Hon. S. C. Mewburn,
Minister of Militia and Defence,
Ottawa.

Dear General Mewburn:

I enclose a letter which I have just received from Dr. Ira Freel, of Stouffville, Ontario. The letter speaks for itself.

If you can consistently do anything which will assist to further the Doctor's wishes, I am sure it will be appreciated by the community of Stouffville, and I personally should feel deeply obliged to you.

Perhaps you would be so kind as to have someone inform Dr. Freel that his request had been made known to your office and is receiving attention.

As I myself expect to leave for England on Saturday of this week, please do not trouble to send me any reply.

Yours very truly,
