CITY NEWS.

Recent Events in and Around St. John.

Together With Country Items From Correspondents and Exchanges.

Reports from Grand Manan are to the effect that fishermen are not reaping rich harvests. Some hake are being caught, but the number is not very big.

Chronic Constipation surely cured or money back. LAXA-CARA TABLETS never fail. Small, chocolate coated, easy to take. Price, 25 cents. At drug-gists.

Sad news came to Jeremiah McCarthy of Waterloo street, Friday telling that his brother had been severely injured in Cairo, Illinois by falling from a scaffold on which he was working. James McCarthy, another brother, left for Illinois Saturday.

George S. Wetmore, who has been doing business in the City Market for some years, has, owing to ill health, retired from active business and sold out to Norton Wetmore, his nephew. See advertisement on page 4.

The following extract is taken from the Rand Daily Mail of Johannesburg: "Captain Ralph Markham left by last night's mail for Durban, where, after a brief stay, he will proceed to England, en route to Canada."

Capt. Markham left Durban, Natal, on June 2nd in the S. S. Bohemia for Trieste via Suez canal.

THE CREW RESIGNED.

The misunderstanding between the engineer and captain of the Beatrice Waring yesterday morning has blown over, but a change in the deckhands and waitresses marks its occurrence. After apologies had been made and received by the principals in the affair the deckhands, stewardess and waitresses left in a body. A lot were engaged during the day and the steamer left as usual on its up-river trip.

IN OUR GRANDFATHER'S YOUTH.

Paralysis was almost unheard of in the youth of our grandfathers, and now nearly every newspaper contains a record of someone being stricken with this dreadful form of helplessness. Paralysis is in reality a starving of the nerves, and can always be prevented by the timely use of Dr. Chase's Nerve Food, a preparation which has no rival as a creator of nerve force.

NO CANADIANS NEED APPLY.

Shut Out From All Work on the G. T. Pacific.

OTTAWA, July 3.—The evidence brought out here Saturday before Judge Winchester, in the Grand Trunk Pacific inquiry, was the most important yet developed in support of the charge that Canadian engineers had been given the cold shoulder and American employed in all positions of worth, connected with the preliminary surveys. The Canadian engineers claim they could not get competent Canadian civil engineers, but Collingwood Schreiber, who has had 52 years' engineering experience in Canada, gave the charge a flat denial, asserting that Canadians enough could have been had for the whole survey work without bringing in a single Yankee. Schreiber backed up his statement with a long list of able engineers whom he knew were as fully competent as the Americans who were now fattening their bank accounts with the money of the people of Canada, while Canadians were out of work.

CHECKER PLAYING.

Mr. Longley of McAdam played a few friendly games of checkers on Saturday evening at the residence of Dr. Bridges. The games were very evenly contested, and at the conclusion of the seventh game the score stood: Dr. Bridges, 2 wins; Mr. Longley, 2 wins and 3 draws. The eighth and last game proved very interesting. The opening was a "Glasgow," Mr. Longley playing the black pieces. Early in the game Dr. Bridges varied from the book, which is always dangerous in such a well known opening, and ultimately Mr. Longley forced a win, and thus left off one game ahead.

HAMPSTEAD.

HAMPSTEAD, June 30.—George G. Slipp, who died at Upper Gagetown last Monday, was brought down in the str. Victoria yesterday to Queens town, where he was buried in the Meritt cemetery beside his wife and daughter. The funeral service was conducted by Rev. C. B. Lewis. The deceased was a resident of this place for a good many years before going to Upper Gagetown eleven or twelve years ago. He leaves two daughters who lived with him, and a number of relatives to mourn his loss.

Court Woodville, No. 1842, I. O. F., at its last regular meeting last Saturday night, elected Dr. O. McPherson as representative to attend high court to be held at Edmundston.

CHAMPLAIN SELLS L'ACADIE. The queer looking craft that was converted into Champlain's L'Acadie for use in the recent celebration, has gone back to her old job and Saturday left with a general cargo for Nova Scotia. T. T. Lantallum said good-bye to the craft Saturday, not as Champlain, but as auctioneer, when he disposed of the sails, lumber, etc.

The five sails and a compass were sold to Fred Heaton of L'Acadie's commander, Capt. Timothee; D. Russell Jack bought several lanterns and ashes; the lumber was secured by Alderman McGoldrick, and the portiers were bought by John McManus.

JAPANESE CHARGED WITH MURDERING THE WOUNDED.

Russian Soldiers Claim to Have Been Fired on While Lying on the Field--Bodies are Horribly Mutilated

ST. PETERSBURG, July 2.—Nothing is known here of the report of a sea fight between the Vladivostok squadron and the Japanese squadron commanded by Vice-Admiral Kamimura.

