CONDUCTOR ALLINGHAM.—We are sorry to learn that this Conductor was killed on Monday last while in charge of No. 3 accommodation from Shediac to St. John. It appears that he was walking along on the top of the train, in all probability having gone to the driver to give some order, and as he returned to his van forgot the bridge at Quaspeg is, which struck the back of his head, crushing his skull. He was thrown under the cars, which severed a leg and otherwise mutilated the body. We understand that this is the only bridge on the route where such an accident could have occurred. The deceased was one of the oldest Conductors on the line, and was universally esteemed for his courtesy and uniform kindness. His death is a serious blow to his aged mother, as he was her main support. The deceased was unmarried.

☞ In a letter to the St. John "Globe," Captain John Thompson, master of the steamer "New Brunswick," of the "international" line, states that when the steamer passed the place where the ill-fated ship "Ebiana" was wrecked she was fully three-quarters of a mile off shore; and that the unfortunate men were mistaken when they stated that the engine was stopped for some minutes, as the engine was neither slowed nor stopped from the time of leaving until Eastport was reached. The Captain also states that it would have been a satisfaction to him under the circumstances to have seen the wreck and would gladly have gone to their relief.

☞ Parties in want of goods are referred to the advertisement of Mr. Joseph Hays, who is now showing a large stock of goods, suitable for the coming season. We believe that our country shopkeepers could make their purchases from Mr. Hays and others who buy largely in Great Britain and elsewhere, with as much if not more advantage than by sending away to larger places.—This is at least the opinion of our merchants who offer goods at wholesale, and those who need goods might as well try the "home" market before sending elsewhere.

IRISH RELIEF FUND.—We were yesterday handed in a list of the collections in Newcastle up to that time, amounting to about $140. The names of the subscribers in Newcastle as also the Douglastown list, will appear next week. Messrs. John D. Creaghan and Jas. Brown will receive further subscriptions in Newcastle, and Mr. P. Hays in Douglastown.

DOCTORS DIFFER.—The *Sun* still persists in stating that the *Advocate* is hostile to St. John. The Fredericton *Star* says this paper favors St. John. It seems that we have roused the ire of our city contemporary because we ventured to criticize adversely a statement which should never have been made.

☞ The Rev. George Steel will deliver a lecture on "Daniel, a Model," under the auspices of Newcastle Division, S. of T., on Monday evening next. This is the last lecture of the Course.

☞ Mr. Wm. Lawler, of Chatham, sent in the lowest tender for the new Legislative Buildings, the figures being—for stone, $68,880, brick, $61,900. The full list of tenders, in type, will appear next week.

R. HARPER, ESQ., the popular Manager of the Etna Life Insurance Co., in New Brunswick, is here just now, in the interests of this well known Company.

O, death!

Local Legislature.

In our last issue we furnished a telegraph report of the Speech of the Lieut. Governor delivered at the opening the previous day. From the official reports we condense an account of the proceedings since the opening.

FREDERICTON, MARCH 11.

Among the bills brought in was one by Mr. Sayre to reduce the number of members to serve in the General Assembly. By Mr. Lynott, a bill extending the charter of the Grand Southern, which was referred to a committee consisting of Lynott, Sayre, Dr. Vail, Hon. Mr. Hannington and Dr. Lewis.

At noon Mr. Hill moved the Order of the day, and Mr. Speaker read the Address in reply to the Speech. The mover (says the *Globe*,) made a very moderate and reasonable speech which contained nothing to excite warm comment or to call forth dissent, and which on the whole, deserved the complimentary phrases in which Mr. Blair, the leader of the Opposition, referred to it, after Mr. Hill sat down amid the applause of the House. Mr. Kenny, who seconded the Address, made no remarks. The *Globe* says that the debate was an interesting one. The address passed entire with one or two verbal alterations; and on the whole the advantage, such as it was, was with the Government, for the Opposition, so far as it was led by Mr. Blair, was remarkably tender; and the general onslaught made by Mr. Willis could scarcely have met with Mr. Blair's approval, owing to the prominence which the hon. member gave to the matter of removal.

