
the beginning of the war. Petroleum
costs thirty times as much as in 1914,
and milk five times the ante-war price.
Concerning the situation in Jerusalem
one teacher wrote:
"The money evil has become intoler-
able. In Constantinople paper money
circulates freely, here you must pay in
coin or fourfold the price in paper. The
misery of the poor is unspeakable. The
roads are lined with starving persons,
who lie about begging for a mouthful of
bread. The poor Jews sell all their be-
longings—clothes, lin. en bed covers—to
the soldiers to get a few pence for food.
Epidemics have somewhat abated, but
most of the patients die, because, owing
to the lack of nourishment they cannot
resist disease."
The headmaster of the Hebrew
Boys' School in Jerusalem thus reports:
"The condition of the Jewish exiles
who have been driven by Djemal Pasha
out of Jaffa and the neighboring dis-
tricts, is very much worse than that of
other sections of the populace. In spite
of the reports to the contrary launched
by the Turkish authorities, none of these
thousands of hapless refugees has been
allowed to return to his home, and what-
ever preparations have been made for
transporting, housing, feeding, educa-
ing, and giving employment to them
have had to be made by the private
charity of the local Jews and their
brethren in other countries."

This all means, boiled down to
one word,
S-A-T-I-S-F-A-C-T-I-O-N
Some men like to think they
are hard to fit.

Of course we all have to cater
to each other's little fads, but
just give us a chance to show
