Ladies'AidSocietySale

At AUSTIN'S.

2 Days Only, Friday & Saturday

FEBRUARY 12th and 13th.

The ladies will have charge of the entire store for these two days and will be

there personally to wait an the patrons of the sale. One-tenth of the whole proceeds of the two days will belong to the ladies and is to

be used to start a fund for building and equipping a maternity ward at the hospital.

SPECIAL FEATURE---A HOT LUNCH

converted into a lunch room. A very full menu including oysters will be provided,

everything will be on the European plan so you can spend what suits you on your luncheon. The entire proceeds from the luncheon will belong to the ladies so you can materially assist them by arranging to have your DINNER with them both

ANOTHER FEATURE

on the first floor presided over by Mesdames James, Innes and J. MacGregor. As

the confectionery is the contribution of members of the Society the total proceeds

AUSTIN & CO.

have received during the past ten days some forty odd cases of spring goods, comprising lines for almost every department. The showing of Dress Goods, Cottons,

Prints, Muslins, Dimities, Table Linens, Embroideries and White Wear is especial-

ly large. Contracts for all cotton goods were made months ago and have been

marked on the basis of last year's prices, which, in many instances, is below what the manufacturers are asking for the same goods. The moral of this is that it will pay you to buy NOW and to buy LARGELY.

Remember that every Ten Dollars you spend at this sale will mean ONE DOLLAR for the hospital and a saving of fully two dollars for you on the prices

THE STAFF

In addition to the special display of spring goods all of the bargain lines which remain from our January stocktaking sale will be included.

The Ladies' Assisting Society of Public

General Hospital.

LOCAL FLOOD

Maple City Experienced Liquid of Rain and Thaw.

This city was nearly inundated vesterday and many citizens had the unpleasant experience of having water in the living rooms of their houses. The melting snow and the heavy downpour od rain Sunday morning flooded the low-lying sections of the city. In many places the water was unable to get away via the sewers, owing to the intakes being frozen up.

The families of Ed. Cook and Chas. Points, Sandys street, awoke Sunday morning to find their houses flooded. These buildings are erected on the site of an old brick-yard. There was a big hole here which was filled in with rubbish. The houses are a little low, but there is good drainage to the river. The ditch, however, got stopped up and the water flooded the ses. Yesterday morning it was a chilly sight to see eleven colored men standing to their waists in water cleaning out the ditch.

Ald. John Edmondson endeavored to keep his cellar dry. He had it pumped out Saturday and again yesterday, but at last had to give up. The water rose during the night and put out his furnace fire and he was

to-day busy installing stoves.

A. P. McKishnie, King St., found his cellar with two feet of water in it this morning.

this morning.

The water got into J. H. Bogart's bakery and ruined four bags of flour. That is all the damage that it did.

On Head St. the McKeough property was swimming in water. Down on Lacroix St., however, the people had all the water they wanted. Sidewalks were floating around and the water was causing great inconvenience.

ence.
Otty Engineer Jones was a busy man yesterday. About 8.30 he received word from T. B. Farley, corner of Princess and Adelaide streets, that the water was entering his house. Mr. Jones hadn't a key of the dool house and had to go over to James Etches and send him for a crow bar. When Jim reached Mr. Farley's corner with the crow bar the water was already into the house. The top was removed from the intake and mer with the crow bar the water was already into the house. The top was removed from the intake and the water rapidly got away. All the sewers in the city were over-taxed yesterday. The water was boiling down Queen street sewer at such a rapid rate that it was boiling up out of the intake at the corner of Park avenue and Queen street. A lady on Pine street went to church in the morning. During her absence the water rose ten inches and, on her return, she was unable to get her return, she was unable to get her return, she was unable to get into her home. The flood extended back' through by the Brooke's property through that low-lying section and as far as the eye could reach there was nothing but water. There was no way to relieve the flood on Fine street and the residents had to go around in rubber boots. Delaware avenue is also under water, as is the upper end of King street. The water and ice in the creek began to move about three o'clock yesterday afternoon. A jam occurred at the Adelaide street bridge but fortunately one of the spiles gave way and broke the jam.

It was quite a sight to watch the water and ice that came down the creek, jamming at the mouth. There the ice was sold and the force of the current carried the huge chunks of ice below or crushed them and large sized sticks as if they were matches.

BLOCKS BURN

Terrible Confiagration Wipes out Twenty Great Business Buildings.

Loss Estimated at Nearly Two Hundred Millions-Firemen Dynamite Used.

Baltimore, M. D., Feb. 7 .- A fire

pefore 11 o'clock this morning in the wholesale dry goods house of John E. Hurst & Co., has raged with unrestrained fury since, and at midnight it is still unchecked, and is steadily eating its consuming way eastward on Baltimore street, after having destroyed almost all the large stores and warehouses in the wholesale district around Hopkins Place, and all the buildings on both sides of Baltimore street from Howard to Holliday streets, from Charter and Baltimore street to Charles and Lexington, and on Fayette street from Charles to Holliday, including a total of about twenty blocks of the most modern and substantial business buildings in Baltimore. The loss cannot be estimated, but it has certainly alreached 30 or 40 millions of dollars. The fire department, although aided by engines from Washington, wilmington, and the surrounding counties and suburbs, has been powerless to make any impression on the fall-devouring element, although for hours over 400 streams of water were thrown onto the flames. So terrific has been the heat ever since the fire started, and so dense and suffocating the volume of smoke, flying sparks and burning embers that it is difficult for the firemen to stand long within fighting distance of the flames, while several trucks and engines were hopelessly disabled by flying timbers at an early hour in the action. At 7 o'clock the situation was so hopeless, so far as effective work by the firemen was concerned that Chief Horton decided that the only thing left to do was to dynamite buildings at the threatened points and so present a force of the firement of the second of the second of the second of the florton decided that the only thing left to do was to dynamite buildings at the threatened points and so pretainly alreached 30 or 40 millions of left to de was to dynamite buildings at the threatened points and so prevent as far as possible a further spread of flames. In pursuance of this plan a number of buildings on South Charles street between German and Lombard, were blown up. Subsequently the splendid structure of J. W. Putts & Co., notion dealers, at Charles and Fayette streets, the Daily Record building, Ross's drug store and other buildings were dynamited.

STILL BURNING AT 2 A. M. Washington, Feb. 7.—A despatch received from Baltimore at 2 a. m. says the fire is still raging fiercely. The post office building is burning also the \$4,000,000 court house. The Holliday Street Theatre has been blown up with dynamite and the United States express and central offices of the Baltimore and Ohio Ralifoad are burned.

NOW UNDER CONTROL

Philadelphia, Pa., Feb. 8.—Assistant Director of Public Safety Colville telephones from Baltimore at 11.15 a. m., that the fire is absolutely under control. Only two establishments are burning on the water front and these can be easily handled by the firemen. The total loss will reach \$200,000,000.
