

POOR DOCUMENT

VOTE GOVERNMENT.

\$35,000.00 OF THE PEOPLE'S MONEY IN THE MARITIME BANK

SAVED BY BLAIR

The Premier Successfully Maintains the Provincial Rights.

Today the electors all over the province are called upon to cast their ballots either for or against the Blair administration. What the result will be is difficult to determine, but the indications point to a return of the government. In our own constituency the opposition have not apparently a shadow of a chance to come near the low man on the government ticket, but whatever the indications are, every supporter of the government should do his utmost to secure every available vote, as such a thing as indifference may prove serious, many an election being lost through carelessness. Let every friend of the government work without ceasing until the close of the poll. The electors in York should stand by their premier and show the people of the other constituencies throughout the province that their confidence in the York county boy is stronger than ever. Give four men in York, and I will hold the fort for the next forty years.

St. John has made desperate efforts to secure our parliamentary law courts, etc., and should the opposition, with Stockton as leader, get into power, York county would in the future suffer greatly thereby. Let every vote be for the four government candidates. The temperance people should not split the ticket to put Mr. Pitts as an independent temperance candidate, as he is not an independent candidate, having stood previously a few days before being selected by a few of his particular friends that he was a straight temperance man, which statement is clearly proved to be true as he has been elected by the majority of the electors on his ticket, which place he has fallen into with very good grace. The temperance people should not forget the fact that the government are standing temperance men and fully able and willing to promote the interests of the cause as well as Mr. Pitts, the opposition candidate.

Vote a solid ticket for the government.

Directions for Voters.

When depositing his ballot the voter gives his name and residence to the presiding officer, handing him his ballot. The presiding officer ascertains that there is only one ballot and putting it in the ballot box, directs the clerk to enter the voter's name on the check list.

The ballot must be printed on white unlined paper, and every elector should take care that his ballot contains the following names:

HON. A. G. BLAIR,
W. M. WILSON,
THOMAS BROWN,
JOHN ANDERSON.

Do not put any cross or mark on the ballot. Do not write anything on the ballot, and do not give the name of the candidate for whom you wish to vote.

Be sure and vote the government ticket.

Illegal Nomination.

An amendment made in 1891 to the Elections Act of 1885 takes away from the sheriff the right to administer oaths, and places it in the hands of a justice of the peace. Although the three opposition lawyers in St. John, Dr. Stockton included, occupied seats in the house when the amendment was passed, they were so busy in concocting schemes for the overthrow of the government that they knew nothing about it, and it was only when a notice was entered against their nomination on Saturday last that they were made aware of a very important change in the election law that takes place. This ignorance on their part is inexcusable, and should the opposition ticket be elected in St. John it will doubtless lead to the courts annulling the election and making it necessary for the people of St. John to elect their representatives over again. And these are the men that the opposition party in York county would entrust with the management of their affairs!

Wedding in the F. C. Baptist Church.

A very interesting event took place Wednesday morning at 7 o'clock in the Free Baptist in which the pastor, the Rev. F. C. Hartley was united in marriage to Miss Gladys Verca. They were attended. The ceremony was performed by Rev. G. A. Hartley, father of the groom. The happy couple took the host for St. John on their wedding tour. The Grooms join their names to the list of those who are wishing their friends to be united in matrimony.

Death of Mr. Murray.

Mr. C. E. Murray, president of the agricultural society, met with an accident that caused his death. While hauling a load of apples from his orchard, Mr. Murray caught the hind wheel of the wagon to assist in loading it back going down hill, when by some means he was thrown forward, and fell between the wheels, the heavy sloven passing over his chest and terribly crushing him. He died Wednesday about noon. Dr. Currie attended him.

New England Evangelists.

Rev. Mr. Denning of the Bowdoin Tabernacle, Boston, and J. E. Gray of the New England Evangelistic association will arrive in St. John to-day, and are expected to meet with Christian workers at the Y. M. C. A. rooms on that evening, and will hold a union evangelistic service on Sunday afternoon at 4 o'clock, probably in the Congregational church.

Three men were lowering lumber with a rope down a steep incline in No. 1 slope at Kingsclear, Wednesday forenoon. Richard Costigan stood at the bottom to direct the work. A prop slipped through the hands of the workmen, dashed down in the darkness a distance of one hundred feet, striking Costigan on the head with considerable force and inflicting injuries from which he died in three hours. Costigan was a native of Carleton Place, Newfoundland.

Dr. C. P. Connell, of Woodstock, died Thursday morning, after a lingering illness of several days. He was the second son of the late Hon. Charles Connell. He received his professional education at Ellensburg and Paris, and for 20 years was one of the leading physicians of Carleton county. Skilful in his profession he was also a man of very broad sympathies. In his death the poor have lost a generous friend and the community at large one ever ready to aid what was for the public benefit. His death will be felt as a personal loss to a very large circle who extend to his widow and daughter and other relations their heartfelt sympathy.

