

TORTURED BY RHEUMATISM

Sunday School Supt. Tell How "Fruit-a-Lives" Relieved

Toronto, Ont., Oct. 1st, 1913.
"I have lived in this city for more than twelve years and am well known, I suffered from Rheumatism, especially in my hands. I spent a lot of money without any good results. I have taken 'Fruit-a-Lives' for eighteen months now and am pleased to tell you that I am well. All the enlargement has not left my hands, and perhaps never will, but the excruciating pain is all gone and I can do any kind of work. I have gained thirty-five pounds in eighteen months."
R. A. WAUGH,
Supt. of Sunday School, 210 St. John St. At all dealers or direct from Fruit-a-Lives Limited, Ottawa.

made every effort to enlist as a private in the A. M. C. St. John, and was actually passed there as physically fit. His illness and death came as a great shock and much sympathy is expressed for his sorrowing wife and young son who are left to mourn his loss.
Dr. Graham's three cousins, medical men, are serving at the front also. Claude Graham Davies, 2nd Lieut. Observation officer, 1st Siege Battery, R. E. F., was killed in action on May 14th, 1916. 2nd Lieut. Reginald Davies of the 109th Battalion, R. G. A., Indian Ex. Force, who, for conspicuous bravery, was decorated by the King with the Military Cross a week ago in London. Mrs. Graham's brother-in-law, Rev. W. Hogarth, senior chaplain to 99th Field Ambulance, is also at the front.

THE JOY OF MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of some curable derangement.
Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter:
"Worcester, Mass.—'I suffered from female ill, and was advised to have an operation, but my friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has helped me so much that I am now well and have a baby boy who is the picture of health, and I thank the Vegetable Compound for my restoration to health.'"
—Mrs. BERT GARVEY, 20 Harker St., Worcester, Mass.
In many other homes, once childless, there are now children because of the cure by Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.
Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

An Easy Way to Increase Weight

Good Advice for Thin Folks.
The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomachs or stuffing it with greasy foods, rubbing some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.
There is a preparation known to reliable druggists almost everywhere which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and has been termed the greatest of flesh-builders. Sargol aids through re-constructive powers to oxy the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as with increased weight the cheeks fill out, hollows about neck, shoulders and just disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.
If you find a druggist who is unable to supply you, send \$1.00 to the National Laboratories, 74 St. Antoine Street, Montreal, and a complete ten days treatment will be sent you post-paid.
NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.

NOMINATION DAY IN WESTMORLAND

By Pre-arrangement There Was No Speechmaking to Mark Occasion.

ROUSING MEETING HELD AT SACKVILLE

Hon. Mr. Mahoney Given Splendid Receptions Throughout County and Success is Assured.

Special to The Standard.
Moncton, May 23.—This was nomination day in Westmorland for the bye-election made necessary by the resignation of P. G. Mahoney to accept the position of commissioner of public works, but according to previous arrangements there was no speechmaking and the filing of nominations occasioned no excitement. Hon. P. G. Mahoney's official nomination paper was filed with Sheriff Willett, returning officer, by Raleigh Triton, of Sackville, and James McQueen filed the nomination of Dr. E. A. Smith.
Both sides are actively engaged in holding meetings nightly throughout the county. The Carter-Veniot party have a number of outside speakers announced, including F. B. Carvell, chief of the slandering gang, L. A. Dugal, Wm. Mahoney, (St. John), H. F. J. Patisley, G. Hazen Adair, Sussex, and the hiring leaders, E. S. Carter and P. J. Veniot.
A big meeting was held at Sackville tonight in the interests of Hon. P. G. Mahoney and the electors of the college town gave the minister of public works a magnificent reception and a number of loyal supporters on the 30th. The meeting was held in the Imperial Theatre which was attended by a large audience. Mayor H. M. Wood presided and besides Hon. Mr. Mahoney the meeting was addressed by Attorney General Baxter and Hon. J. A. Murray. The ministers ably and convincingly dealt with the campaign of slander being waged by the Carter-Veniot crowd and by contrasting the methods of the old government with the present system of conducting the affairs of the province proved conclusively to the satisfaction of the large audience that the best interests of the province lie in keeping the old crowd where they are at present—in opposition.

Hon. Dr. Landry at noon today addressed at the I. C. R. shops election of the parish who are employed in the railway and met with a splendid reception. Tonight the provincial secretary spoke at St. Andrew, Wednesday night a meeting in the interests of Mr. Mahoney will be held at Point De Bute, T. J. Carter and Dr. Price will be speakers. Thursday night Dr. Landry and Mr. Mahoney will be at Cape Bauld and Friday night Attorney General Baxter, Dr. Landry and Hon. Mr. Mahoney will speak at Shediac.
From reports gathered from reliable sources from different parts of the county Hon. Mr. Mahoney's return as minister of public works is assured by a large majority on the 30th.

