another rush and he was kept there by the crowd until nearly six o'clock. Many ladies who went carried flowers to deck the corpse, and such little tokens spoke of the sympathy for the one thus suddenly cut off in the prime of her life. The coffin in which the remains were placed was made by Mr. M. N. Powers, and is silver mounted. On the lid is inscribed

MARY DOYLE,
1873.

The coffin was placed in a strong box and forwarded by the Western train to Napanee, and her private property was forwarded at the same time to her friends in that place.

At 8 o'clock Doyle was taken to the Alms House burying ground, and a little after 9 o'clock was interred without any ceremony, in accordance with the law. His property is still in possession of the Coroner. As far as this city is concerned the last has been done with the bodies of the two unfortunate victims, and it will soon be forgotten that such a tragedy ever happened in our midst, and probably no murder ever took place so shrouded in mystery as to the cause—a mystery that does not seem likely to be unravelled.

Night Train.

The night train on the Consolidated and Western Extension Railway will make its last trip West, for the present season, on Sunday night. The Pullman cars will also be withdrawn. See advt.

New Post Office.

The granite foundation of this building is now completed. It is built to a level with Prince Wm. street, and one row of freestone is already placed. This is all that will be done towards the walls this fall, and the work is being roofed in so that operations will not be stopped on account of the cold. Polishing the granite, carving, and other necessary work, will be done during the winter. A small steam engine is being fitted up to be used in the work and to heat the place.

The Harbor Question.

The matter of putting the harbor into the hands of a Commission was referred to the Harbor Committee, at the last meeting of the Common Council, with the view of conferring with a committee of the Board of Trade. The Harbor Committee has never been asked to meet. We would like to ask why the Mayor, its chairman, requires to be prompted to do his duty when a matter of so much importance requires so immediate action. Come, Mr. Mayor, call your committee together.

The Marsh Bridge.

No movement has as yet been made to repair the Marsh Bridge. It is not only a disgrace but is also dangerous. Some months since, what was supposed to be an influential committee, was appointed to arrange the points in dispute, about repairing the structure. It is a disgrace to the members of the committee, who are all wealthy men, that they themselves have not had some temporary repairs effected, as they could well afford to wait a short time for their money. If any member of the committee should ever run for Mayor, his present inaction would be a very strong canvass against him.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs.

AMONG the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of *Consumption*, cured by this preparation, are publicly known, so remarkable as hardly to be believed were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing *Coughs*, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centered on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome *Influenza* and painful *Bronchitis*, when they know how easily they can be cured. Prepared by

Pospectus for 1874—Seventh Year.

THE ALDINE,

An Illustrated Monthly Journal, universally admitted to be the handsomest Periodical in the World. A Representative and Champion of American Taste.

Not for Sale in Book or News Stores.

THE ALDINE, while issued with all the regularity, has none of the temporary or *timely* interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. *THE ALDINE* is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes *for ten times its cost; and then, there are the chromos, besides!*

ART DEPARTMENT, 1874.

The illustrations of *THE ALDINE* have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained.

In addition to designs by the members of the National Academy, and other noted American artists, *THE ALDINE* will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest. Thus the subscriber to *THE ALDINE* will, at a trifling cost, enjoy in his own home the pleasures and refining influence of true art.

The quarterly tinted plates for 1874 will be by Thos. Moran and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attractions any of its predecessors.

Premium for 1874.

Every subscriber to *THE ALDINE* for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of *THE ALDINE*, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West." One is a view in The White Mountains, New Hampshire; the other gives The Cliffs of Green River, Wyoming Territory. The chromos are each worked from thirty distinct plates, and are in size (12 x 15) and appearance exact facsimiles of the originals, as is attested by the following testimonial, over the signature of Mr. Moran himself.

NEWARK, N. J., Sept. 20th, 1873.

Messrs. JAMES SUTTON & Co.,

Gentlemen,—I am delighted with the proofs in color of your chromos. They are wonderfully successful representations by mechanical process of the original paintings.

Very respectfully,
(Signed) THOS. MORAN.

If any subscriber should indicate a preference for a figure subject, the publishers will send "Thoughts of Home," a new and beautiful chromo, 14 x 20 inches, representing a little Italian exile whose speaking eyes betray the longings of his heart.

TERMS.

$5 per annum, in advance, with Oil Chromos, free.

For 50 cents extra, *the chromos will be sent, mounted, varnished, and prepaid by mail.*

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rate; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, *without responsibility to the publishers*, except in cases where the certificate is given, bearing the *facsimile* signature of JAMES SUTTON & Co.