MARCH 12.

Among a number of bills brought in we notice the following:—

Mr. Black, a bill relating to fences, trespasses and pounds; Mr. Sayre, a bill for the repeal of the act, chap. 43, Consolidated Statutes relating to Garnishee and Trustee process; Mr. McManus, a bill relating to boundary line between Restigouche and Gloucester.

Mr. Gillespie gave notice of the following enquiry of the Government: Will any provision be made in the estimates for the relief of the distress in Ireland, and if so, what amount?

Mr. Johnson—Notice of inquiry, asking for the names of persons who received money under the Free Grants Act in Nelson, Northumberland Co., and the names of persons who received grants of land in the same parish in 1876-7-8.

After recess, the following documents were laid on the table: Report Auditor General, Agriculture, Crown Lands, Correspondence, etc., on Dominion claims, report on schools and list of Legislative building tenders.

The papers relating to Dominion claims include a recommendation from the Minister of Finance, Sir L. Tilley, approved by the Privy Council, on the claims. First, that ten thousand dollars be placed in estimates for payment of emigrant claims; second, that a case be prepared, approved by both parties, and submitted to Supreme Court for settlement of short term prisoners' claim; third, that either an act be prepared for placing the Lazaretto under control of the Department of Agriculture or Parliament be asked to grant a vote in aid of the establishment; fourth, that it is due to the government of New Brunswick that the basis and grounds of the Eastern Extension claim should be examined into and he, therefore, recommends that Minister of Railways submit all information he can obtain as early as practicable.

MARCH 13.

Mr. Cottrell's bill allowing county municipalities to publish the accounts in pamphlet form, was considered in committee of the whole. Progress was reported.

Mr. Ryan gave notice of an address for a return of licenses, receipts, seizures, etc., on the Crown Lands of Gloucester; Mr. Blair, an address for expenditures of departments since the close of the fiscal year and cash balance on hand now; Mr. Thompson for correspondence, etc, on disputed territory claims.

MARCH 15.

Mr. Johnson introduced a bill concerning qualifications of electors in municipalities; Mr. Butler, a bill for biennial municipal elections.

A statement of Viceregal expenses was submitted by Hon. Mr. Landry. Total, $16,593.63.

Hon. Mr Fraser, replying to Mr. Barberie, said no bill will be introduced regarding the Chatham Railway, and the suit is still pending.

SPECIAL TO THE ADVOCATE.

AFTERNOON.

Fraser introduced bills repealing Attachment, Garnishee and Trustee laws.

Gillespie gave notice of Inquiry—Does Gov't intend or has any promise been given, to change location of Northern Railway depot at Kingston.

Barberie introduced bill concerning Caribou killing.

TUESDAY, MARCH 16.

The Speaker ruled McManus' bill concerning boundary of Restigouche and Gloucester of a local nature, requiring publication, and stopped progress therein, awaiting action of standing rules Committee.

Grand Southern Committee given power to examine witnesses on oath.

Replying to Gillespie, Wedderburn said Gov't would appropriate money for Irish Relief—amount under consideration. Replying to Black, thought Gov't did not intend readjusting Bye-road division.

Blair introduced a bill to further secure independence of Legislature:

Hutchison bill relating to rates and taxes.

Good Thing.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two millions bottles sold annually. Beware of medicines of similar names, lately introduced. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Sample bottle 10 cents.

A GOOD ACCOUNT.

"To sum it up, six long years of bedridden sickness and suffering, costing $200 per year, total $1,200—all of which was stopped by three bottles of Hop Bitters, taken by my wife, who has done her own house-work for a year since, without the loss of a day, and I want everybody to know it for their benefit."

"JOHN WEEKS, Butler, N. Y."

ON THE VERGE OF THE GRAVE

Such was the Condition of Moses A. Walker, of Derry, N. H., with congestion of the Lungs and chronic Catarrh. Two bottles of the Constitutional Catarrh Remedy entirely restored him to health, and, to use his own words, "built up my whole system." The Remedy is for sale by all Druggists.

