Farm Hand says about the

Separator "I worked on farms

separating machines and I had very little use for them-too hard to run and too many parts to keep clean-took a man's whole time to look after them. When the U.S. man came I told the farmer I would quit if I had to run another However, the agent

of these separating things. However, the agent was so ready to put the U.S. to any test and back up his claims that we took a chance. He put in a dog power machine and all he claimed for the U.S. is true. I'm no mechanic, but I set it up the first The dog runs it casily, and I have lots of time for other things. It only takes a few minutes to wash with only two parts in the bowl. It's a great skimmer and the cream is good and smooth. We put the cream aside until the creamery cart calls for it. Then the skim milk goes fresh and warm to the calves night and morning, and that's a great thing-never have any trouble with the calves now we have the

"The U.S. is all right-it converted me and I was pretty hard on these machines-had enough of the others. The U.S. is very different from the others-it does the work without any trouble,"

For Manitoba and the West we transfer our Separators from Chicago and Minneapolis, and for Eastern Provinces from Quebec, Sherbrooke, Montreal and Hamiston.
