

VICTORIA BRANCH DAILY ORGANIZED MINING ASSOCIATION FORMED THURSDAY

Was Launched Into Existence Under Favorable Circumstances—Addresses From Executive.

The Victoria branch of the B. C. Mining Association was launched into existence Thursday under circumstances more than ordinarily auspicious.

The Victoria branch of the B. C. Mining Association was launched into existence Thursday under circumstances more than ordinarily auspicious.

Mr. Campbell in a very interesting and instructive address commented the various reasons why in his opinion the Dominion government should take some action to afford relief to the silver-lead industry of this province.

Mr. Campbell in a very interesting and instructive address commented the various reasons why in his opinion the Dominion government should take some action to afford relief to the silver-lead industry of this province.

The speaker then outlined the prospective condition of the industry on either side under the proposed tariff.

They didn't ask that the government depart from its general policy, but they did ask to be placed on the same level as other people in the Dominion who were in the same position.

The machinery of organization was then started. On motion of Mr. Machin all those who had subscribed to the funds of the association were declared to be members.

During the election of officers Messrs. Keen and Hobson, who had been interviewing the mining committee of the Legislature with other members of the executive, entered the room and were received with applause.

of the labor members, and expressed the hope that there would be a permanent coalition board. The motion was then carried.

Mr. Higgins moved that the Victoria branch endorse the preamble and resolution urging upon the Dominion government the necessity of affording relief to the silver-lead industry of the province.

Mr. Keen, president of the provincial association, was then called upon for an address, and he was warmly applauded.

The meeting was adjourned. The meeting was adjourned. The meeting was adjourned.

POSTPONED SITTING Private Bills Committee Will Give Place to Hearing of Evidence on Subsidy Matter.

The reeves and representatives of the rural municipalities met the municipal committee of the House Friday, and laid before them the various amendments which they wished to the various acts.

The private bills committee, which was to meet Monday, will withdraw their meeting so as to make way for the sitting of the committee taking evidence on the subsidy matter.

THE CONDITION OF MRS. WM. WESTCOTT, OF SEAFORTH. Suffered From Headaches and Dizziness—Could Not Stand the Least Exertion.

Mrs. Wm. Westcott is well known to nearly all the residents of Seaforth. It is also well known to her neighbors and friends that she passed through a trying illness, but is now happily, in robust health.

MILDRED AND MELROSE. Former Sweepstake Cow in Beef Class, 1901 and 1902.

Some B. C. Fine Stock.

The accompanying pictures show some high class livestock bred in British Columbia. These animals belong to the Inverholme Stock Farm, Fraser river valley, the proprietor of which is Mr. T. W. Paterson, M. P. P., of Victoria.

One of the leading industries of British Columbia is the commercial work of livestock breeding. While the industry is in its infancy now, the foundations are laid that will surely bring this part of the country into prominence as a district of pure-bred cattle.

One of the progressive breeders of that territory is T. W. Paterson, of Ladner, and proprietor of Inverholme farm. This improved range consists of about 1,500 acres of Delta land as level as a floor, and is now wholly under cultivation. It is equipped with modern buildings and all conveniences for the housing of pure-bred cattle.

FLOSSIE AND REAL ROSE. First and Second Prize Heifer Calves, at Ladner and Westminster.

QUARTERLY REPORTS. Committee of the Mining Association Interviewed the Provincial Mineralogist on Subject.

A committee consisting of President Keen and A. E. Howes, representing the Provincial Mining Association, waited upon the provincial mineralogist Saturday and laid various matters before him. The interview was made a very frank one, and opinions on various matters were freely exchanged.

CHANGED THEIR MINDS. City Council Will Reconsider Selection of Architect for Library.

SIDEGLIGHTS ON THE CONVENTION CHATTY LETTER ABOUT TEACHERS' INSTITUTE

Some Features of the Gathering of the Pedagogues Just Closed at Revelstoke.

"Sideglights on the Provincial Teachers' Institute—Flotism and Jetsam of the Convention Just Closed," is the subject of another of the very interesting series of letters from Miss Agnes Deans Cameron on the recent convention at Revelstoke.

