Every available Farm Labourer for the East is required in the West. As fifty thousand helpers are wanted. The crops are enormous—high and months of steady employment for all. If the demand is to be met the East must supply thousands of laborers. The question of the in Canada at present is that of getting the crops of the Western provinces. Canada is now the Great Granary of the world, and this we cannot afford that an ounce of our yield shall go to waste. Let our farmers of the Maritime Provinces send their home work cleaned up quickly and take the Winnipeg excursion leaving St. John August 17th and 24th. Twelve Dollars to Winnipeg.

MORE MARINES SENT TO HAITI BY U. S. GOV'T

American authorities take over control of Cape Haitien—Residents disarmed and Revolutionists forbidden to enter city.

Washington, Aug. 6.—Nine hundred marines will be sent to Haiti on the cruiser Tennessee. An announcement at the navy department today says the force is being increased in order to lighten the work of those already there from the rigors of the tropical climate.

Disarming Residents
Cape Haitien, Aug. 6.—The American battleship Connecticut has arrived here from Port Au Prince and has landed men.

The American authorities have taken over control of Cape Haitien. American marines are disarming the people of the city, and the forces of the revolution have received orders not to enter the city limits.

Acting upon orders issued by the American authorities, 500 revolutionary soldiers today sailed away from this port on board the despatch boat Nord Alexis. They are going to Port Au Prince.

The local committee of safety, not having been recognized by the American naval authorities, has been obliged to disband.

CANADIANS IN LONDON HONOR PREM. BORDEN

Guest of Canada Club—Sir Gilbert Parker pays tribute to Sir Robert and praises Maritime Provinces.

London, Aug. 6.—After having been the guest of honor in parliamentary, diplomatic, civic and commercial circles since his arrival here, Sir Robert Borden was today given luncheon by the Canadian Community in England. The Canada Club, which since the outbreak of the war has suspended its customary social functions, made an exception on this occasion, and a large number of resident and visiting Canadians accepted an invitation to meet the premier.

Sir Gilbert Parker's introductory speech paid a high compliment to Sir Robert Borden and was coupled with an eulogy of the Maritime Provinces in regard to their contribution of gifted leaders and their permeating influence on the Dominion.

The beneficial work promoted and maintained by the Canadian community in England was recognized by the president, who also referred to the Canadian respect for law as being based upon the rights and freedom of religion and education which prevailed and which had especially happy results in Quebec.

Premier Borden's reply was to some extent a reiteration of Canada's and the Empire's determination to see the war to a successful issue.

Speaking of co-operation between the Imperial governments, he alluded to Sir George Perley's signal services in this respect as being appreciated not only by Canada but by the whole Empire.

In regard to Warsaw, the premier found some consolation in the fact that the enemy must be tenfold disappointed over its aims, also that Britain had attained the great task of clearing the pathway of the seas.

Among those present were Lord Jellicoe, Sir Clement Kinloch-Cooke, Sir Montague Allen, Sir Herbert Holt, Sir William Oster, Mr. Orr Lewin, General McDougall, W. F. Schreiner.

The gold casket presented by the city of London, together with the freedom of the city, to Sir Robert will be of its rarest gold, mounted on a base with finely chased figures, representing of Britannia and Canada. Four panels will be carved in the form of the Maple Leaf.

LT.-COL. MCKEE FORMERLY OF FREDERICTON, GOING TO THE DARDANELLES

Has been with No. 1 Canadian Stationary Hospital in France and won promotion by his heroic work

Special to The Standard.
Fredericton, Aug. 6.—Lt.-Col. S. H. McKee, formerly of this city and late of Montreal, is in command of No. 1 Canadian Stationary Hospital which has gone to the Dardanelles.

Colonel McKee went over to England and thence to France with the first Canadian division, having been an officer of the army medical corps and connected with No. 4 field ambulance corps of Montreal, previous to the outbreak of war.

His services were accepted and he was placed in charge of No. 1 Stationary Hospital when he volunteered for active service with the first contingent and until a few days ago he was actively at work in France with his hospital and doing heroic work with the Canadian wounded, having won promotion to rank of Colonel.

This week his father, Mr. S. H. McKee, King street, received a cable from Colonel McKee stating that he was going to the Dardanelles. Since the cable was received here a few days ago announcing that Capt. Rev. Dr. J. H. MacDonald, formerly pastor of Brunswick street United Baptist church, was going to the Dardanelles as chaplain with the Canadian hospital party, further word has come that these orders were countermanded soon after being given and that now Dr. MacDonald is not sure where he will be sent.

FRENCH CHAMBER VOTES \$24,000,000 TO BUY WHEAT AND FLOUR FOR NON-COMBATANTS

Bill Authorizes Requisitioning of Wheat and Flour in France—Empowers Minister of Commerce to Buy in the Colonies or Abroad and Creates an Advisory Committee.

Paris, Aug. 6.—The Chamber of Deputies today passed a bill carrying an appropriation of 120,000,000 francs (\$24,000,000) to be used in the purchase of wheat and flour for feeding the civil population. The limit of such purchases is fixed at 200,000,000 francs. The bill authorizes perfects under the control of the Minister of Commerce to requisition wheat and flour in France and empowers the Minister of Commerce to make purchases in the colonies or abroad and to distribute supplies according to the needs. The measure also creates an advisory committee.

The new under-secretary of war, Joseph Thierry, who is called "Minister of Supplies," speaking in favor of the bill, frankly admitted that there has been waste and disorganization in purchasing army supplies, but he assured the chamber that re-organization was well under way.

An attempt by the Socialists to inject a rider creating a government monopoly of grain was defeated by a vote of 364 to 128.

GREAT JOY IN BERLIN OVER FALL OF POLISH CAPITAL

Bavaria confers its highest order, Grand Cordon of Max Joseph, on Prince Leopold.

Berlin, Aug. 6.—(By wireless to Sayville)—The Overseas News Agency today gave out for transmission by wireless telegraphy abroad the following account of the storming of Warsaw by Bavarian troops:

"Bavarian troops, under command of Prince Leopold of Bavaria, the 70 year old veteran of 1866 and 1870-71, stormed the outer and inner forts of the Russian stronghold on both banks of the Vistula river and reduced Warsaw yesterday. As soon as the rumor of the great event was circulated through the city the telephone wires were bent down with eager inquiries addressed to the government authorities.

"Immediately after the news was confirmed the Berlin streets resembled an ocean with their justly waving flags. Church bells furnished a bass voice in the great chorus of joy and gratitude for the unparalleled achievements of the brave armies, who had been chasing the Russians from position to position since last May.

"The reduction of Warsaw was announced by an official of the general staff in a few sober words. The victorious prince telegraphed his official report to his royal brother at Munich who conferred upon him the highest Bavarian order, the Grand Cordon of Max Joseph.

"Ivanogorod fell, after the capitulation of Warsaw was expected, and the former fortress was taken by the Austro-Hungarian troops. Correspondents at the front report that Gen. Von Woyrsch massed troops, bridge material and pontoons on the rains opposite Novo Alexandria which caused the Russians

to throw their best troops and reserves toward that town. They encircled Ivanogorod from the north and cut the connecting lines towards Warsaw.
