The principal event of the evening was a debate: "Resolved that Canada's severance from Great Britain is desirable." For the affirmative, the speakers were Andrew K. Dwyer and John Barry, while John Kelly and Stephen McDonald strongly favored the resolution. Both sides displayed in their opening speeches that they possessed a full knowledge of the subject and had spent much time in research and study.  
Many forcible points and patriotic appeals were brought forth by all the contestants, but the weight of the argument was judged to be in favor of the speakers on the affirmative.  
Mr. Kelly impressed the audience as a young man who possesses many of the qualities requisite for a successful politician or lawyer. Mr. Dwyer, however, put up a strong fight, and although defeated, he was well received.  
He has a forcible and effective way of bringing forth his arguments and probably lost the debate because of under estimating the strength of his opponents.  
Mr. McDonald surprised and delighted his friends by his really excellent speech. He was judged to be a very promising speaker.

Died Yesterday at Montreal After a Long Illness.

MONTRÉAL, Jan. 16.—Rev. Dr. Charles Chinquy, who has been ill in this city for some time, died at 9:50 o'clock this morning, in his 90th year.  
[Dr. Chinquy was born at Kamourang, N. B., on July 30, 1809. Shortly afterwards his parents removed to Murray Bay, which was then in the infancy and had no school, and the boy's first teacher was his mother. In 1832 he was ordained a priest and worked in several parishes in the province of Quebec. He was particularly active in the cause of temperance. During ten years he went about advocating it with such remarkable success that 200,000 French-Canadians signed the pledge. So his name became a household word, and his energy and ability attracted the attention of his superiors to him. He was sent by the bishops to visit his countrymen who had emigrated from Canada to the United States. He formed a settlement of them in Illinois. In 1858 he succeeded from the church, joined the Presbyterians and was ordained a minister. He has written several books and has preached and lectured in most of the English speaking countries.]

They were rescued by the Allan liner Sarmatian and carried to Glasgow, whence they were sent home by the Austrian. They had been two days on the schooner enduring great hardships from hunger and cold. Capt. Ben Robinson, of the Annie G., was washed overboard, and Job Porter, a seaman, had been drowned in the cabin.

## ASTHMA CAN BE CURED.

And Is Being Permanently Cured Daily by Clarke's Kola Compound. Here Is What a Hamilton Lady Says:

Mrs. Gilbert, 105 Rebecca street, Hamilton, writes: "I suffered from a bad form of asthma for over nine years, and notwithstanding all the doctors could do for me, got worse and worse at any time. I spent money lavishly in the efforts to get relief, but all to no purpose. For six weeks at a time I could not get up or down stairs, and was in a miserable condition. My daughter, who works in a drug store, had heard a good deal of Clarke's Kola Compound, and got me to try it as a last resort. I paid \$1 for a bottle, but that is nothing, for it is worth more than that for every teaspoonful. Two doses gave me splendid relief, and after using but one bottle I am doing my own work, can go out and as well as ever, and feel like a new creature. Clarke's Kola Compound has been a blessing to me, and I took upon it as a marvelous remedy. You may use this testimonial as you see fit, and I shall be glad to give further particulars to any one inquiring. I gratefully endorse Clarke's Kola Compound."  
Sold by all druggists. A free sample will be sent by mail upon request with this clipping. Address The Griffiths & Macpherson, Co., 121 Church street, Toronto, Ont.