SEOUL, July 2, 3.30 p. m.—The Japanese legation has received reports from semi-official sources on the east coast of an engagement yesterday between the Vladivostok squadron and a Japanese squadron under the command of Vice-Admiral Kamimura.

LONDON, July 2.—According to a despatch from Tokyo to the Central News, only three cruisers of the Vladivostok squadron appeared in Tsu Island channel and the torpedo boats belonging to the squadron had apparently returned to Vladivostok.

Heavy cannonading was heard ashore at half past eight yesterday evening but the nature of the fight is not known. The Russian ships seem to have suffered no damage as they were afterwards seen going in a north-easterly direction.

TOKIO, July 2, 10 a. m.—There is a probability that Vice-Admiral Kamimura sighted the Vladivostok squadron last night and that a general attack of torpedoes followed.

It is known that Kamimura was pursuing the Russians and a cannonade was heard. Kamimura has not yet reported to Tokyo and word from him is awaited with keen eagerness. The exact movements of the Russians are not known. It is thought Kamimura pressed the Russians into the Tsu Islands, in the Straits of Korea, and the Russians are now endeavoring to escape.

Kamimura's scouts discovered the Russians yesterday afternoon, trailed them and reported the Russians' presence.

At 7.30 in the evening the latter were seen between the Iki and Tsu Islands. Cannonading was heard there. Arriving at a half later cannonading was heard farther north. The navy department expresses the belief that Kamimura sent his torpedo boats against the Russians during the night.

The object of the recent Russian naval movements is not clearly understood. It is suspected that the Russians hope to seek refuge in a neutral port of China and claim protection.

At the close of the day the Russian ships were seen in the Gulf of Wei Hai Wei. The Japanese contend that the Russians are not entitled to neutral protection under the circumstances. They deny the case is similar to that of the Russian gunboat Mandjur which was at Shanghai when hostilities commenced. The entry of the Russian warships into either Kai Chou or Wei Hai Wei would prove embarrassing to the governments controlling those ports.

CHEFOO, July 2, 8 p. m.—A junk was blown up in contact with the entrance of the Liao river, near Newchwang, Friday. Twenty Chinese were killed and twelve were wounded. The captains of vessels are in a state of alarm.

LIAO YANG, July 2.—The Japanese are advancing over an extended front. The Russian troops are in splendid spirits, and General Kurapatkin is in personal command. The Russians are holding Dalin Pass. Fifteen trains are being sent.

ST. PETERSBURG, July 2.—The official organ of the foreign office, prints today an editorial dealing with official denial by the Japanese government of the reports of the mutilation of Russian "wounded." The article says:

"A simple denial is not exculpation. We do not deny that our wounded are well treated at Sasebo, and other Japanese cities where well organized hospitals are operated under the eyes of Europe, but on the field of battle, when the Russians are forced to abandon the wounded, a greater fate awaits them as their agonized cries would allow."

"A photograph has been taken by Dr. Stankovich of Gen. Metchnikoff's division, showing the bodies of Russian soldiers with hands cut off and tongues cut out and pierced by bayonets. An officer was found in a pitiable condition, but still breathing. He was restored to consciousness and said he had been fired upon deliberately by a Japanese soldier. His deposition, signed by the Russian authorities and several military attaches will soon be in our possession."

"General Romanoff has made a detailed report upon the subject to the Red Cross and Prince Jaime de Bourbon has furnished testimony regarding the battle at Varangon."

"News also has come and has not been denied in the Japanese accounts that the Japanese use lances and have decided to give no quarter to the Cosacks who fall into their hands."

"In the face of such grave facts, we think an 'indignant denial' will not suffice to save the Japanese honor. We have shown to believe that Japanese massacre and mutilate the wounded, but treat well for the eyes of Europe those remaining after the massacres."

"The proposition of the dead to the wounded will prove much that is hardly possible now to determine, but sooner or later the truth will come out."

"During the Russo-Japanese war the Turkish atrocities were incredible. When on the march General Skobelev came upon half-naked and horribly mutilated Russians, he said to the English correspondent, 'What gentlemen, an instructive spectacle. Let the people of your country know what they are sustaining.' In this dilemma, the Japanese must prove, but not by affirmation, the allegations made against them are false, or bear the in-

delible disgrace which would prove it to be perfectly true that a people cannot pass suddenly from a state of cruel barbarism to one of civilization by means of purely technical skill, without passing through the incomparable school of 1900 years of Christianity, which, perhaps, is the most valuable possession of Europe."

ST. PETERSBURG, July 2.—The following despatch from General Kurapatkin, dated June 30, has been received by the emperor:

"No only has General Kuraki's forward movement in the direction of Hai Cheng and Ta-Tche-Kalo been suspended, but even the Japanese troops marching on the road to Khamsa towards San Diao have begun to retire towards Chama on the road to Siu Yen. The village of Midavize has been occupied by our troops."