WATER DEPARTMENT MATTERS CONSIDERED BY THE COUNCIL

New Main to Replace Cement Pipe Through Dry Lake District—Other Business Transacted.

At Tuesday's council meeting it was decided to call for tenders for the new main to replace the cement pipe through the "Dry Lake." Commissioner Fisher will get a new car for the use of his department. The main street paving question seems to be dead, no mention of it being made at the meeting.
Commissioner Wigmore occupied the chair at the council meeting Tuesday afternoon in the absence of the Mayor. The committee of the whole recommended R. W. Wigmore and J. V. Russell be appointed revisors of the voters' lists for the present year, and that William J. Bennett be appointed a pilot commissioner and a member of the St. John Pilot Commissioners to fill the vacancy caused by the death of George N. Kennedy. These were adopted.
Public Works.
The commissioner of public works recommended that the tender of Frank Wade for 1,500 granite paving blocks at \$88.25 per thousand be accepted. That the tender of George Dick for 30 cords of hardwood at \$8.00 per cord, with the privilege of buying 10 per cent. more at same price if required be accepted.
That Dr. J. D. Maher be allowed to remove electric light poles from front of building corner of Union and Brussels streets and erect same in front of building corner of Charlotte and North Market streets provided he repairs the sidewalk where poles were taken up, and that he be permitted to place an electric sign on the building corner of Charlotte and North Market streets on complying with the usual requirements.
That a Ford car be purchased for the use of the department at a cost of \$547.40, the same to be plainly marked on both sides Department of Public Works, St. John.
That the sum of \$295.50 realized from the sale of the former car be applied to the purchase of the new one. These recommendations were adopted.
Water and Sewerage.
The commissioner of water and sewerage recommended that the following tenders for supplies for the department be accepted:
James Fleming
20 tons special castings at 3c. per lb.
25 Sewer Manhole Covers at \$6.75 each
25 Vault Covers at \$7.30 each
25 Fire Plug Platform Covers at \$4.20 each
25 Catch Basin Frames and Gratings at \$5.25 each
The James Robertson Co., Ltd.
2,000 ft. 12 in. Terra Cotta Pipe at \$28.60 per 100 ft.
2,000 ft. 9 in. Terra Cotta Pipe at \$19.75 per 100 ft.
500 ft. 6 in. Terra Cotta Pipe at \$11.00 per 100 ft.
50x12x6 Terra Cotta Y's at \$1.40 each
25x12x9 Terra Cotta Y's at \$1.05 each
100 8x6 Terra Cotta Y's at \$1.05 each
25 3x3 Terra Cotta Y's at \$1.05 each
300 barrels of cement at \$2.30 per barrel, divided between W. H. Escombe & Co., Ltd., The S. Hayward Co., Ltd., Gandy & Allison, A. M. Rowan, and Robertson, Postier & Smith.
25 tons of American Anthracite Egg Coal at \$9.00 per ton, divided between J. S. Gibson & Co., Ltd., George Dick and The Consumers Coal Co.
8 tons of American Anthracite Nut Coal at \$9.00 per ton from Estate of C. E. Colwell.
The commissioner recommended that he be authorized to call for tenders for excavating and back filling trench, also for 36 in. cast iron or steel pipe for laying a new main about Lake Fitzgerald to replace the concrete conduit now there, estimated cost \$40,000. These were adopted.
A communication was received from J. Clark & Sons, Ltd., asking permission to erect a standpipe at the curb in front of their premises if German street for the sale of gasolene. The communication was referred to the commissioner of public safety who said he did not think the council had the power to grant the request, but he would look into the matter and consult the city solicitor on the matter and report to the next meeting of the council.
Harbor Matters.
A communication was read from the Board of Trade opposing the sale of any harbor frontage at the present time. This was referred to the commissioner of harbors and ferries and public lands.
J. T. Knight & Sons wrote complaining that they had been compelled to pay charges on steamers lying in the stream and asked the council to order a refund. Referred to the commissioner of harbors, ferries and public lands.
Public Safety.
The commissioner of public safety reported on the letter of MacRae, Sinclair & MacRae in regard to the proposed garage on Cliff street. He said the by-law prohibited the erection of such a building within 300 feet of any place where divine service was held, and did not say public worship, although that was probably the intention of those who drew up the by-law. Bishop LeBlanc had written a letter of protest against the proposed building and added that he had done away with the garage on his own grounds because it had been found objection-

EMPIRE DAY IN SCHOOLS

Programmes Appropriate to the Occasion Carried Out—Lesson on Empire Affairs.

CITIZENS INVITED TO DO PART IN HELPING CLEAN UP THE CITY

Co-operation with Public Works Dept. Necessary if Clean Up Day is to be a Success.

