taxes here is laid out in the internal improvements of the country, the education of our Canada, of which a full account is given. youth, the construction of our roads, bridges, and o her public works; while in England but little of the money paid by the people can return to them again, as it is expended in the national defence of the country—the payment of the a my and navy, the interest of the national debt.

points of discipline and order, but on the great Poole, E-q., ndamental doctrines of the Gospel, all are unt ted At Moncton a missionary meeting was held immediately after the period of united Coristians of all the evangelical denominations, who testified their interest in the cause of mis sions, by doubling their usual subscriptions to wards it - St John Church Wilness.

Mr. Longworth, Controller of Customs, Char lottefown, in a report to Mr. Durdas the Lieut b. I unillions of bu-hels were exported during the above period. This fact is certainly cheering, and goes far to confirm what is generally said, that the Island is the "garden of North Ameri c." The total area of the I-land is 1 350 000 a res, nearly all of which is fit for cultivation There are 250,000 acres of Crown lands sult to dispose of, and his Excellency, who has all along taken the greatest interest in developing the reoff in suitable taims for intending settlers soil, and the adaptability of this large district for setilers, before industrious people of good conduct in Bruain. Mr. Smith, a practical farmer judges in such matters. from the Island, left here last night in the steam sh p Europa, on his way to Scotland, to giv every information requisite to intending entigrants. With a soil to fertile and a climate so quarto pamphlet of 47 pages, published on the to hardy settlers from the north of Europe, than as the most complete, most perfect, most reliaany of the Sa'es of the Union Governor Dun | ble and largest seriel published to aid in the dedas deserves the greatest credit for the warm in tirest le bas taken in improvement of the island, and in the comfort and happiness of the people noder his charge - Sun.

United States.

ngress has passed, without an organization of 306 Chesnut St., Philadelphia, th House. On Thursday, there came near beparties While Mr. Hackins was denouncing the pro eedings of a democratic caucus on the preeding Sunday, he was loudly called to order, and a movement made toward his seat from the demogratic side. Just at that moment, a pistol diopped (accidentally, as is averred by the best las of course, under the misapprehension that the pistol was drawn for use, added fuel to the danger of bloodshed. It is stated that nearly ail the members of Congress are armed with revol vers, and that the feelings of the antagonist par ties are so embittered that they scarcely interchange the common civilities of life. Under this Argyle street? That spot, we think, should be be committed by either party, a serious and

bloody fight would undoubtedly follow. On the same day in the Senate, there was a Messis Green and Douglas. (who had taken his and on Monday,) Jeff Davis and Clay. Mr D uglas complained that there was a disposition to " double team " on bim. He denied explicitly that the Dred Scott decision had anything to do with settling the territorial question, as there was nothing in the case upon which it could have

Monday. He was warmly greeted by the Repuffican members, but no democratic a used him save Messra. Pugh and Douglas -

LARGE FIRES AND STEAM ENGINES .- The following is cut from the New York Correspondence of the Montreal Guzette:

" Our bray shremen have this month had their bands full. Besides any number of small fires on which their services have almost nightly been beste the no less than three extensive configura trons, each destroying property to the amount of bace within the last month. The last which cos, the scene of rum extending from Beekman. c. I truy, who loses from ninety to one bundred thought dollars. The vitulence of the fire was in a measure owing to the intense cold, the mer that boon night within the reach of all. cory being seven or eight degrees below zero,

CRIME AND ITS CAUSE - Our city has re acon by ocen the scene of five murders, all within ing plains of Australia, and in the backwoods of nac, and when got, keep it. spics of a month, and all traced to establishmen's where hodor is sold by authority of law, and yet our community is not at a lexcited on sped by the agency of sympathetic impulse! and yet our community is not at all excited on the legitimate flue subject. Mu der is one of the legitimate frace of the legitimate frace of the legion traffic. To have a man k ocked down for ten doilars and his boots, and thrown down the ceilar stairs of a hatel in the constant of the legitimate for evanquished all that attempted to impede his my family for the last twelve months, and have thrown down the ceilar stairs of a hatel in the constant of the cons recently in our city, is a little more sarting than the ordinary slow process of murdering soul and body with I quid poison. Want of familiarity with the latter constitutes the chief difference, drunkard making will not fail to deal gently ment, and welcomed them as the all appropriate was both a preventive and a certain cure. w. h men, who, when maddehed with intoxica-tion, or driven to desperation by the loss of money at be gaming table, murder a fellow-creature for a w dollars, and s'eal the boot from his feet hetore the breath bas left him. There is a grow- ea-es peculiar to them. ing morbid sympathy for criminals. It is seldom a murderer is banged.