When you get up into the Kootenay country a provincial-born teacher is hard to find; of nineteen teachers sitting around a table in the Central hotel parlor seventeen had come from Ontario.

Fifteen papers on technical subjects, addresses by the president, the mayor, the local trustee chairman, two hundred stereopticon views, an exhibit of school work, a programme of music and song, the election of officers, a question drawer, and many resolutions in too lengthy a bill-of-fare for three days; one swallows more than one can digest, and health suffers.

A question to Inspector Stewart brought out the interesting fact that the School Act of British Columbia fixes on no one the responsibility of sweeping, dusting and scrubbing rural schools. His advice was that each teacher accepting service under a rural school board should see that this matter is duly written in the bond before she enters on her duties.

Revelstoke has a new school building which cost \$18,000. It has eight rooms, six teachers and an enrolment of three hundred pupils. The principal, A. E. Muller, gave up every minute of his time to the visiting brethren; he makes an ideal host. In the basement of this building we saw an old friend under a new name.

Speaking of names the cosmopolitan nature of our younger generation was strikingly brought out by the names attached to the wall exhibits. "Pacheco" public school, established in 1902," showed some wonderful drawings by first primer children and some wonderful names might be read in that and the adjacent section.

How perverse teachers are! The precepts text-book on Physiology just pressed with temperance talks, and yet I copied this problem from the class work of one Mainland exhibit: "A beer barrel contains 54 gallons. A man drew 9 gallons 2 quarts one night, and his wife drew 12 gallons 3 quarts the next day. What was left?"

ACCIDENT TO CYCLIST. Berlin, April 24.—The physicians in attendance on "Jimmy" Michaels, the bicycle rider, who sustained a severe fall from his wheel yesterday while training at the suburb of Friedland for the International races next month, said today that he was progressing favorably towards recovery.

NOTICE. Public notice is hereby given that 60 days from the date hereof we intend to make application to the Chief Commissioner of Lands and Works for permission to purchase the following described tract of land situated at head of Works Canal, Cassiar District: Commencing at a post marked "R. & F. S. W. Corner," thence east 40 chains, thence north 40 chains, thence west 40 chains, thence along shore line to point of commencement, containing one hundred and sixty acres more or less.

ACCIDENTS ON THE CANADIAN PASSENGER TRAINS FROM THE EAST D. Rolling Stock Destroyed and Killed—Strike on Montreal Waterfront.

Winipeg, April 27.—No trains arrived from the East today on an accident on the Canadian Pacific east of Fort William, said, by a mudslide. A second occurred this afternoon, just east of Arthur, further blocking the engine of a freight train left by a rock cut, and it wedged there, and most cattle on the train were killed. No trains expected here till tomorrow afternoon.

Montreal, April 27.—The arrival of several large steamers yesterday brought renewed interest in the ship laborers' strike. One of the steamers in the morning was made to discharge cargo. On the rigging head, gangs of Italians, to work discharging rails. They worked long when the men came in contact with the strikers' pickets, result that they all left without a cent. The difficulty appears to be that the men refuse to furnish a large security. Mayor Cochrane summoned the chief of police, who assured that the police would be strong enough to see that the men do not trouble the strikers. The men were told that unless they work they would be strong enough to see that the men do not trouble the strikers.

Gamey Investigation. Toronto, April 27.—Mrs. Frank was examined at the afternoon session of the Gamey investigation, testified that she had a small bank account, but denied that her husband gave her \$500 last Christmas. She repudiated sending a telegram to her father at Rochester, signed "Hattie B. Howarth, teller of the Ontario who had charge of the ledger last year," said she could not tell who the Crossin Company deposit of \$8,000 was. She said it was not her money, but she said it was not her money, but she said it was not her money.

SUPREME COURT JUDGMENT. Ottawa, April 28.—The following judgments were delivered at the Supreme court today: St. Laurent vs. Mercier, dismissed with costs; Trudlow vs. Miller, dismissed with costs. These cases are from Yukon. Calgary & Edmonton Railway Co. vs. the King. The court was evenly divided, and the case was therefore dismissed.
