Help for Weak Backs

Few old people are entirely free from Kidney trouble. That is why so many men and women of 50 and 60 and over, suffer with backaches, sharp twinges in the back and legs, Rheunatism and Sciatica, bladder troubles, scalding urine and frequent passages at night.

Gin Pills mean a healthy, hearty old age. Gin Pills keep the kidneys well and strong. Even when there are no severe pains or dizzy spells, three or four Gin Pills a day will keep the Kidneys flushed and free from accumulations and in perfect order so that they can perform their work of filtering the impurities from the blood, and thereby keep up the vigor and vitality of youth.

HALIFAX, N.S., Feb. 12. "I have suffered from sick kidneys for about five years and had got very little relief from various medicines I had taken, until I tried Gin Pills which gave me instant relief. I cannot speak too highly of them and will recommend them to my friends." MRS. M. LAWRENCE.

Don't make the mistake of neglecting your kidneys. Pains in the back and limbs are not "signs of old age." They are signs of kidney trouble. Get Gin Pills to-day and see how quickly you improve. Gin Pills are guaranteed to cure or money refunded. For sale by all druggists and medicine dealers at 50c. a box or-6 for \$2.50. Sent on receipt of price if your dealer does not handle them. We have such unbounded faith in the curative qualities of Gin Pills that

we will let you test them free. Mention this paper and we will send you a sample box free of change.

(Continued from page 1,) With nearly twelve thousand visitors yesterday St. John's International Exhibition came near breaking the record for a second day attendance. That many hundreds more would have been present had it not been for the big political demonstration last evening and other up-town attractions there is not very much doubt. With nothing to mar the attendance today a new record should be made for Wednesday. The management are confident that the total attendance will be highly encouraging. Mayor Bullock has proclaimed Thursday afternoon a public heliday and requested all stores to be closed. This will give all clerks a good chance to see the exhibition in the day time the best time, for instance, to take in the performance of the diving horses and practically the only time a good inspection of the live stock can be made. The school board will close the schools

on Friday in order to allow the children to attend on that day. It is to be hoped that the citizens of St. John will make every effort to swell the attendance during the remainder of the week. With fine weather such as we have had since the exhibition began and a little more enthusiasm on the part of the people of this city the big fair should be a pronounced success.