Empire Day was observed in the schools on Tuesday and as has been the custom in past years programmes of a patriotic nature were carried out. Songs, recitations and essays dealing with Empire affairs and history were in order and a very profitable afternoon was spent by the scholars and those of their parents and friends who attended the exercises.
High School.
At the High School the speakers were Mayor Hayes and Capt. (Rev.) M. E. Conroy of the 140th Battalion. Capt. Conroy had as his subject "Empire Day" and in an eloquent address he told of what the day should mean to every member of the Empire. The following programme was then carried out:
Recitation—"The Banner of St. George," Kenneth Cairns, I.K.
Chorus—"My Own Canadian Home."
Reading—"The British Empire," Gerald McGovern, XI.
Recitation—"To Britannia," Parker Mitchell, IX.
Chorus—"The Boys of the Allies."
Recitation—"The United Front," Vivian Dowling, XI.
Essay—"The War by Sea," Kathleen Fitzpatrick, XII.
Solo—"Knitting," Colia Cohen.
Victoria School.
At the Victoria School the address on the day was delivered by Rev. Hammond Johnston, pastor of the Queen Square Methodist church, the recitations and songs were all of a patriotic nature, one very pleasing feature being the singing of "The Marseillaise" in French by the girls of Grade VI.
In the primary section Rev. J. H. A. Anderson of St. John Presbyterian church was the speaker and both schools closed the proceedings with the salutation to the flag and the National Anthem.
Albert School.
Rev. J. H. Jenner of the Charlotte Street West United Baptist church was the speaker at the Albert school and dealt in a very interesting and able manner with the day and what it stands for. The primary and advanced departments each had separate programmes which were well carried out and every member had some bearing on the subject of the Empire.
St. Peter's School.
Trustee M. Coll and William Shea, principal of St. Peter's Boys' School, were the speakers at St. Peter's. Mr. Shea was very fully into the meaning of Empire Day and made special reference to the war in which the Empire was engaged at the present time. He spoke in a very feeling manner of two former pupils of St. Peter's who had given their lives in the cause of right, Sergt. Cotter and Pte. Kane.
In some of the schools where they have no exhibition halls appropriate exercises were carried out in the rooms.
Alexandra School.
At the Alexandra school a very pleasing programme was carried out on Tuesday before a large assembly. The auditorium was gaily decorated with flags and bunting. Grade VIII pupils assisted in the decorations by placing on the blackboards drawings representing all the Allied nations and the colonies of Great Britain. The pupils were assisted in their programme by outside talent. Prof. Casson, an artist of no mean ability, delighted the large audience with violin solos expertly rendered with Prof. Casson's usual excellent technique and sympathy with the feeling of the composition. Mr. Walter Pidgeon, a former student at this school, sang "England." Mr. Pidgeon's splendid voice is well known in St. John musical circles. Miss Alder (McGill) accompanied Prof. Casson and Mr. Pidgeon. Needless to say both these artists were heartily encouraged.
The pupils of the Alexandra display good musical ability in their own selections. The Black orchestra, composed of Masters Morris (violin), Ronald (cello), Gordon (cornet), gave a pleasing trio, accompanied by their sister, Miss Helen. Miss Audrey Roulston played a violin duet with her teacher, Mr. Malcolm, a number which was well received.
A pleasing original exercise was ren-

DO PART IN HELPING CLEAN UP THE CITY

Co-operation with Public Works Dept. Necessary if Clean Up Day is to be a Success.

Citizens are reminded that today is clean-up day. Clean up your yards and premises, put the rubbish, with the exception of ashes, into receptacles which are of no value—they will not be returned—set them on the street or as near as possible to the street in order that the teams may make quicker time and they will be taken away by the city teams or those who volunteer for the work. They will not take away ashes as that is the duty of the citizens themselves. This campaign is undertaken in the interests of a cleaner and better looking city and it is hoped that the citizens will co-operate with the public works department and make it a success. The rubbish in the North End will be taken to the Elm street dump and that from the South End to the scow at Lower Cove slip.
The commissioner said he would consult the city solicitor and report further at the next meeting.
The commissioner of public works brought up the matter of the building and land which the city are acquiring at the corner of Mill and Main streets and moved that a deed be prepared by the city solicitor under the seal of the city for the transfer of same to the city and that the commissioner of public works be authorized to make arrangements for the removal of the building. This was carried and the commissioner stated that he would probably call for tenders for the sale of the building, the buyer to remove it.
The Committee Meeting.
The noon committee meeting Tuesday was largely taken up with the proposed new pipe line around the "Dry Lake" to replace the cement pipe which is leaking very badly and cannot be repaired. Lieut. R. F. Armstrong, engineer of the department, was present and submitted a statement that on account of the fact they could not do anything with the pipe and the leakage had softened the cement and it was liable to go back any time. It would cost in the vicinity of \$40,000 to build the new pipe line, but there was no other solution of the problem. During the discussion Commissioner McLellan said that many of the fire plugs were fitted by pipes which were too small. Commissioner Wigmore said they were being fitted with new fire pipes as fast as possible, and most of the new mains were eight inch. It was finally decided to recommend to the council that tenders for the work of laying the new main be called for.
Commissioner Fisher introduced his resolution in regard to interviewing the Street Railway about rescinding the present agreement and making a new one. Commissioner McLellan did not think he would have much success, as he thought the railway people were well satisfied with the agreement as it stood. Commissioner Wigmore and Russell were quite willing to support a better agreement for the city if one could be made. Commissioner Fisher will interview the Street Railway Company and report back to the council.
A Live Wire.
An elderly gentleman was looking about him intently in one of our big shop-walkers when the urban shop-walker approached him. "Anything I can do for you, sir?" "I have lost my wife." "Ah, yes," came the brisk reply, "mourning goods, third floor. Will you walk or take the lift?"—London Chronicle.