A Letter from an Orangeman.

To the Editor,

Dear Sir.—Having attended the temperance meeting held in the City Hall Tuesday night, and having heard the address made by the Attorney General, it seems a strange thing to me how any person, however much prejudiced they may be, could possibly infer from Mr. Blair's speech that he was throwing a slur upon the orangemen and the temperance party, as stated in an editorial in Thursday's Gleaser, which says he "isolated both organizations with contempt."

That statement is utterly false, as Mr. Blair, throughout his entire speech, maintained that he was a temperance man, and had always tried in every possible way to promote the temperance cause. He stated that he was surprised to think that the temperance people should nominate Mr. Pitts as a representative when all the four representatives for the county were temperance men, and if the truth were known, Mr. Pitts' nomination was as much a surprise to the temperance people in this county, (with very few exceptions) as was also the case with the orangemen. I, as a temperance man and an orangeman, know that I for one, and many others, feel that I cannot congratulate either organization on the fact that one of their members has taken it, principally upon himself, to nominate himself as their representative, and agree with the statement made by the Attorney General, "that if a representative of the temperance party, as a body, had been required, a much better man could have been found than Mr. Pitts. Mr. Pitts has taken too much on his own hands and the fewer men secret societies have like him in them, the better for the society."

Thanking you, Mr. Editor, for your valuable space, I will conclude by asking the electors of this city to give twice before dropping a vote tomorrow for Mr. Pitts in preference to the Hon. A. G. Blair, who has always been willing to lend his assistance in promoting the temperance cause.

Yours sincerely,

AN ORANGEMAN.

FOOTBALL.

McGill and Britannia.

There was a good crowd at the McGill grounds at Montreal last Saturday afternoon to see the Brits and McGill struggle for the football championship. A good number of ladies were present, and they were exceedingly anxious to see the struggle, a good kick, whether made by blue or white, being always followed by the usual feminine exclamation.

As for the game, it was a very even contest throughout, the Brits having a little the best of it. The weak point with McGill, as on the previous Saturday, was the wings. They were unable to hold the Brits, Corbett and Peterson playing a very fast and sure game. Then the Brits played a most unselfish exhibition of high-jumping by a pony only four feet high was given. It was ridden by Johnny Taylor, a colored boy, weight 80 pounds. Five jumps were made over the bar, each one a inch higher than his predecessor. The last was over a barrier five feet six inches high, and was cleared easily. The colored rider won off the pony this time, but did not get on his feet. (Montreal Marquette afterwards on horseback cleared a barrier 7 feet high.)

THE SCULL.

American Champion O'Connor's offer to scull any man in America for any amount has been accepted by Jake Gardner, and the race will be for a \$1,000 a side will take place in the spring.

THE TURT.

At Lexington, Ky., a few days ago an exhibition of high-jumping by a pony only four feet high was given. It was ridden by Johnny Taylor, a colored boy, weight 80 pounds. Five jumps were made over the bar, each one a inch higher than his predecessor. The last was over a barrier five feet six inches high, and was cleared easily. The colored rider won off the pony this time, but did not get on his feet. (Montreal Marquette afterwards on horseback cleared a barrier 7 feet high.)

"BURN" AT DORCHESTER.

But Wants Left Alone.

A reporter in company with Dr. Church at Dorchester on Thursday had an interview with the prisoner, who said that he was not at all sorry to be in the prison. He was not at all sorry to be in the prison. He was not at all sorry to be in the prison.

Book when seen was resting on his bed with his head towards the cell door, having evidently taken up his position to prevent a view being got of his face. Dr. Church asked him how he felt and if he had bothered his eyes.

Book replied: "Go to—its none of your business."

The doctor explained that he probably did not know who was talking to him; that he was the doctor who attended him in Moncton and he merely wanted to know how his leg was getting on. Book said that he was getting on. Book said that he was getting on.

"You have given me enough bother already; go—out of this."

No further attempt was made to talk with the doctored man, who evinces no desire to see or talk to any one. One in a while he talks a little, but as a rule remains in a sullen mood. Book, however, looks well and eats heartily and does not appear to mind the near approach of the fatal day.—(Amherst Press.)

It is estimated that the visitors to New York and Chicago has been completed by the American Long-Distance Telephone Co. The line worked perfectly. A few days ago John Allen, aged 70, died at Seaford, Carel, Del in a freight car, which he purchased for a few dollars. In this hevel he reared a large family of children and conducted a small store, tobacco and cider being his principal stock in trade. After his death a committee to take an inventory of his effects was appointed by the Orphans Court, which found bank and railroad stocks amounting to many thousands of dollars. In an old box was found nearly \$20,000 in gold coin.
