BRITISH POLITICS

It seems that yesterday that Mr. Lloyd George was barred in defeat, with apparently small hope of being of great influence in British politics for a considerable period.

For three years, previous. The total for eight months this year, however, is 190,882 tons, compared with a previous three years average of 127,655 tons.

WHAT ST. JOHN LACKS

Lady Byng made a forcible remark in Ottawa last week. She said: "If more young women and girls of Ottawa spending their time playing golf would realize their responsibilities, the workers in the Big Sister Association would greatly increase.

Press Comment

ROOM FOR IMPROVEMENT.

(Winnipeg Free Press.) The Canadian banking system is not perfect, or a relatively small number of persons in Canada could not find themselves called upon to take a long run to millions of dollars.

CANADA'S RESOURCES.

(Brantford Expositor.) There may be truth in the statement that Canada needs retrenchment in taxation and expenditure, that she is carrying a heavy load of debt.

LOYD GEORGE AND THE IRISH

(Ottawa Journal.) When Lloyd George was in Louisville the other day, he was called upon to give a speech on the subject of the Irish question.

TO END CHILD LABOR.

(Chicago Tribune.) It is almost universally conceded in this country that children have an inherent right to reasonable opportunities of physical development and education.

THE ROAD TO ENDOR

(Montreal Gazette.) The world is old; maybe it is so old that the people of the wise people are coming into their second childhood.

IF DREAMS COME TRUE.

(Vancouver World.) The straw-stalk on the farm may prove the solution for the increasing shortage of gasoline.

OBREGON'S GOVERNMENT.

(New York Times.) The Mexico Obregon is evidently not the Mexico of Madero and Carranza.

NEWS NOTES OF BAPTIST PEOPLE

(Maritime Baptist.) Rev. F. G. Francis closed two years' pastorate with the Salisbury group of Baptist churches on Sunday, October 28.

PROSPEROUS INDUSTRIES.

The speech from the throne at the opening of the British Columbia Legislature noted "a steady betterment within the province."

DID NOT RESIGN, HE SAYS.

Harry Carson, the former well known prohibition inspector, says that a week ago last Friday he was called to the office and told by Chief Inspector J. B. Hawthorne that he would be suspended for a few days on account of being absent for a couple of days from duty.

WINDING DOWN THE RIVER.

(Clinton Scollar in New York Herald.) Winding down the river—river of the Bear; Purple peaks uplifting in the high clear air; Not a shroud of cloud on the horizon anywhere.

MORE COMING.

(Regina Leader.) Considerably more than half of the new settlers Canada has obtained this year are from Great Britain and Ireland.
