

# PATRIOTIC DEMONSTRATION HELD AT PHILLIPSTON

### Last Night—Fine Program and Much Enthusiasm Shown—Able Addresses by Lieut.-Col. W. N. Ponton, Rev. Mr. McLeod and Messrs. C. M. Reid, H. F. Ketcheson, A. R. Walker.

(From Friday's Daily.) There was a splendid patriotic demonstration at Phillipston last night, which gave ample evidence that the people of that section of Thurlow are to the forefront along with the other communities of the county in giving expression to their loyalty to the Empire and its cause.

The meeting which assumed the form of a concert and speaking program was held in the Foresters' hall which was taxed to its utmost capacity to accommodate all who desired to hear the momentous issue of the hour discussed.

The chair was taken by Mr. J. O. Herity, editor of The Ontario, who, after some brief remarks introduced the speakers of the evening.

The program was opened by the singing of "Rule Britannia" by the audience joining in the chorus. Rev. Mr. Hoffman, pastor of the circuit, followed with prayer.

Misses Hazel and Helen Sillsbury and Mr. Howard Connor, contributed a trio "My Own Canadian Home," which was rendered in a delightful manner, showing a most effective harmonizing of the voices.

Mr. C. M. Reid of the Ritchie Company, Belleville, was the first speaker, and delivered a graphic and most convincing address. Mr. Reid had visited the past summer, several of the countries now at war. He drew a vivid word picture of happy, prosperous Belgium, now devastated and overrun by the German invader.

Mr. H. F. Ketcheson, now first speaker, commented upon the magnificent loyal response being made by the colonies and referred in scathing terms to unpatriotic, un-British and ungentlemanly sentiments expressed by Henri Bourassa, the French-Canadian Nationalist, who after enjoying the protection of Britain's fleet on his journey home from France now turns around and stabs his protectors in the back.

Mr. J. O. Herity, a popular vocalist from Plainfield, rendered with excellent expression a variant of Laraine's "O Canada" with words appropriate to the hour.

Mr. H. F. Ketcheson, President of Belleville Board of Trade was the next speaker. Mr. Ketcheson was in Paris with his party when war was declared between Austria and Serbia and he gave a dramatic and vivid recital of the stirring events that he personally witnessed at Paris and a day or two later at Brussels, and then at London when war was declared against Germany. Mr. Ketcheson spoke a timely word about our duty

not only to those at the front but to those at home. We should not "sit tight" and refuse to spend a cent. Those of us who had the means should if anything spend more freely now and keep the wheels of commerce turning.

Miss Mary Moore gave a spirited and most expressive rendition to Robert Burns' great war ode, "Scots Wha Hae," and received an ovation of applause at its conclusion.

Mr. A. H. Walker, of Belleville was the next speaker, and the frequent applause that greeted his splendid patriotic appeal to young Canadians to do their full duty, showed how deep an impression his address had made.

Mr. Walker closed by reading Pauline Johnson's wonderful poem: "The Canadian Flag."

Mr. James Phillips rendered a very appropriate solo. After the War is done" and was well received.

Mr. W. N. Ponton, the young Presbyterian clergyman who is temporarily occupying the charge at Roslin gave a magnificent address in which he earnestly impressed upon his hearers the seriousness and importance of the contest in which the Empire is engaged.

Lieut.-Col. W. N. Ponton, K.C., concluded the speaking program with an address that for eloquence, literary finish and patriotic fervor has seldom been equalled in this section of the province. The hour was late, but there was no evidence of weariness on the part of the audience who followed the stirring appeal with an earnestness of interest right up to the closing word.

Lieut.-Col. Ponton during the course of his remarks exhibited a number of interesting relics among them the famous dum-dum bullet that is said to be doing service in the present war.

Col. Ponton referred to the self-sacrificing of already being put forth by Canadians, but emphasized the necessity of continued effort until the war was brought to a victorious conclusion.

A solo by Mr. Rudon Phillips, "Long Live the King" was rendered in the uniform of the Fifteenth regiment and drew forth a vigorous measure of applause from the audience.

The program was brought to a conclusion by the choir singing "Just Before the Battle Mother" a number of the school boys in uniform, at the time occupying the platform.

The usual votes of thanks, cheers for the King, the Army and Navy and the National Anthem ended a most successful program that will long leave its impress upon those who were privileged to be present.

Bounteous refreshments were afterwards served to those who had taken part in the program.

## TO COMMAND LEGION OF FRONTIERSMEN

### or Lieut.-Col. Orr, Formerly of Madoc.

(From Edmonton "Daily Journal" of Sept. 3rd.)

"It is announced that Lt.-Col. J. R. Orr, reserve officer of the 49th Hastings Rifles has accepted the honorary command of the Edmonton command of the Legion of Frontiersmen. Col. Orr is well known as an officer of considerable experience and efficiency. He was in command of the 49th for six years and holds the long service decoration.

LEGION OF FRONTIERSMEN.

Edmonton, Command, Sept. 2, 1914. Command Order No. 10—Lt. Col. J. R. Orr, R.O., 49th Hastings Rifles to be Hon. Commandant, Edmonton command, Command Order No. 11—Lt. Col. F.

W. Carstairs to be organizing officer and commandant Legion of Frontiersmen, Lesser Slave Lake and Peace River District.

"J. D. Wilson, Com mandant."

The above refers to Lt.-Col. J. R. Orr, formerly editor and proprietor of the North Hastings Review. Col. Orr resided many years at Madoc and took an active part in promoting the interests of the militia. He was very popular with his battalion and his many friends are not surprised to find him active in the hour of his country's need. We congratulate Col. Orr on the honor conferred upon him and we feel confident that the Edmonton command of the Legion of Frontiersmen are to be congratulated having Col. Orr in honorary command.

A number are suffering with summer grip. Our doctors are very busy.

Faithless in Preparation.—Unlike any other stomach regulator, Parmelee's Vegetable Pills are the result of long study of vegetable compounds calculated to stimulate the stomachic functions and maintain them at the normal condition. Years of use have proved their faultless character and established their excellent reputation. And this reputation they have maintained for years and will continue to maintain, for these pills must always stand at the head of the list of standard preparations.

Prosperity on the way.

A marked change has come over the business situation in Canada during the past week. Confidence and buoyancy are returning. Plans and contracts held up since the beginning of the war are being proceeded with. The outlook for business is becoming brighter. The stores are feeling the effects of a return to normal conditions. This is due to the dramatic and unexpectedly sudden change in the fortunes of war whereby an army on the rampage has been converted into a mob on the run for good. The inevitable end of this German aggression, the shadow of which so long hung over the world, is growing appreciably nearer. And business men generally are beginning to appreciate more clearly the proud and enviable position which Canada and the British Empire generally will occupy when the war is over.

There can be no doubt that the immediate future will see an immense

impetus in every department of the industrial life of Canada. First and foremost there will come an unprecedented demand upon our natural resources—and in particular on our agricultural resources. The teeming millions of Europe must be fed, and next year it will be largely to this continent that they will look for their supplies. A greater demand and higher prices than have been known for a generation will prevail next year for all kinds of cereals. Canada is the ideal country for growing cereals. We already produce an enormous crop. But it is as nothing to what we could produce. The crops of our wheat-producing country could easily be doubled. We have the land and the men. What is wanted is a scheme of Government help in financing the crop Agriculture.
