

130476

2.

February 13th, 1934

Mr. R. M. Horton

prices for other kinds of material, work, apparatus, or equipment not called for in Specification No. A.B.320815. Complete explanatory design data, drawings, specifications, etc., of such other kinds of material, work, apparatus, or equipment, shall be prepared by the Tenderer at his own expense and shall be submitted with such alternative tender prices."

Should your company desire to submit such an alternative tender, based on the use of a Massilon joist floor system instead of the floor construction shown on drawings, the Commission will be glad to arrange for design data and floor requirements being made available to you, and the Commission will give such alternative tender their consideration.

Yours truly,

Chief Engineer.