JAKE DAUBERT LEADS NATIONAL HITTERS

Brooklyn First Baseman Has Percentage of .384—Speaker Heads the American List with .398.

Chicago, Ill., May 20.—Jake Daubert, Brooklyn's first baseman, is leading the batters of the National League, according to averages published here today, and including games played last Wednesday.
His percentage is .384. Boston has taken first place in club batting with .272. The three leading National league hitters are: Daubert, Brooklyn, .384; Zimmerman, Chicago, .358; Robertson, New York, .357.
Tris Speaker, Cleveland, leads the American leaguers in batting with .388; Cobb is again doing better than .300. Detroit with 261 leads in club batting. The leading hitters of the American league, who have played in half or more of the games, are: Speaker, Cleveland, .388; Burns, Detroit, .364; Smith, Cleveland, .344.

"SALADA"

It has the reputation of nearly a quarter of a century behind every packet sold

OBITUARY

Miss Margaret Stephenson.
Miss Margaret Stephenson, a well-known resident of Golden Grove, died yesterday. Miss Stephenson was seventy-eight years of age. The funeral will be held Friday afternoon at two o'clock.
Councillor Robert Connelly.
Councillor Robert Connelly, one of the best known lumber operators in southern New Brunswick, died yesterday afternoon at his home in Great Salmon river. Mr. Connelly had been a member of the St. John County Council several times and was one of the representatives of St. Martins parish at the time of his death. He was manager of the Peapack Lumber Co., and had extensive business interests. He was well known in this city and was popular among his large circle of friends. In politics he was a staunch Conservative and was a prominent worker in that party.
Councillor Connelly was sixty-three years of age. He is survived by a wife, one son, Edward, and three daughters, Mrs. Ora P. King and Misses Jean and Marie.
The funeral will be held in Sussex Friday afternoon upon the arrival of the Pacific Express from this city. The interment will be at Sussex. The sympathy of his many friends is extended to the family in their bereavement.
War Lecture—"At the Back of the Front." Rev. J. M. Wilson of New Glasgow, N. S., recently returned from the front, will give his famous lecture in St. Andrew's church, Monday, May 22nd, eight p.m. Silver collection at door.

the Saluting Base "Canada's Finest"

Every Shovelful Counts

THERE'S satisfaction in having a Sunshine Furnace. You know that the coal you put in the big wide door will be turned into heat for the house.

What makes the Sunshine a coal saver? Two things:
1 THE STUDY—the science you might call it—that has gone into its design.
The large passages are wide, the radiating surface is large. The heat from the flames is spent before the fumes get to the chimney. This means more heat through the hot air registers.
The fire-pot, which is the main source of heat, is always kept clear of ashes that would prevent rapid conduct of heat from the burning coal to the radiating surface of the fire-pot.
2 THE WORKMANSHIP that produces a permanent "heat-tight" job.
The doors and dampers fit closely. When you shut off the Sunshine Furnace, the heat is held without burning up coal; and tight construction at every point directs the heat to the warm air flues and avoids the waste of coal.
Would it be wise to look for fuel-economy in any but a modern, dependable furnace like

McClary's Sunshine Furnace

Kindly send me without cost expense on my part—
1. Your booklet on the Sunshine Furnace.
2. Also forms for filling out, so that your heating engineers can tell me to order and install a system that will properly heat my home.
When you are planning a heating system for your home, wouldn't you like to know what McClary's Sunshine will cost you, installed? Well then, our Heating Engineer will be glad to give you this information. He will show you how to plan your heat distribution so as to get the most out of it. No, there is no charge. Simply write to him fully at the factory. Meanwhile, mail the coupon for our booklet "Sunshine."
