DEAR SIR:
I beg to state that your fence has given the best of satisfaction, and must say it is a most effectual hog fence.
I must tell you of an incident that occurred on the night that we finished erecting it—a team got away from my son while he was closing a gate, with half a load of hay on the rack, and ran into this fence. I saw it happen, as I had just driven the last staple. I thought "there goes my fence," but imagine my surprise on running up to find both horses over the fence, one with her hind legs through the wires, the top strand which was barbed wire was broken, three posts driven two feet in the ground bent right over, but your fence intact, not a wire or stay broken, although we had put up a very light fence in fact so light that I was afraid I had overdone it.
Trusting the day is not far distant when I shall have my farm fenced with this wire and wishing you every success, I remain, yours truly, (Signed) R. Brewster.
Write for printed matter and samples of wire—they are free.
