WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as a sacred trust. Many sensitively modest women write to Dr. Pierce what they would shrink from saying to their local physicians. The local physician is sure to say that he cannot do anything without an examination. Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them. Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't risk it. Write to World's Dispensary Medical Association, Dr. R. Pierce, President, Buffalo, N. Y.—take the advice received and be well.

MARIE LOHR IS AT LAST TO WED

Not That She is Old But That She Has Refused Many — A Dainty English Stage Miss

(Times' Special Correspondence)
London, Jan. 18.—At last Marie Lohr really is going to marry, so she says. It must not be understood from this way of putting it that she is approaching the end of her life. Far from it; she is only twenty-one. But ever since she reached the mature age of eighteen and came prominently before the public she has probably caused more heart-aches than any other girl in England. She could have been several different kinds of person if she had wished, and young millionaires at her feet were two a penny. She nearly succumbed when masterful Robert Lorraine, the actor, came along. She nearly fell in love with him, and their engagement was announced, but Lorraine insisted on flying about dangerously in his aeroplane and would not promise not to, so the engagement was broken. Now the fascinating Miss Lohr is to wed Anthony Primrose, son of Val Primrose of the Royal Academy. She is to have the principal role in Sir Arthur Pinero's forthcoming play, "The Mind-Pain Girl." Her hold on the London public is extraordinary, for there is no great variety in her acting powers, and no great strength. But she is amazingly pretty and is personally charming, and has never got herself talked about unflatteringly. Her mother is Kate Bishop, a sound and capable actress of the old school, and she has been kept under the protecting wing of her uncle, Alfred Bishop, an old actor worthily beloved by all London, who has managed her affairs so skilfully that millionaires may well be a matter of indifference to her.

MR. HARTT LEARNS THINGS

St. Andrews Beacon Comment on The Conservative M. P.

(St. Andrews Beacon)
In his remarks before the St. Stephen Board of Trade, Mr. Hartt, we observe, talked with a less confident tone with respect to his own development than he did when he was in the path of St. John. He already sees lions in the path. He is not to be ignored, and he is difficult to draw any admissions from the transportation companies. The liberal head of the Charlotte county have been all over the ground that Mr. Hartt has just entered upon. For fifteen years and more he has been keeping up the agitation. They brought the transportation commission to Charlotte county, they urged the county's claims upon parliament, upon the government, upon the heads of the transportation companies, upon everybody they thought of. They have been everywhere. Mr. Hartt says he found the railway commission well fortified with information with respect to Charlotte county, a remark which confirms the statements we have just made. When Mr. Hartt and his political friends were on the outside it was easy for them to find fault, to criticize the liberal, to charge "other neglect" against the government. But they are on the inside now, and they are beginning to appreciate some of the difficulties that their opponents were up against.

SIXTY CENTS FOR BUTTER
Chicago advises say sixty cent butter is looked for there. Quotations on Tuesday were forty-seven cents, the highest in the city's history. New York retailers asked fifty-two cents on Tuesday.

New Brunswick is Behind
(Chatham Commercial.)
A. R. Mathers and James Bremner have now returned home after attending the short course at Truro agricultural college, and they speak in most enthusiastic terms of all they saw and heard whilst there. The number of short course students in attendance was 281, 140 from Nova Scotia, 46 from New Brunswick, and 73 from P. E. Island.

It seems to be the same story year after year with the young men of New Brunswick, they have not the enterprise and ambition which characterizes their fellows from the other two provinces. If they had, New Brunswick would not be so outdistanced in the number attending every year.

ANCHOVY TOAST
Bone and skin six or eight anchovies, pound them to a mass with an ounce of fine butter and spread it on toast. Any other way is to cut thin rounds of bread, and fry them in clarified butter. Then split and wash three anchovies and pound them in a mortar with some fresh butter. Rub them through a hair sieve and spread them on the toast when cold. Lay some quartered and washed anchovies on the top and garnish with chopped parsley or pickles.

PILES
Do not suffer another day with itching, burning, or protruding piles. Dr. Chase's Ointment will relieve you at once and as a certain cure. Get it from the dealer, or Edmondson, Bates & Co., Limited, Toronto. Sample box free if you enclose the paper and enclose to stamp to pay postage.
