"Played Out"

Is one of the curious expressions used for worked out. Many a woman drops into a chair, in utter weariness "all played out," and wonders why she feels so weak. She has not yet realized that the general health is so ately related to the local health of the womanly organism, that weakness must follow womanly diseases. Restoration of the general health invariably follows the use of Dr.

There is no substitute for "Favorite Prescription," for there is nothing "just as good" for womanly ills.

"I wish to advise the suffering women of this great land, of the good; have received from Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' "writes Mrs. Mary Shappell, of Columbus Grove, Putnam Co., Ohio. "For four years I had been a sufferer from female troubles, and at times was unable to do even the housework for three in the family. I had such pains that I suffered almost death dozens of times, but after taking five bottles of your medicines I can truthfully say that my health was greatly improved. I have a good appetite and am gaining in flesh right along. This spring is the first time in five years that I have done my house cleaning all by myself and without the least fatigue whatever. I hope all suffering women may find relief as I have done.