"No Japanese retreat has been observed on the southern road leading to Kai Chou across the Chapanian Pass."

"Our cavalry operating in the direction of Sen Chien has retreated north under pressure of the enemy. Southwards of Hai Cheng the Japanese have placed strong infantry advance posts for a distance of 122 miles along the coast of the heavy rain that prevailed all that day."

"The Japanese advance in the Fen Wang Cheng region has ceased, while in the Hua Yen Sian and Sint Sint districts the enemy has retired southwards."

Hopewell Hill.

HOPWELL HILL, July 3.—The Dominion day celebration, for which the Albert people have been preparing for some time, took place yesterday, having been postponed from Friday on account of the weather.

Although the condition of the weather yesterday morning interfered with the attendance considerably, a large gathering had assembled on the plain grounds, when finally the sun shone out brilliantly shortly after noon. The grounds presented a very attractive appearance and the amusements were many and varied, including shooting galleries, dancing stands, steam merry-go-round, etc., all of which were well patronized.

Refreshments of all kinds were sold during the day and the music of the band of St. John's was heard throughout the day was one of much enjoyment.

The public school at Hopewell Cape, which has been in charge of Mr. Edmondson and Miss Evelyn Bennett, gave an excellent concert in the public hall on Saturday that was well attended. Some \$32 was realized.

Grace McGormican and Margaret McGormican have been teaching at Dalhousie, and Miss Moore of the Sussex Corner school, are spending the holidays at their homes here.

G. A. A. and her sister, Miss Alethea Daniels of St. John visited here this week. Mrs. C. L. Carter and family of Moncton are stopping at the Albert house.

Miss Carrie Henry of Petticoat is stopping with Mrs. Alex. Rogers at the Hill.

St. Andrews.

ST. ANDREWS, July 4.—Jeffrey Whelock and wife, Boston, arrived by C. P. R. on Saturday and are visiting at T. R. Wheelock's.

A. D. Fraser of Belfast, Ireland, who has been the guest of Mr. S. S. Charnock, left by C. P. R. Saturday evening for Quebec to take steamer there for Liverpool.

Mrs. Powys, Frederickton, is in town, lodging at Mrs. (Capt.) John Robinson's.

Frederick Worral arrived Saturday to spend the holidays at home.

W. F. Jenks, customs officer, Houlton, Me., with Mrs. Jenks, arrived by C. P. R. on Saturday. They are guests of A. P. Young, Red Cliff cottage, west end of Water street.

Dr. Colter, who came by train Saturday night is registered at Kennedy's.

Sussex.

SUSSEX, July 4.—The house belonging to Geo. Gorman of Boston, which was burned to the ground on Sunday afternoon. The fire caught from the stove and had gained considerable headway before being noticed. No insurance. The building was valued at \$1,200.

NO MORE OPERATIONS.

The day of operations for piles is past for all who know of the efficacy of Dr. Chase's Ointment as a cure for this terrible ailment. It doesn't matter what form of piles you have, so long as you use Dr. Chase's Ointment carefully and plentifully, it will soon bring relief and cure. Ask your friends and neighbors what they know about this preparation.

For Kidneys, Bladder and Rheumatism

New Discovery by Which All Can Now Easily Cure Themselves at Home—Without the Aid of Doctors—Positively Cures Bright's Disease and Worst Cases of Rheumatism. Thousands Already Cured—Note Endorsement.

At last there is a scientific way to cure yourself of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, druggists or surgeons. The credit belongs to Dr. Edwin Thurman, a noted French-American physician and scientist who has made a life-long study of these diseases and is now in sole possession of the ingredients which have all along been needed and without which cures were impossible. The doctor seems justified in his strong statements as the treatment has been thoroughly investigated besides being tried in hospitals, sanitariums, etc., and has been found to be all that is claimed for it. It contains nothing harmful but nevertheless the highest authorities say it will cure Bright's disease, diabetes, dropsy, gravel, weak back, stone in the bladder, bloated bladder, frequent desire to urinate, albuminuria, sugar in the urine, pain in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, scalding, getting up nights, pain in the bladder, wetting the bed, such rheumatic affections as chronic muscular or inflammatory rheumatism, sciatica, rheumatic neuralgia, lumbago, gout, etc., which are now known to be due entirely to uric acid poison in the kidneys—in short, every form of kidney, bladder or urinary trouble in man, woman or child.

