### RECENT WEDDINGS

**Cobham-Lingley.**  
At the Carmarthen street parsonage, on Wednesday evening, Rev. H. Penna united in marriage Miss Greta Lingley and Victor J. Cobham. The wedding was the culmination of a war romance. Mr. Cobham, a soldier in France, received war gifts from Miss Lingley, whom he did not know personally, but he called on his return from overseas to express his thanks for her kindness and an attachment speedily followed. A brother, Robert Cobham, also a returned soldier, was the groomsmen, and Miss Garvey the bridesmaid.

A very quiet wedding took place in the rectory of the Church of the Good Shepherd, Fairville, on Thursday evening when Rev. W. F. Dunham united in marriage Charles Andrew Morrison and Mrs. Alice M. Atkinson, both of Lancaster. The pair were unattended, and only immediate relatives and close friends of the contracting parties were present. They will reside in Lancaster.

**Cost of Soldiers' Clothing.**  
194 Guilford street, West St. John, N. B., September 26, 1919.

To the Editor of The Times-Star.  
Sir—I was much interested in reading in this morning's Telegraph an account of yesterday's discussion at Ottawa regarding the cost of soldiers' clothing on demobilization.

Mr. Cox asserts a suit of clothes, and overcoats could be purchased for \$13 at Quebec in 1916. There has certainly been a decided change since then. At the present the man who comes overseas and is demobilized has to pay from \$40 to \$50 for a suit of clothes; \$25 for an overcoat; \$8 for a pair of boots; two suits of underclothes \$7; hat, socks, collar, neckties, handkerchiefs, etc. \$25; making from \$105 to \$115 for bare necessities and these prices are very reasonable. The government gives him \$35 to pay for them!

It takes all of his first month's gratuity, and more, to make up the deficiency. The inference that the Returned Man is not getting enough is very plain. "He who runs may read."

I write this in justice to the man who went overseas, fought, endured and won, at \$1.10 a day, while the merchants and other civilians remained at home in ease, and made money. Yours very truly,

MRS. E. A. YOUNG,  
President West Side Soldiers' Field Comforts.

**MOTORISTS AND PUBLIC**  
Rothsary, N. B., Sept. 26, 1919.

Editor Times-Star.  
Sir—Will you kindly give me space in your paper to say a word about the absolute disregard for safety of life or property of the general public shown by the drivers of motor cars on stretches of roadway above Rothsary, especially on Sunday. It is not safe to go on the road, there are so many cars driven at great speed and sometimes racing two abreast. Last Sunday morning as my little son was driving my cow along the road to pasture, a car containing three

men and a woman, running at a high speed hit the cow and knocked her down injuring her severely, but those people drove right on never stopping to see how badly hurt the animal was and even laughed at the cow lying on the road. Now, Mr. Editor, there have been some very serious accidents with motor cars in the vicinity of St. John and I have noticed that invariably the driver of the car has got away with nothing more than a few dollars' fine, although in some cases the victim of their carelessness has died from resulting injuries and although much has been written in protest of the high handed manner in which motorists take charge of the roads to the discomfort and danger of the general public, yet nothing has yet been done to curb their infraction of the rights of others so I think it is up to the public to take the matter in hand themselves. Since so many accidents have occurred lately, I think something ought to be done to ensure the safety of the public.

### MORNING NEWS OVER THE WIRES

Unionists in Ottawa are urging Sir Thomas White as a successor to Sir Robert Borden should the latter resign as he is expected soon to do because of ill-health.

Foreign exchange has been strengthened by the report of the pooling of their debt fund interest by the Allied nations. The officers and crew of the S. S. Cape Breton and her owners, the Dominion Coal Company, have been exonerated by a court of enquiry from blame in connection with the bursting of a boiler aboard the ship last April, when two of the crew were killed.

A Sydney, N. S., delegation has gone to Ottawa to press its claims for a subsidy for the proposed dry dock and ship-building plant for that place.

A colliery car left the rails at New Waterford, N. S., yesterday and seven men were injured, three of them dangerously.

## Conspicuous nose pores

How to reduce them

Complexions otherwise flawless are often ruined by conspicuous nose pores.

The pores of the face are not as fine as on other parts of the body. On the nose, especially, there are more fat glands than elsewhere and there is more activity of the pores. These pores, if not properly stimulated and kept free from dirt, clog up and become enlarged.

To reduce enlarged nose pores: Wring a soft cloth from very hot water, lay it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Then finish by rubbing the nose for thirty seconds with a piece of ice.

Notice the improvement the very first treatment makes—a promise of what the steady use of Woodbury's Facial Soap will do. But do not expect to change completely in a week a condition resulting from long continued exposure and neglect. Use this treatment persistently. It will gradually reduce the enlarged pores and make them inconspicuous.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25-cent cake will last a month or six weeks.
