LOCAL NEWS

FAST TIME

Nagle & Wigmore received word this morning that the tern schooner, President H. H. had arrived at New York, Conn., after a return trip to St. George, in the fast time of thirteen days. The schooner left New York in ballast on April 25 for St. George, where she took on a cargo of 800 tons of pulp and arrived back at New York on May 11, thus making the trip in thirteen days.

RIFLEMEN OUT TODAY

The first practice shoot of the season will be held this afternoon by the Military District No. 7, permanent rifle association on the rifle range back of the old Shamrock Grounds. It is expected that all the members of the association will turn out to see how their shooting is after the winter idleness. Rifles were much in evidence at breakfast this morning and were being overhauled in readiness for the practice.

"NIL" THE ONLY ONE

The sheet which was put before Sitting Magistrate Henderson in the police court this morning contained only one name that of the felon seen man "NIL". This is the third morning in a week that the sheet has been clear and the fourth morning in the same time that no drunks have been registered at the Central Station. Since last Tuesday there have been only eight drunks arrested, a fine record for a week. The police are still keeping their eyes open for any breach of the prohibition law. Their activities are believed to have caused the "dumping" of a large quantity of spirits, as well as the firing of one beer shop keeper.

COMRADES OF THE FIRE DEPARTMENT AT THE FUNERAL

The funeral of George T. Magee took place this morning from his late residence, 107 City road, to Holy Trinity church for high mass of requiem by Rt. Rev. J. J. Walsh, V. G. Interment was in the new Catholic cemetery. The funeral was attended by a very large number of friends. A detachment of firemen walked in body, preceding the hearse, and led by John Thornton, commissioner of public safety, and Chief Blake. As the funeral cortege passed by No. 4 engine house on City Road the fireman on duty stood at attention, with bared heads.

The spiritual and floral tributes were very numerous. Included in the many beautiful floral offerings were the following: Wreath of pink and cream roses, from No. 3 hook and ladder station, Fortugal street; wreath of carnations from Chief Blake; broken wheel of roses, from No. 4 engine house; wreath of roses from H. S. Gregory & Son; wreath of crimson roses, from the Rothesay Club boys; cross of roses, from Nagle & Wigmore; wreath of roses, from Thomas Nagle; wreath from the employees of Donahue's Garage; crescent moon brooch and silver and tributes of wreaths and cut flowers from personal friends.

The funeral of Thomas R. Foster, who died in Vermont on Sunday, was held this afternoon, after the arrival of the body on the Boston train, from the depot to Cedar Hill. Rev. R. A. Armstrong conducted service.

The funeral of Mary Conway was held this afternoon from her parents' residence, 408 Main street, to the new Catholic cemetery.

PUBLIC WORKS DOINGS TODAY

The public works asphalt plant was got into operation today and a large crew of men were put to work repairing the bad spots in the surface of Charlotte street. A crew was also engaged in laying a street crossing in Paradise row at the corner of Harris street.

The work of installing a thirty-six inch concrete culvert and retaining wall in Somerset street, near the head waters of Newman brook was commenced this morning by a public works department gang.

Work was started yesterday by the Stephen Construction Company replacing a section of the surface of Douglas avenue which was found badly cracked after the winter frost had come out. This section is near the entrance to the Prospect Point road.

New Fire Alarm

As a means of protecting the large amount of valuable plant that is stored in the vicinity of the city asphalt plant a new fire alarm box has been installed in that vicinity by the public works department. The number is 76.

Public works officials reported this morning that some automobiles had parked last night on the newly-sown plot which extends along the northern side of Queen square, and necessitated considerable extra work. It was in order to improve the appearance of this side of the square that the old rinder walk was done away with and the plot sowed in grass, and the officials have expressed the hope that motorists will use more care and not back their cars over it.

THE NEVINS CASE

The case of the contested will of Charles Nevins was resumed yesterday afternoon at 2.45 o'clock before Judge H. O. McParlane in probate court. Two witnesses were heard for the contestants and the examination of another started.

Richard P. Ratcliff was called to the stand and Horace A. McParlane was recalled. Charles R. Hazen, of Montreal, was recalled by the contestants of the will in rebuttal, and direct examination by Daniel Mullin, N. C. finished this morning. A little before recess the cross-examination of this witness was commenced and was to be continued this afternoon.

J. P. H. Teed appeared for Miss Susie Smith, beneficiary under the will; Daniel Mullin, K. C., for the contestants of the will, and C. F. Sanford for the executors of the will.

ST. JOHN MAY HAVE RADIUM INSTITUTION

Important Announcement by Hon. Dr. W. F. Roberts on Return from States.

