The cigarette habit is recognized as one of the greatest evils of the day, and its pernicious influence among the youth of our town, should be discouraged in every way possible.

Are the Best Shoes made in Canada for

Children's and Misses' Wear..

They are made to fit the feet.

The human foot should be allowed to grow naturally. To shape it to the changing fashion is to force the soft, pliable, growing bones, cord and muscles into unnatural deformed shapes. The foot, thus pinched from its natural shape, is often a source of suffering in later life.

To make a nation of men and women to whom walking will be a pleasure, and with whom perfect feet will be the rule rather than the exception, is the mission of the INSTRUCTOR SHOE.

Found in the Traveler's Grip

The means by which he cured a very severe case of rheumatism. Very many traveling salesmen know what it is to suffer from itching piles and will read with interest the following letter. Mr. W. J. Saunders, salesman for the Fryer-Massey Co., and who lives at Millinery, Mass., states: 'After having suffered for three years with a very severe case of piles a friend recommended Dr. Chase's Ointment and I cannot now speak too highly of same. After having used two boxes of Dr. Chase's Ointment I am truly glad to say that I am cured of piles, and cheerfully recommend it to anyone suffering from this complaint. I am never without a box of this ointment in my grip.' It is impossible to claim too much for Dr. Chase's Ointment as a cure for every form of itching, bleeding and protruding piles. It seems to have no equal in this regard and the record of cures is simply wonderful. Nearly any druggist can tell you of scores of cures that have come to his notice. Some of these effected even in the most obstinate cases. Write for a box, at all dealers or Edmanson, Bates & Co., Toronto.