That the ingredients will do all this is the opinion of such authorities as Dr. W. G. Guy's Hospital, London, the editors of the United States Dispensary and the American Pharmacopoeia, both official works; Dr. H. C. Wood, member of the National Academy of Sciences, Philadelphia, Pa. For others who speak of it in the highest terms. But all this and more is explained in a 64-page illustrated book which sets forth the doctor's original views and gives a complete list of the subject of kidney, bladder and rheumatic diseases. He wants you to have this book as well as a trial treatment of his discovery, and you can get them entirely free, without paying a cent, by addressing the Turnock Medical Co., 2018 Bush Temple, Chicago, Ill., and as thousands have already been cured by this cure you will be thoughtful enough to send for the free trial and book. Write the first spare moment you have and soon you will be cured.

It would seem that any reader so afflicted should write the company at once since no import duty is involved and the endorsements are from such a high and trustworthy source.

JOHNSON'S TRIAL

The Prisoner's Conduct is Somewhat Peculiar.

A peculiar case is at present occupying the attention of the superior criminal court of Boston, Mass. Ray C. Johnson, who is accused of killing Mrs. Sarah A. Peters of Charlotte, with whom he had been living for some time, frequently cannot find a sentence and has to wait a minute or more before he answers the simplest questions. The doctors who are watching the case declare he is in a state of insanity.

Johnson remembers Mrs. Peters and swears he always has and still does love her; he can remember little of the murder and can scarcely identify the body of his wife. He says he was in the room at the time of the murder.

ANOTHER EXHIBITION

Will be held in September by the Agricultural Society.

A largely attended meeting of the directors of the Agricultural Society was held Friday afternoon. It was decided to hold an exhibition, largely on account of the generous grant made to them by the local government, and a committee of all the directors was appointed to revise the prize lists and fix a date when the exhibition shall be held. It is probable that it will come off immediately after the St. John exhibition. A matinee consisting of horse races and farmers' sports will be given in the afternoon. The committee will meet in the near future to make all necessary arrangements. A vote of thanks was tendered to the secretary, R. R. Patchell, for his assistance in securing the grant from the government.

CAPT. FEATMAN ASSAULTED

Row on the Beatrice Waring Caused Excitement in Indiantown Yesterday.

(Star.) When the Beatrice E. Waring arrived at Indiantown this morning there was a goodly crowd on the wharf, mostly city merchants all on the lookout for bargains. As soon as the passengers went ashore they boarded the boat and were busily engaged in bargaining for the produce brought down. Suddenly there was an uproar and before anyone could realize what had happened Capt. Featman called upon Officer Greer to arrest the engineer, Horace Lee, Waring, who he accused of assaulting him.

It seems that some one told Mr. Waring that the captain had made complimentary remarks about him and that upon hearing this he went to the office where the captain was and struck him. The captain pushed him aside and called the officer. Miss Waring, the manager of the line, then took a hand, and in a minute all was peace and quietness. Mr. Waring was convinced of his mistake and apologized to the captain.

LETTERS FROM THE PEOPLE.

To the Editor of the Sun: Sir—Perhaps you or someone better acquainted with your city laws than I am will be good enough to inform us have matters come to such a pass in your noble city that a farmer from the country can not go down to St. John with the produce of his farm and dispose of it at the Star Line Company's steamers warehouse without being informed that he must take out a license or be exposed to a fine? If such is the case the farmers of this up-river country will find a market in Fredericton, Gibson or Marysville, where the market is as good for the farmers as it is at Indiantown, St. John. For any information on the subject you will much oblige a farmer.

SHEFFIELD.

A FOOL-HARDY BOAT TENDER

What might have been a serious accident occurred during the trip of the Beatrice E. Waring Saturday. At one of the stops along the tributary a man named Somerville was sent off to take down to St. John the produce of his farm. For the warnings of the crew of the steamer the man rowed right into the boat with great force, resulting in the boat being precipitated into the river. It was some time before he was fished out. Mrs. Morrell, who is a sufferer from nervous trouble, was much wrought up over the incident and is now quite ill at Belleisle.

To cure Headache in ten minutes use KUMFOT Headache Powders.

HOSPITAL APPOINTMENTS.

The regular meeting of the hospital commissioners was held yesterday afternoon. Dr. N. P. Grant of Woodstock, was appointed resident superintendent, in place of Dr. Thos. Lunney, who recently resigned.

Dr. Pratt's resignation as assistant superintendent was unexpectedly received, and Dr. S. B. Bayley of Truro, was appointed in his stead.

Both new men are graduates of McGill University, and only recently took their qualifying examinations for provision to before. Miss Mitchell date from July 1st.

Tenders were accepted from the following: Struan Robertson, drugs; A. E. Macaulay, milk; Hygienic Bakery, bread; T. Collins & Co., groceries, vegetables and wood; F. E. Williams, meats; R. P. & W. F. Starr, coal.

Consulting physicians were appointed the same day before. Miss Mitchell was reappointed matron and Miss Hewitt head nurse.