Hon. Dr. W. F. Roberts, minister of health, returned home today after a visit to Boston and New York in connection with departmental and hospital matters. While there he secured valuable information and hopes to establish a similar institution in this city. In conversation with a representative of the Times, he said that at the present time there is no radium in the province and that any citizen desiring treatment must travel to upper Canada or United States cities and thus be forced to pay heavily for traveling expenses to say nothing of the cost of the treatment after arriving at destination. As a result of this treatment at the present time is beyond the reach of the poor owing to the prohibitory cost and people suffering from cancer, some forms of tuberculosis and other illness are unable to secure proper attention.

Hon. Dr. Roberts said he feels confident that his investigations will bear fruit and the project looks feasible for the establishment of a radium institution in this city.

In addition to this Hon. Dr. Roberts investigated social service work and health centres where special clinics are housed for various forms of treatment. The Rockefeller Foundation is lending financial assistance towards the establishment of these health centres. Dr. Roberts had nothing definite to give out on this as yet.

Since the establishment of the department of health in 1918, Dr. H. L. Abramson, a noted bacteriologist and pathologist, has been rendering invaluable aid and has one of the best laboratories in Canada. The hospital administration also have secured the services of one of the best radiographers available in the United States, and Dr. Roberts feels that if the radium institution established here wonderful step will have been made towards the general betterment of conditions and placing this province on a health standpoint second to none. People wishing cases diagnosed will be given an opportunity to see the services of these specialists and will not be forced to go elsewhere to receive treatment.

CITY HALL CALLS FOR FINES IN SPEEDING CASES

Three reports for alleged violations of the traffic laws were brought before Sitting Magistrate Henderson in the police court. Only one of the men showed up. He was John Hannah and the charge against him was that of exceeding the speed limit at the corner of Mill and Union streets, brought by Policeman Ginter, who said that he had turned the corner at the rate of fifteen miles an hour. The defendant said that he was probably breaking the law as his car was out of repair and he could not easily shift gears. The sitting magistrate said that he had been notified by city hall that the penalties mentioned in the by-laws must be enforced in all cases and that the magistrate should not use his discretion. If guilty, the communication said these should be fined. In this case a fine of \$10 was paid. The two who did not appear were William Sherwood, charged with speeding in Main street on May 11, and Harold Robertson, charged with speeding in Main street on May 12.

HIT BY CAR, CHILD HAS LEG BROKEN

Lawrence, five year-old son of J. Albert Anderson, 28 Sydney street, was injured in an automobile accident about 10 o'clock this morning in front of his home. The child was attempting to cross the street and ran off the sidewalk to the pavement before an automobile driven by R. Morrell could be stopped. In fact with the rear wheels locked by the brake the car skidded before it stopped, although it was not moving with much speed at the time. When the child saw his predicament he attempted to run back to the sidewalk and seemed to dash into the car which was heading for the curb to clear him. When picked up the little fellow had cuts over the eye and it was found one of his legs was fractured. Dr. Mayes Case, who saw the accident had the child sent to the hospital in the ambulance, the child's mother accompanying him to the institution.

The Sydney-Leinster-King Square junction is one of the trickiest corners in town, a fact the authorities recognize this fact by having a silent policeman at the corner. The chief danger lies in cars dashing in and out of the narrow Leinster street thoroughfare and the speeding on the upgrade past the Court House and also on the down-grade. It might be an added precaution to have the silent policeman bear a klaxon sign. This morning's accident appeared to be a case of a young child's bewilderment, as there was no rush of traffic at the time.

IS REMANDED IN AUTO CASE

Levi Albert Prosser, who was arrested here yesterday, was brought before Sitting Magistrate Henderson in the police court this morning and the charge against him, that of bringing stolen property into Canada from the United States, was read. He was remanded to jail for a week. The authorities are undecided whether he will be tried here on this charge or returned to the United States to answer to a theft charge. It was thought at first that he might be deported but it was found that he is a Canadian and a native of New Brunswick so that he cannot be deported. He may, however, be given his trial in the States if circumstances seem to point to that being the better course.

It is alleged that the car in which Prosser arrived in St. John was stolen in New Haven, Connecticut, and that it had the owner's tag on it at the time Prosser was arrested. One of the front tires was badly damaged and the accused said he had driven for a considerable distance with it flat. The steering gear is also said to be in need of repairs, due, it is thought, to the heavy car, a Cole Eight, having been driven over bad roads.

From May 15th To May 20th ANNUAL MAY SALE

Read our advertisements every day and see the opportunities to save money on merchandise that will add to your pleasure, convenience and comfort.
