Sarsaparilla has, and deserves much i reputation, of accomplishing these ends. Is the world has been egregiously deceived preparations of it, partly because the i alone has not all the virtue that is claim

and great popularity of the discovery, i will state that in April, 1833, I poddled it, and sold abiut its bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was aver like it. There is a universal praise from all quarters. In my own prachice I always kept it strictly for humore—but since distintroduction as general family medicine, great and wenderful virtues have been found in it that I never sus poeted. Soreral cases of epileptic fits—a disease which was always considered incurable. have been cured by a few bottles. O, what a mer-cy if it will ;rove effectual in all cases of that awful maindy—there are but faw who have seen more of it than I have. I know of several cases of dropsy, all of the sees on once of it than I have. I know of several cases of dropsy, all of the sees of the Kidney's, &c. the discovery has done more good than any m dicine ever known. No change of Diet ever necessary. Eat the best yon can get, and enough of K. Discaser os the Spine, and particularly in dis-excess of the Kidney's, &c. the discovery has done more good than any m dicine ever known. Mail Stage. EAVING Woodstock and Fredericton every day (Sundays excepted) at 8 o'clock, A.M. Fare 53.

Three or four bottles are warranted to cure the salt rheum. Five to eight bottles are warranted to cure the worst case of scorfula. A benefit is always experienced from the first bottle and a yerfect cure is warranted when the above quantity is taken. Reader, I have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in everycase. So sure as water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this horb that appear to me sueprising; first that it grows in our pastures, in some places vuite plentiful, and yet its value has never been known until I discovered it in 185 - se-cond, that it should cure all kinds of humor In order to give some idea of thesudden rize and great popularity of the discover, I will state that in April, 1853, I peddled it, and sold abiut six bottles per day-in April, 1854, I curd or and thread the rest of the sud of the sud AT THE BRICK BUILDING. MAIN-ST., UP-STAIRS. The Subscriber begs to anrounce that having se-the intends cauving on the Suffer the services of Mr. John E. Smith for the ensuing year he intends cauving on the Clothing and Custom busines.
