

For Harmony At Home

There's nothing like a Columbia Grafonola to promote harmony at home—the kind of laughing, dancing harmony which means happy hours for everyone. It makes pure harmony because its *straight tone arm* allows the sound waves to develop fully and naturally. It makes gay harmony because the many *exclusive* Columbia artists comprise the leading stars of the stage in vaudeville and musical comedy. Come in. See and hear this beautiful instrument. We enjoy demonstrating the Grafonola just as much as you will enjoy hearing it. Come in today.

Yours for harmony

Two Million Workers Quit Next Thursday.

Greatest Labor Struggle in History of Britain--Middle Classes May Supply Industrial Force--Cape Breton Mines Close For Three Days--Week's Casualties in Ireland.

A GREAT STRUGGLE FORESHADOWED.

LONDON, April 8. Tuesday night, unless there is some new development meantime, will see the commencement of the greatest labor struggle in the country's history. Approximately two million workers then will have ceased their duties in protest against what they consider to be an organized attempt on the part of employers to enforce a general reduction in wages. This is the central fact of the labor situation as it developed to-day in the breakdown in the miners' conference, and consequent decision by the Triple Alliance, made up of miners and railway and transport workers for the first time since it was organized, that its entire membership, roughly estimated at one million miners and a half million men each from railway and transport workers' organizations, should quit work in support of the strike of the miners. The government's standpoint as voiced by Lloyd George, in a brief speech in the House of Commons this afternoon, is that the action of the miners and other members of the Triple Alliance is an attempt to direct action to intimidate Parliament and the nation. The Prime Minister announced the military and other measures which the government intended to take to defeat this attempt. The standpoint of the miners is that the sudden removal of control of the coal mines is the result of a pact between the government and mine owners to enable the owners to enforce an unjustifiable reduction in wages. The attitude of the railwaymen is that, unless there is support of the miners at the present time, a similar dilemma will happen to railwaymen on some future occasion when the railways are released from government control. The refusal of the miners to yield on the question of permitting pump men to return to the mines had as its motive the conviction that the withdrawal of pump men is the only weapon in their hands. They argue that a few weeks' cessation of work will not really injure the mine owners, who considering the depressed condition of the industry, have ample stocks of coal on the surface. They declare that the mine owners have brought this fate upon themselves by including the pump men among those whose contracts will be cancelled until they accept the new wage terms, made not through joint discussion, but by the mine owners themselves. The arguments of the miners find absolutely no support except on the part of extreme Socialist newspapers. Other newspapers condemn them strongly and general regret is expressed that the miners refused to listen to the advice of men like Herbert Asquith, John R. Clynes and Arthur Henderson.

PREPARING FOR THE STRIKE.

LONDON, April 8. If the Triple Alliance order for general stoppage of work by its members is made effective, it seems certain there will be a rush of volunteers from elements not in sympathy with the strike movement. An organization which probably will have an important part in this emergency in the middle classes union, composed mainly of "new poor" and so called "salariat," who contend that through lack of organization they have failed to achieve increases commensurate with those received by trade unionists, and that they have been penalized through high living costs resulting from advances to trade unionists. When strike clouds began to gather this organization started registration of all those prepared to serve in any capacity during the national emergency and its officials to-night stated that many thousands of men and women had enrolled at the union's three hundred branches in all parts of England, Scotland and Wales. Similarly committees have been formed for enrollment of volunteers among professional men so if the strike comes King's Councillors may be seen driving motor buses, Doctors collecting tramway tickets and Pests stoking locomotives as was the case during the railway strike in September, 1919. For the protection of these civilian volunteers and to facilitate their services the Government has available not only the regular army and naval establishments and their reserve forces, but many territorial organizations. Lloyd George already has indicated that the special constabulary formed during the war and totalling about a quarter million men will be called out. This force is usually employed to assist police in the preservation of order in more populous centers. From Ireland comes reports of

government preparations to transfer iron forces to England should necessity arise.