A LONG TIME TO SUFFER.

Twenty-five years of endurance with Catarrh, is a long period of annoyance and misery. Mrs. E. J. Flanders, of Manchester, N. H., after going through with it all, writes: "The Constitutional Catarrh Remedy has rescued me from intense suffering, and almost the grave." This medicine is for sale by all druggists.

ELECTRICITY! THOMAS' ECLESIOR ELECTRIC OIL! WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents worth has cured crick in the back, and the same quantity lame back, of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical:—J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now, its cures are truly wonderful."—Wm. McGuire, of Franklin, writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now."—H. Cole, of Iona, writes, "Please forward 6 dozen Dr. Thomas' Eclectric Oil, I am nearly out, nothing equals it."—J. Bedford, Thamesville, writes, "Send me at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction."—J. Thompson, Woodford, writes, "Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it."—Miller & Reid, Ulverton, P. Q., write, "The Eclectric Oil, is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other.* Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

NOTE.—*Eclectric*—Selected and Electricized. March 17-2m.

WHEELER & WILSON
SEWING MACHINES.
1,300,000 IN USE.

The only MACHINE which received the FIRST PRIZE, A GOLD MEDAL, at the last World's Fair at Paris in 1878.

The only MACHINE which received TWO DIPLOMAS of HONOR and TWO MEDALS of MERIT, at the Centennial Exhibition, at Philadelphia in 1876.

And the only MACHINE which ever received FIRST PRIZE at any World's Fair ever held, at which Sewing Machines competed.

THESE JUSTLY CELEBRATED

SEWING MACHINES

HAVE BEEN GREATLY REDUCED IN PRICE, so that for CASH, notwithstanding the increase of Tariff, one can be obtained at about the same price as the ordinary Cheap Machines usually sell for on time.

The principal qualities which recommend them over the Common Machines in use, are

They make the "LOCK STITCH" as Shuttle Machines, but use simply a Metal Spool for the under thread, thus doing away with the trouble and delay of threading the Shuttle.

All parts of the Machine are made so perfectly "true fitting," that any piece can be duplicated and put in place by an ordinary mechanic, or experienced lady operator, without the aid of a regular Sewing Machine Repairer.

All parts, which require to be, are made of the Finest Quality of Steel, while even the Castings are of such Superior Quality that they defy comparison.

THEY RUN LIGHTER, AND MAKE LESS NOISE, AND ARE MORE SIMPLE TO LEARN THAN ANY OTHER MACHINE.

But most important of all they make THE MOST PERFECT STITCH obtainable with a Lock Stitch Machine, as a comparison with the stitch of any Shuttle Machine will easily prove.

MACHINES sold on Monthly Payments, Notes and at LOW PRICES FOR CASH.

All Orders addressed to our Principal Office for New Brunswick, No. 80 King St., will be promptly attended to.

☞ Instruction Books accompany each Machine.

Emulsion
—OF—
COD LIVER OIL
—AND THE—
HYPOPHOSPHITES OF LIME AND SODA

For the Prevention and Cure of Coughs, Colds, Bronchitis, Laryngitis, Scrofula in various forms and all affections pertaining to Consumption.

In Pulmonary Complaints

its beneficial results have been especially noted, not only in increasing flesh and strength but in allaying the irritation, subduing the morbid condition and healing the affected parts.

MR. J. R. CUTHBERTSON, Toronto, writes: "My wife had a very severe attack of Pleurisy and Inflamation of the Lungs about three years ago, and ever since has been subject to severe Colds on the slightest exposure; in fact, they were so frequent that her system got quite reduced. She tried several remedies but without any permanent effect until she was induced to try NORTHROP & LYMAN'S Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, and I am happy to say it has exceeded our anticipations. I have no hesitation in recommending it as a Royal Remedy for all affections of the Lungs and Chest and for all classes of Wasting Diseases, and building up of Weak Constitutions."
