On Sunday evening a public meeting of the College Y. M. C. A. was held in Assembly Hall. An excellent address was given by Rev. Mr. Gumbert, of Boston, on "The Man Christ." Room paper at 4 cents per roll at the Wolfville Book Store.

Wolfville has been at its prettiest this week and the large number of visitors who have been in town, have expressed themselves as delighted with the beautiful scenery and the general appearance of the town. Those who have not attended the closing exercises for some years are surprised at the progress that has lately been made.

A re-union of the class of '71, of Acadia University, was held at the Hotel Central on Tuesday evening last. Mine host Selfridge provided an excellent dinner, and all present seemed to thoroughly enjoy themselves. It will be remembered that J. B. Mills, Q. C., the Conservative candidate in Annapolis Co., and the Hon. J. Wilberforce Longley, his Liberal opponent, graduated with this class.

Although too early to prognosticate the yield of apples during the coming season, yet it blossoms are any indication of a good crop, everything now looking promising. The trees are white with blossoms and the air fragrant with their delicious odor, and the valley never looked prettier than during the present week. Could American summer tourists reach here this early they would discover that our valley is one vast flower bed and recognize its claim to the title of "the garden of Nova Scotia."

Don't forget that we are selling out of Room Paper at less than half price, at the Wolfville Book Store.

BRADLEY'S FERTILIZERS.

THE BEST IN THE MARKET.

Manufactured at North Weymouth, Mass. The largest fertilizer works in the world.

WHAT SOME OF OUR FARMERS SAY OF IT:

UPPER DYKE VILLAGE, February 14th, 1896. Dear Sir - I used Bradley's potato fertilizer last spring for potatoes without manure with good results. I used it in the drills, about 500 lbs. per acre. The potatoes made a quick start, and got their growth sooner than those where I used manure, and were a better crop. I have used other fertilizers, but Bradley's is far ahead of any I have tested. Yours, C. E. SHAFER.
