Constitution and By-Laws Adopted -Temporary Quarters Secured-Curator Tyrrell Active.

From Thursday and Friday's Daily. A meeting of the general committee of the Yukon Public Museum was held

at the office of the commissioner last night, the members present being days' notice. Messrs. Ogilvie, Tyrrell, Purchas, Ritchie, Orr, Cautley and Brown. The committee appointed to draft a

constitution and by-laws reported a lengthy and complete document which was adopted. It was decided, to ask the Yukon

council for an appropriation of \$250 to assist in carrying on the project. On motion of Dr. Brown a vote of thanks was tendered the N, A. T. & T. Co. for its offer of a room in which to temporarily store specimens, which offer was gratefully accepted.

At the suggestion of the committee Mr. Ogilvie offered to secure photographs of the mastodon remains lately found on Eighty pup, Hunker. Mr. Tyrrell, curator, reported that he is now in correspondence with the curator of the Smithsonian institute at Washington with the view to securing

literature on Arctic specimens and, if possible, specimens as well. The preamble to the constitution adopted is as follows:

The name of this organization shall be the Yukon Public Museum.

To promote the general interest of mining in the Yukon territory by securing specimens of rocks and minerals found in the territory, and so cataloguing them that they will serve to show the geological formation of the. country and tend to lead to an extension of knowledge of such formation,

in regious at present unknown. To secure as many of the fossil and natural history specimens as possible, found in deposits overlaying the rock structure of the country, and if any specimens be found in the rocks themselves, to secure these also.

Further to secure specimens of existing species of natural history in both vegetable and animal kingdome; the object being to gather and preserve in one place easy of inspection, for the purpose of exhibiting in one place information showing existing features of the country : what features have exist. ed, and what probably may be looked

ORDERS

MONEY

Amounting to Very Large Sum Sold at Dawson Postoffice.

"The money order department is doing a land office business," said Acting Postmaster Geo. D. Edwards to a Nugget representative this afternoon.

"Just before Mr. Hartman left for the outside we figured up the amount of orders issued for the six months previous to Feb. 1, which showed more than \$456,000. That was during the quiet period of the year. The previous six months showed a much larger figure, bringing the total issuance for the year to more than \$1,000,000.

"As near as I can judge by advices at hand the Dawson postoffice issues the largest amount of money orders of any office in the world. We have not had any advices from Washington, but to the best of our knowledge such is the case.

''Two months ago we received 5000 orders which is the largest amount the government will issue at one time and resterday before the close of business they were all sold.

"Many people going out are taking their money with them in the form of money orders. One party recently took a large amount and had them made payable to himself. As he intended doing considerable traveling and didn't care to carry so much money around with him he had them made payable at different cities along his route. Money orders are payable at nearly every city in the United States as well as Canada and exchange offices are located at vari-

CAPTAIN SCARTH

Telegram Received Yesterday Brings News of His Acceptance - Will Hold Commission.

[From Eriday's Daily.]_ Capt. William H. Scarth was agreeably surprised yesterday evening when sent for by Major Wood and informed by him of the receipt of a telegram from Ottawa accepting the offer of the intrepid captain to go to South Africa. After the wire from Ottawa declining the services of the 50 or 75 non-commissioned men of the police force who had offered their services, and stating that the Canadian contingent would sail from Halifax on the 15th instant, it was about the last news the captain expected to receive. Only the day previous he had talked with a Nugget representative when he gave it as his understanding that all commissioned positions had been filled by the gist of December and that consequently there were no vacancies now.

The telegram offering his services was not sent by Capt. Scarth for two days after the one forwarded by the privates, but the answer to it was more is not only accepted but that he is wanted for the South African service and arrangements for forwarding him after the sailing of the transport would be made. The telegram did not state the rank of the position to which he would be assigned, but it would certainly be a commissioned office.

Owing to his knowledge of the Geo. O Brien case in which the latter is charged with the Minto triple murder. of Christmas a year ago, Captain Scarth will not be able to leave immediately, but as there are prospects of O'Brien being brought to trial in the near future, he may yet be on his way to fight Boers before the ice leaves the Yukon ; and as such is more adapted to his temperament than the prosaic life to which he is now assigned, his host of friends congratulate him on his acceptance at Ottawa.

Last year the drains were not thawed until the latter part of March and it will be remembered that, although there was then but little snow to melt, Second and Third avenues and Third street overflowed in many places and several buildings would have been flooded by an additional two meches of water.

Now there is more than double the amount of snow to melt there was last season and unless steps are taken in time the depth of water will be much greater. As today's weather is such as indicates an immediate thaw, there is no time to be wasted in getting the drains in shape to carry off the wates which will otherwise accumulate until the greater part of the city is overflowed.