WILL STRIKE TUESDAY MORNING.

LONDON, April 8. Railway men and Transport Workers this evening decided to strike in sympathy with the miners on Tuesday morning, failing re-opening of negotiations for a settlement of the coal strike.

GOVERNMENT ANNOUNCEMENT.

LONDON, April 8. The intention of the government is to issue an appeal for volunteers for transport and other essential services in view of the prospective Triple Alliance strike, it was announced in the House late to-day by Lloyd George. A royal proclamation would call up army and navy reserves, he said.

COAL MINES CLOSED FOR THREE DAYS.

GLACE BAY, N.S., April 8. All Dominion coal mines will be closed for three days, beginning tomorrow, it is announced. Officials of the United Mine Workers will go to Ottawa to discuss the industrial situation with the Dominion authorities, it is understood.

THE WEEKLY CASUALTY LIST.

DUBLIN, April 8. The official weekly summary of attacks against police and military, issued to-day, shows casualties suffered by Crown forces during the week decreased to twenty-five, as compared with forty-six last week. Seven police barracks were attacked and two police murdered, the statement says, while ten civilians were murdered by Sinn Feiners.

MINER'S LEADER FINED.

PITTSBURG, Kansas, April 8. Alexander Howat, Kansas Miners' Union head, to-day was found guilty of contempt of court in ordering the strike of coal miners two weeks ago, and was sentenced to pay a fine of two hundred dollars by Judge Curran, of the Crawford County District Court.

HUNGARIAN GOVERNMENT RESIGNS.

BUDAPEST, April 8. The Ministry of Count Paul Teleky has resigned. The collapse, it is understood, was brought about by the firm attitude of small farmers against legitimists' insistence upon an anti-Karlist Government.

CREW MUTINIED.

SAN FRANCISCO, April 8. The steamer Will Hilo, accompanied by a United States cruiser, is steaming up the Mexican coast with her crew in mutiny, according to a message received here to-day by the agent of the steamer's owners, the Williams Line of New York. The Will Hilo sailed from New York March 5th for San Francisco with a crew of thirty-five men. Radio message from the Will Hilo indicated that a boarding party from the Tacoma had taken charge of the steamer.

What One of the Best Known Travellers in Canada Says.

"Now I am going to give you an unsolicited testimonial, as they say in the patent medicine advertising. Heretofore I have had a profound contempt for patent medicines, particularly so-called liniments. Perhaps this is due to the reason that I have been blessed with a sturdy constitution, and I have never been ill a day in my life. One day last fall after a hard day's tramp in the slush of Montreal, I developed a severe pain in my legs and of course like a man who has never had anything wrong with him physically, I complained rather hotly. The good little wife says: 'I will rub them with some liniment I have.' 'Go ahead,' I said, just to humor her. 'Well, in she comes with a bottle of MARYARD'S LINIMENT and gets busy. Believe me the pain disappeared a few minutes after, and you can tell the world I said so.' (Signed) FRANK E. JOHN'S, Montreal.

MEN and WOMEN of Newfoundland

READ and THINK

MEN! Many of you are working three days instead of six. Many of you are not working at all. How are you going to strike a balance between half pay, no pay at all and living expenses?

WOMEN! Your men bring you home very light pay envelopes these days. Food and Clothes must be found. How are you going to make ends meet?

THE BIG REASON for your small pay envelope is **NO WORK FOR YOUR MEN.** This is largely your own fault because you buy imported goods, when you can buy the same article made by your own Husbands and Son in your own Island.

HELP YOURSELVES and help your men by buying goods made in Newfoundland. It means keeping your own homes together and keeping your pay envelope full enough to meet all requirements.

THE MONEY you spend in stores on goods made in Newfoundland comes back again in wages.—The money you spend in stores on imported goods keeps the home factory doors **CLOSED** and your men **IDLE.**

THINK!!!

when you are shopping insist on seeing the **HOME-MADE** article **FIRST**
