Are Your Nerves in Health?

STUDY HERE THE INDICATIONS OF
A FAILING NERVOUS SYSTEM.

Dr. Chase's Nerve Food

It is surprising what hosts of people are suffering as the result of an exhausted nervous system and do not know the nature of their ailment.

They cannot sleep at nights—are restless and fidgety in the daytime—their tempers are easily irritated—little things worry them—they cannot concentrate their minds, and find their memories failing—the digestion is impaired—pains and aches of a neuralgic nature afflict them—feelings of discouragement and despondency come over them at times, and they get in the way of looking at the dark side of things.

If this describes your experience you will be interested in Dr. Chase's Nerve Food, for this great food cure gets at the very foundation of nervous troubles and cures in the only natural way, by enriching the blood, revitalizing the wasted nerve cells, and building up the system generally.

Diseases of the nerves take different forms in different people, but they slowly and surely lead to nervous prostration, locomotor ataxia or paralysis—to weakness and helplessness of mind and body.

Dr. Chase's Nerve Food acts strictly in accordance with the laws of nature in creating nerve force in the body, and you can use it with positive assurance that every dose is at least of some benefit to you. Prove this by noting your increase in weight, 50c. a box, at all dealers, or Edmansons, Bates & Co., Toronto.

CHILDREN'S CORNER

SPEAK YOUR MIND, BOYS.

This little note is intended solely for the boys, and the lassies can all turn away their heads and put their fingers in their ears. It is a solemn subject, lads, and we must consider it carefully. Do you know that this Corner has almost entirely been given over to the girls lately? It's true, and isn't it a pity? Who knows what is the matter? Perhaps the Corner is not interesting to boys, but then they could make it so if they tried. Now the only way we can remedy this state of affairs is to have the boys write and say what they do not like about our Children's page, and what they would like to see there. Will you? We ought to be able to get a number of good ideas in that way, and so make our page one of the most interesting in the paper.

COUSIN DOROTHY.

A NINE-YEAR-OLD HELPER.

Dear Cousin Dorothy:

I will write to you and help as much as I can. I am nine years of age. We shall not have any more school until April. I like the Children's Corner. I have three sisters and four brothers. When there is any school my brothers and I go. I like school very much, but I do not like holidays. I do not know many stories so I thought I would write a letter.

Saskatoon. EVA COWAN.

ROSA'S FIRST LETTER.

Dear Editor:

This is my first letter to Farmer's Advocate and I hope to see it in print. We take the Farmer's Advocate and get it every Friday. Our school has not started yet on account of our not having a teacher. It is a mile away. We drive to school in the winter and walk in the summer. I have two sisters and two brothers. We have a dog named Collie. Wishing the Farmer's Advocate every success.

ROSA GRAHAM.

THE THREE THINGS.

Because I see you bright and brave,
I say to my dependent heart:
"Up loiterer! Put off the guise
Of gloom, and play the sturdier part!"

Three things are given men to do:
To dare, to labor and to grow.
Not otherwise to earth we came,
Not otherwise our way we go.

Three things are given man to be:
Cheerful, undoubting and humane,
Surviving through the direst fray,
Preserving the untarnished strain.

Three things are given man to know:
Beauty and truth and honor. These
Are the nine virtues of the soul,
Her mystic powers and ecstasies.

And when I see you bravely tread
That difficult and doubtful way,
"Up waverer! Wilt thou forsake
Thy comrade?" to my heart I say.

BLISS CARMAN.
