

C 61700

Mr. & Mrs. Rentz and family, This man purchased half section W $\frac{1}{2}$ -30-31-15 West 4th, fully equipped with 100 acres seeded to wheat and 30 to oats for a price of \$13,000. \$5000 cash - balance half crop at 7% interest, half of the growing crop to be applied on contract. This man certainly got good value as the buildings alone could not be replaced for \$5000 and his crop of wheat should yield 40 bushels per acre. The land is practically all under cultivation and located North-West of Craigyle is a very prosperous district. He has summerfallowed the balance of his land and has it all worked down for next year's crop. They do not need to hire help as there are 7 children in the family. The two oldest girls aged 20 and 17 and 2 boys aged 15 and 13. Mrs. Rentz informs us that she has kept her house all summer from proceeds of her poultry and cows.
