

EXERCISES DURING THE YEAR.

Exercises in Dictation and Composition in the Primary Department.

Exercises in Declamation and Composition of Essays in the Higher Department.

Essays on prescribed subjects during the third year in the Higher Department.

Plans of sermons, and written sermons for criticism, during the last two years, in the Theological Department.

EXAMINATIONS.

Examinations of all the Classes in the Primary and Higher Departments are held either at the close of the term, during which each study has been pursued, or at the end of the year. The Theological Classes will hereafter be examined during the second week of September at the commencement of the Academic year. These examinations are conducted with the assistance of Committees appointed for that purpose.

MERIT-ROLLS AND DIPLOMAS.

A daily record is kept by each of the Teachers of the recitation and deportment of every student in a class; and this, in connection with the terminal examination, decides the position of the student on the Merit-Roll made up at the close of every term. Diplomas will be granted to those students who have pursued a full course of study, either in the Literary or Theological Departments, and have sustained good examinations thereon.
