March 18 1886

Sir,

I have to ask the
rest of your ^{of the 8th inst} letter, enclosing
an application from Mr
F.H. Wade for permission
to take sand from the
Caradoc Indian Res, for
the purpose of brick
making; and in reply I
have to inform you that
you should ascertain
what is the usual rate
paid to private parties
for sand for brick making,
and in laying the matter
before the Indian Council,
inform them of the same.
