NO. 2-A SQUARE DEAL FOR TAX-PAYERS IN THE ANNEX AND OTHER OUTLYING PARTS OF THE TOWN.

What they are called upon to pay—FULL CITY TAXES.

What they are not getting—FIRE PROTECTION, WATER AND SEWERAGE, AND PASSABLE ROADS.

Citizens! Is this good enough? I claim not. Either provide the Annex and other sections of the city with what they are going to be taxed for or else refrain taxation until it is possible to afford them these advantages. Nobody wants to pay away good money for nothing in these hard times. Are you with me?

IS-OUTERBRIDGE-X
-I THANK YOU-

Voters, Attention!

Citizens of St. John's, North, South, East and West. The following are a few of the many improvements which, if elected, and supported by your hearty co-operation, I hope to be instrumental in carrying to a successful issue.

STREET CLEANING.

General clean up of every street and lane in the Municipal area of St. John's, mud to be taken off New Gower, Duckworth and Water Street, Long Bridge and South Side, placed on board Government Dredge boat and deposited outside the entrance to Harbor.

CABMEN'S HEADQUARTERS.

Cabmen's headquarters or waiting room, East, Vest and Central, properly equipped with Telephone and Quick Lunch counter, etc. Cabmen's official number to be placed on a card near Telephone for quick service.

PUBLIC MEETINGS.

General meeting of Citizens at least three times a year or immediately before making City improvements or expenditure for any big undertaking, such as Bridge construction, Road building, Sidewalks or extension of Municipality area to get the best value for the least possible expenditure.

POLICE PROTECTION.

Booths for policemen to be placed at intervals along our thoroughfare as at present they are absolutely unprotected from wind or weather, although the entire City is more or less dependent on them for protection.

SHELTER FOR EMPLOYEES.

Temporary shed or shelter of some kind to be erected outside rear of City Hall for use of employees while waiting their turn for weekly payments.

CRUELTY TO ANIMALS.

North side of Water Street only to be used by Street Car service during the months of January, February and March, no salt or sand to be used or thrown on South Side of said street, same to be kept entirely free from any foreign matter detrimental to Cabmen, Truckmen or Private Teamsters or their horses.

SANITARY CARTS.

Sanitary Carts to be removed from Streets or Lanes where at present they have to go out of their way practically a whole street or lane for one individual receptacle, which no doubt the owner of said property if approached in the proper way would gladly fall in line and connect up, naturally enhancing the value of the property one hundred per cent.

DEPOSITING OF GARBAGE IN PUBLIC PLACES.

Discontinuing the depositing of Garbage above Job's Bridge until surveyed or a direct line given for a water way between Brownings' and Job's Bridge; also the discontinuing of depositing garbage in or near Reenie's River or Head of Quidi Vidi Lake.

LOCATION OF FIRE ALARM BOXES.

Small Red Bells to be placed on every pole containing a Fire Alarm Box in order to locate instantly the Alarm Box in case of Fire, saving Time, Energy and probably life.

NEW SERVICE ROUTE.

George's Street between Beck's Cove and Springdale Street to be opened for traffic to enable all Motors, Motor Trucks, Carts, Carriages, etc., to avoid being held up at Adelaide Street Junction while waiting for the transferring of passengers from one car to another, present system not satisfactory and extremely dangerous.

SIDEWALKS.

To be placed on all the principal thoroughfares between Patrick Street, West End, via Gower, Duckworth Street and Hovellstown to St. Joseph's Chapel, extreme East, Water Street, East to Lower Battery Road and West to Cross Roads, Long Bridge, Southside, East and West.

CROSSINGS.

Wood Blocks consisting of Tar and Sand filling to be placed at intervals of 50 yards on all the principal streets in the City.

(CLOSING).

Greatly appreciating your good-will and support, I remain,
Yours truly,
H. B. CHAFFE,
International Candidate.

TO-DAY'S MESSAGES.

THE ISLAND OF YAP.

WASHINGTON, Dec. 12. The text of the treaty between America and Japan, covering an agreement regarding the status of the island of Yap, made public to-night, declares that United States shall have free access to the island for the purpose of cable communication in everything that relates to the Yap-Guam cable, or to any other cable which American interests may desire to lay there in the future. The treaty also makes provision for the protection of American property and residents on the island, but has not yet been signed.

NUMEROUS CASUALTIES.

SEATTLE, Dec. 12. Ten persons have been killed, numbers injured, and heavy property damage done by railway accidents and landslides, caused by the worst floods Western Washington has known in years. Heavy rains, starting Saturday, and continuing to the present, have sent rivers out of their banks, washed away bridges, torn through railway embankments, and interrupted railway and wire communication in many districts.

MOST MOMENTOUS WEEK.

MELBOURNE, Dec. 12. Australian newspapers welcome the Four Power Treaty in the Pacific. Premier Hughes says "the Treaty is a magnificent achievement and it is specially significant for Australia. It ensures our security. Irish settlement and the Pacific Treaty make this week one of the most momentous in the history of civilization."

GRAVE SITUATION.

LONDON, Dec. 13. Reports from India show that the situation there daily increases in gravity. Over six hundred non-cooperators are now in prison. During the last few days a number of agitators have been arrested. At Allahabad, where the Prince of Wales visited yesterday, he was almost completely boycotted.

ECCLASIASTICS WILL VOTE AS A UNIT.

DUBLIN, Dec. 13. Cardinal Logue, Primate of Ireland, and the Bishops of every Diocese convened here to-day for a meeting, at which it was expected they would make some expression regarding the Irish Peace Treaty. The general belief is that they will vote overwhelmingly, and possibly unanimously in favor of the Treaty. Such a vote by the Catholic hierarchy would give a powerful impetus to the movement for ratification by Dail Eireann, which meets to-morrow for action on the Treaty.

ULSTER DISSENTED.

LONDON, Dec. 13. Notwithstanding the revulsion of feeling in Ulster against Great Britain, the great majority of people are against being under a Dublin Parliament, says the Belfast correspondent of Morning Post. The business community and people generally the correspondent says, are "smarting under sense of irreparable injury," to a degree not experienced for a period of 150 years. The toast to the King has been expunged from programs of impending functions as was done at several gatherings Saturday, and the correspondent adds that this is symptomatic of a grave change in the temper of the people.

ECONOMIC CONFERENCE.

LONDON, Dec. 13. Rumors of the possibility of an International Economic Conference in Washington which have been current here during the last few days are the subject of comment in London morning newspapers to-day.

ELECTION WAGERS: Betting is brisk along the street on the favorites in the Municipality contest, and wagers are being freely made that a well-known Commission Merchant of the East End will outvote any one other aspirant that might be named.

A charge of cruelty brought the police to the Elks' Hall last evening, where they discovered Profs. Hutton and King beating time for the Quaker Girl. It's a wonderful opera.

The Humber Proposition

LAI D BEFORE GOVERNMENT. A communication from the Reid Newfoundland Company asking consideration of matters in connection with the exploration of the Humber areas and Deer Lake water power, was received yesterday by the Deputy Colonial Secretary. A copy of this communication has been submitted to each member of Committee of Council for consideration at their leisure. If they think the proposition feasible the matter will be considered by the Executive Council as a whole, and every detail will be minutely examined.
