

THE ADVERTISER
H. G. HARRIS,

LATEST WAR HAPPENINGS

The usual fighting is taking place along the Western front with the British, French, Belgians and Canadians doing good work against the enemy. No important drives have been announced in the last few days.

Britain besides all her other work in various parts of the war has now joined with Russia in Galicia and has placed armored motor detachments in that quarter. Good work is being done all along the Russian front.

CANADA DISTURBED

The trend of events at Ottawa which will undoubtedly bring about a general election without a few months, is drawing attention away from the fields of war. Canada cannot help but neglect some of the work necessary to support our heroes in the trenches, when at home Liberals and Conservatives are lined up against each other in a bitter contest at the polls. But winning the war is but a secondary consideration with many Canadian politicians.

Rev. R. O. Armstrong, the newly appointed general secretary of the Manitoba S. S. Association, is a native of Kings Co. (N.S.) His training in the Methodist pastorate was part of the time in his native province. He came with his family to the west in 1904, and has been stationed successively at Emerson, Elmwood, and Virden. During the past two years he has been at Kenora, Ontario. A few months ago the church was totally destroyed by fire including Mr. Armstrong's valuable library. His numerous friends in the east will wish him much success in his new sphere of Christian usefulness.
